Logan will vote with Ogden in the state capitol fight. The fourth largest city in the state favors this city in the contest. Cache county is reminded that when an effort was made to destroy the agricultural college, Weber county stood solidly for the metropolis of the north end of the state.

Country Utah says Salt Lake has been unduly favored. Selfishness of the capital city has caused the smaller cities to turn against the monopolists. Ogden's chances of winning grow brighter as reports from over the state are received.

Miner kills himself. A miner in the Cache county mines shot himself through the head with a revolver. The cause of the tragedy is not known.

No train service yet. The Utah Southern railway has suspended its passenger service between Ogden and Salt Lake City. Supplies are being transported by wagon trains.

Senator Bristow loses. Senator Bristow has lost his bid for re-election to the Utah legislature. He received only a minority of the votes.

Youth refuses to reveal his identity. A young man who was arrested for a crime has refused to reveal his name. He is being held in custody.

He is offered parole if he will give references. A man who has been in prison for a long time is being offered parole. He must provide references.

But he says shielding his sister from knowledge of his disgrace is more to him than liberty. A man who has been disgraced by a crime says he would rather stay in prison than reveal his name.

BOWMAN FREES SURE THING MEN

Bill Newton Gives Further Evidence of Mysterious Power in Police Court.

Salt Lake, May 27.—If Justice is not blind, as has been often asserted, she is at least winked an indulgent eye yesterday afternoon in the criminal branch of the city court, commonly called police court.

Two alleged pickpockets, B. Edwards and James Kelly, declared by the police to be professional thieves, were picked up while operating at the race track on Tuesday. They were

charged with vagrancy, spent a night in jail and appeared for hearing. Meantime their "legal representative," one Attorney Newton, was working overtime. No complainant appeared in court, there was no detective or other representative of the police department. Attorney Newton had been in consultation with numerous persons. He held a whispered conversation with the prosecutor. Then he arose and with all the dignity of his profession addressed the court.

"I move that these two defendants be released on their personal recognizance, to return here tomorrow afternoon at 2 o'clock and have sentence fixed."

The court gazed down at the prosecutor. He remained silent. Then the court spoke.

"The defendants are released on their personal recognizance, and sentence will be fixed tomorrow afternoon, at 2 o'clock."

All of which means that the defendants are placed under no bond and by this proceeding are permitted their liberty and the opportunity of leaving the city. They slouched after their attorney and out of the court room. They are seen no more; they do not appear on the following afternoon at 2 o'clock and no necessary formal entries on the docket by the court clerk the case is ended. Such is the proceeding accomplished with the aid of a "legal representative" in the case of two alleged professional thieves.

Nearly all the six inmates of Gallagher's home, including Gallagher, were thrown down by the shock, Warner said. He denied that he had seen any member of the Gallagher household in the yard before the explosion occurred, but declared he had never told any person to the contrary. The testimony in the whole was directly contradictory of that given by Luther Brown, who said his informant had told him that the explosion was arranged to create sympathy for Gallagher.

INSANE MAN SAYS HE WILL BLOW UP BANK

HE ESCAPED FROM AGNEWS ASYLUM SEVERAL DAYS AGO.

Gives Bank Employees Big Fright, but When Taken by Police Is Found to Be Unarmed.

Redwood City, Cal., May 27.—John Poole, who escaped from the Agnews insane asylum several days ago and for whom the authorities have been searching, fearing momentarily to hear of some deed of violence, tried to hold up the officials and employees of the National Bank of Redwood City yesterday.

Suddenly confronting the assistant cashier, Frank Towne, Poole declared that unless \$50,000 were delivered to him at once he would hurl a dynamite bomb, which would destroy the whole building. Customers and clerks scattered in all directions. Cashier L. P. Behrens argued with the man until officers could be summoned. When searched, the prisoner proved to be unarmed.

THREE THOUSAND SCHOLARS IN LONDON

ATTEND SEVENTH CONGRESS OF APPLIED CHEMISTRY.

Next Meeting of Association May Be Held at Washington—Scientific Subjects Discussed.

