AMERICAN BANKERS MAY MAKE CHINESE LOAN.

Washington, June 16.—Events are so shaping themselves in the matter of the proposed loan of \$27,500,000 on the Hankow-Sze Chuen Chinese railway as to make the state department hopeful that the American group of bankers anxious to participate will be allowed to do so.

Today a cablegram came to the department saying that the agents of the European bankers at Pekin had advised their principals to permit the New York bankers to join, and a dispatch from Berlin caused the officials to state that the administration was much gratified at the cordial reception which the German government had given to the proposals for American participation.

Meantime the rights of the American government are being impressed on the Chinese foreign office and the hope is expressed that no steps will be taken that will interfere with what the Washington government regards as an undeniable right to American financial interests.

DIABETES

It was not easy for us to believe that Diabetes is curable, but the first case we came in personal touch with was astonishingly convincing.

We were considering the purchase of Fulton's Compound and were looking for cases to try them out on. One of our number knew Charles A. Newton, the Yardmaster of the S. P. R. Co. at Sacramento—a very worthy man. He also knew that Newton had Diabetes and was in a hospital in the Capitol City, and that his recovery seemed impossible when he last heard from him. A letter was written to Newton that Fulton claimed his Diabetes Compound cured Diabetes and that we wanted to know from OUR friends if this was so, and that if he (Newton) would take it that we would send him a supply of it. Newton replied to the effect that some four or five months before we wrote him he had heard about the compound, had taken it, that the sugar was nearly out and he was almost well. His complete recovery followed, and he told an S. P. Engineer who had Diabetes and he recovered.

We also saw Gen. Theo. Reichert of San Francisco go on this treatment and get a complete recovery after physicians had declared that the case was hopeless. Gen. Reichert is a 33rd degree Mason and is one of San Francisco's most widely and favorably known citizens.

We have seen hundreds recover since and there is no longer any question about Diabetes in people of middle age and over being curable. For free literature, address John J. Fulton Co., 5910 San Pablo Avenue, Oakland, Cal.

Fulton's Diabetes Compound can be had of our agent in your city.

We desire all patients to write us who are not noting the usual improvement by the third week. Wm. Driver & Son Drug Co.

SALT LAKE AND STATE NEWS

UTAH AT SEATTLE.

Salt Lake, June 16.—George D. Pyper returned this morning from a trip to Seattle, where he went on business connected with the L. D. S. church quota to the Smithsonian exhibit at the A-Y-P exposition.

Mr. Pyper states that the average attendance at the fair to date has been 30,000 daily, and if but 25,000 people pass the turnstiles each day those who have invested their money in the big exposition will get 100 per cent on their capital. The railroad depots at Seattle, he says, are crowded and the big hustling city of 300,000 souls is enjoying an epoch of prosperity.

The fair is practically complete, and this week the Utah exhibit will be thrown open to the public. Already the trophies won heretofore for fruit and farm products are attracting considerable attention. Mr. Rowe and his force are working energetically and when Mr. Pyper left Seattle, they affirmed that the Utah exhibit would all be in place this week and the building completed. The big models of the temple and tabernacle, which are part of the Smithsonian exhibit, arrived on the grounds with but little damage and have now been overhauled and are as good as when they were exhibited here prior to shipment. They are, says Mr. Pyper, one of the centers of attraction.

After leaving the Puget sound district Mr. Pyper visited Portland just in time to take in the closing days of the big flower festival. All along the line, he says, great interest is being taken in the coming of the Tabernacle choir and both the fair officials and the Portland amusement promoters declare that the famous organization of singers will be a big drawing feature.

COLORADO COMING STRONG.

Salt Lake, June 16.—Major S. K. Hooper, general passenger agent of the Denver & Rio Grande, in addressing a letter to Col. F. M. Sterrett, executive director of the G. A. R. encampment, introducing Gen. John W. Wingate, writes as follows: "The general is in Salt Lake City for the purpose of securing accommodations for the Colorado delegation, and we are working together with a view of having Colorado send the largest representation to Utah of any department in the Union. To that end, I have arranged, as the general will explain to you, a special train to arrive in Salt Lake City about 2-30 in the afternoon of August 8, taking passengers from every point in the state at the most convenient junction, which of itself will make a special effort to get good locations for the comrades of her sister state, Colorado."

FINE FRY SECURED.

Salt Lake, June 16.—Fred W. Chambers, state fish and game commissioner, returned from Fish Lake this morning with 1,000,000 fish eggs which will be planted today in the hatchery at Murray. This is the finest lot that has ever been secured there, Mr. Chambers says. While at Fish Lake Chambers investigated the complaints that the hatchery laws were being investigated in Grass Valley, Sevier county. With his deputy, Byron Fanchett, he made a trip into the valley and as a result William Deleuw and Otto Cloward were arrested and convicted. They were each fined \$25 and costs, which they paid. A general warning was sent out through the county that any violations would be prosecuted.

ARCHIE THOMAS RUN DOWN BY D. & R. G. TRAIN AT LEHI

Lehi, Utah Co., June 16.—At 5-25 this morning the eastbound D. & R. G. freight train ran down Archie Thomas, severing his right arm and fracturing his skull. The accident occurred two blocks south of the Lehi depot. Thomas was a miner, 35 years of age and unmarried. His father, who died some years ago, was Joseph Thomas, ex-city marshal of Lehi and a prominent citizen of the early days. The young man is at his mother's house and is not expected to live.

APRICOT TREES DYING.

Brigham, June 16.—A new disease unknown to the orchardists here is affecting the apricot trees in this vicinity.

ity. One fruit grower, who has a plot of sixty apricot trees in his orchard, has lost fifteen trees. Others are suffering similar losses, and the trouble is not confined to one certain locality. Some of the diseased trees were pulled up to examine the roots, but they were apparently in a healthy condition. The matter was reported to the agricultural college at Logan and several of the horticultural professors came over the other day to ascertain the trouble. A careful investigation was made. In a letter Professor Northrup of the A. C. U., stated that in his opinion the trouble was due to the conditions of the weather. The professor was over here, but thought the trees had leafed out early and then been bitten by the frosts, causing them to die, as tree sin Cache county had died under similar circumstances.

Ernest P. Horsley has received the appointment of clerk of the board of education of Box Elder county, succeeding H. W. Valentine, who was recently made superintendent of schools. Mr. Horsley is a member of the firm of William Horsley & Sons, and is well qualified to fill the position.

The mountain streams in the vicinity of Brigham were lined with anglers yesterday morning. Box Elder creek was the center of attraction. The fishing was very good, considering the high water, and some of the boys landed as high as forty fine mountain trout in an hour or two.

FUNERAL SERVICES FOR MRS. MARGARET MANNING

The funeral of Mrs. Margaret Manning, who died Saturday at her home in Hooper, was held in the Hooper meeting house at 1 o'clock yesterday, Bishop W. W. Child presiding. The services were largely attended, the meeting house being taxed to its utmost capacity. The hall was decorated in white and the floral offerings were both numerous and beautiful. Music was rendered by the ward choir and solos by Mrs. Lizzie Thomas Edwards of Salt Lake.

The speakers were President A. M. Cannon and Elder George A. Lambert of Salt Lake; Bishop Henry Blood and Patriarch William Blood of Kaysville; Mrs. Belnap Child Parker, James R. Beus and Bishop Child of Hooper. All spoke of the noble character of their departed sister and of the good and useful life devoted to acts of charity in her community and extending over a period of more than twenty-five years. The benediction was pronounced by J. L. Hart and interment was made in the Hooper cemetery. The funeral cortege was more than half a mile long.