London, May 27.—More than three thousand scholars of international repute are in London to attend the seventh International Congress of Applied Chemistry, which was formally opened here today. This congress is larger numerically than any previous similar gathering held in London, and it comprises the most famous men in chemical research and manufacture of two hemispheres, big results are expected. The real work of the conference will begin tomorrow. The delegates will be divided into seven main sections which will meet at various scientific centers, under the chairmanship of American and European specialists for the discussion of various scientific subjects.

An invitational, sent by America through Dr. Harvey W. Wiley, of Washington, to hold the next congress at Washington, appears certain of acceptance. The German, Italian and French delegates already have announced their intention of support, and a motion of acceptance and no objection has come from any source.

IDAHO FALLS WINS AGAIN.

Occidentals Lose Out for Third Time Against Jack Nevess' Bunch.

Idaho Falls, Idaho, May 27.—Idaho Falls, 11; Occidentals, 4. This was today's score on the local diamond.

Again Jack Nevess' Irigators demonstrated that high altitude and good alfalfa scent in the air, coupled with consistent practice, goes a long way in perfecting ball players. The local boys' team work was magnificent. They bunt and knock a home run into the crowd and demanded it, and, in fact, from beginning to end they played ball as it should be played. One of the prettiest features of the games, and, in fact, the first time it occurred on the local diamond, was when Harmon knocked a home run by landing the ball over the far field fence. The colored boys played hard and willingly, but the cause was a lost one.

Today's game is the third successive one that Idaho Falls has won from the colored lads. Captain "Fat" Hicks' head work was of much use to the home lads. Batteries, Chaugen and Harmon for the Occidentals; Um-pire, Kessler. Attendance, 700.

Bill Newton Gives Further Evidence of Mysterious Power in Police Court.

Salt Lake, May 27.—If Justice is not blind, as has been often asserted, she is at least winked an indulgent eye yesterday afternoon in the criminal branch of the city court, commonly called police court.

This is the way it happened yesterday in the court room of Judge Bowman.

Two alleged pickpockets, B. Edwards and James Kelly, declared by the police to be professional thieves, were picked up while operating at the race track on Tuesday. They were

charged with vagrancy, spent a night in jail and appeared for hearing. Meantime their "legal representative," one Attorney Newton, was working overtime. WESTON NOW IN DENVER

Pedestrian Has Covered 2,479 Miles in Sixty-three Days

Denver, May 27.—Sixty-three days out of New York, Edward Payson Weston, the veteran pedestrian, arrived in Denver about 9:45 this morning, having covered 2,479 miles of his journey from coast to coast.

Weston stayed last night at Aurora, eight miles from Denver. All the way down the fashionable residence street, Colfax avenue, and down Sixteenth street, through the business district, Weston was accompanied by scores of pedestrians and cheered by the crowds that lined the curbing. Weston smiled and bowed occasionally, but kept up his steady grind, until he had reached a downtown newspaper office, from the balcony of which he made a brief address. He said he was now two and a half days ahead of his schedule.

Weston expects to spend tonight at Brighton, twenty miles north of Denver, and tomorrow he will resume his journey to the coast, going via Cheyenne and following the Union Pacific railroad tracks across Wyoming.

CLOSING QUOTATIONS OF WORLD'S MARKETS

LITTLE CHANGE IN PRICES AT OPENING OF MARKET

New York, May 27.—There were more stocks which sold unchanged today than those that advanced or declined. The changes were small and mixed. Western Maryland and American Car preferred declined 1/4. Buying orders became more numerous, but there was no demand of consequence for the leading stocks outside of Reading, which reached 355. Some of the railroad equipment stocks were in demand, and a few of the low priced stocks also showed decided firmness. National Lead preferred advanced 1/4. Delaware and Hudson 1/4 and Wabash preferred, Western Maryland and American Car 1. National Railways of Mexico first preferred declined 1/4. Strength in the Gould group wakened slight response in the general list. St. Louis Southwestern preferred was marked up 1/4. Wabash preferred and Reading 1/4. American Electric 1. St. Louis & San Francisco second preferred declined 1/4. Bonds were firm.
