Our fall millinery opening, Sept. 17 & 18. Driggs Millinery, 2350 Wash.

Racing Ends—Racing at the Ogden track has been temporarily suspended to give the horsemen an opportunity to attend the opening of the race meet in Salt Lake and also attend the Salt Lake fair, with their ponies. This is in accordance with previous arrangements with the people of Zion. Just when the racing on the Ogden track will be reopened has not yet been definitely determined. Nearly all the racers were shipped from the city last night and this morning.

Mansfield & Burrows, 2470 Washington Ave., announce their Fall Opening for Tuesday and Wednesday, Sept. 21 and 22.

Fall millinery opening Monday and Tuesday, Sept. 20, La Mode Millinery, 339 24th.

Monday First Big Silk Sale of the Year Begins

BEGINNING at nine o'clock Monday morning, the first real important silk sale of this year begins. The goods to be sold is a lot comprising 5,000 yards which have just arrived and are, therefore, crisp new styles, which represent the very newest ideas recently developed by silk manufacturers. This large Stock will be displayed on our counters Monday morning, and the sale will continue as long as the lot lasts.

One lot consists of beautiful fancy weaves, in the new Ombre and pencil stripes, in all the very latest shades, such as Wisteria, Rose, Ashes of Roses, New Blues, Artichoke, New Reds, Blacks, White, etc., and are soft, lustrous materials suitable for afternoon and evening gowns. The regular price of silks of this kind is \$1.00 and \$1.25 a yard. During this sale we are offering any piece in the lot for

58c

Another lot consists of a line of the new satin cords, which is one of the newest creations of the season. These silks are in all the new shades, and are excellent quality, suitable for suits, shirt waists, children's dresses, etc., silks which have a very high, bright finish and are really worth twice what we ask for them. While the lot lasts the price will be just

CANAL COMPANY TO SPEND \$550,000

Nearly Ten Miles of Canal to Be Concreted, Power Plant to Be Erected and Reservoir to Be Enlarged—Davis and Weber Counties Canal Company Directors Start a Big Undertaking.

The board of directors of the Davis & Weber Counties Canal company, at a meeting in J. C. Nye's office Friday afternoon, decided in favor of expending \$550,000 in concreting the company's canal from east of Uintah to the terminus on the Sand Ridge, a distance of 9.46 miles, the raising of the reservoir in East Canyon 30 feet and the building of a power plant at the Ritter farm, five miles south of Ogden, where 5,000 horsepower will be generated.

The concreting of the present canal calls for an expenditure of \$225,000, the work on which is to commence October 1. Part of this aqueduct will be reinforced and all of it will be of a most substantial nature.

It is understood that 2,000 horsepower has been contracted for by the

Bamberger road, and the balance of the power will be distributed south of Kaysville, although a large local industry has offered to take 1,000 horsepower.

The money for the enlarging of the canal will be raised by increasing the stock by the issue of 4,000 shares of common, at \$50 a share, to be participated in, at their option, pro rata by present stockholders. Later the option is to be given to make this stock preferred by exchanging two shares for one of the preferred.

Then the entire system will be bonded for \$350,000. On this the stockholders are yet to act, but it is generally understood that the directors are backed in this move without a dissenting vote.

The whole project is one of vast importance to Ogden and vicinity.

MAN NEARLY BEATEN TO DEATH

With his head battered almost to a jelly and his face covered with blood, Charles Lassin was taken to the hospital by Sheriff Wilson at 2 o'clock this afternoon. There seems to be but little chance for his recovery.

The sheriff's office was advised by employees at the Rio Grande round house, soon after noon, that a man had been discovered nearby, lying in a pool of blood and it looked as though he had been beaten nearly to death by some one. Officers with the patrol wagon were dispatched to the place, where they found Lassin in an unconscious condition. He was conveyed to the sheriff's office where a brief examination of his wounds disclosed the fact that an immediate operation was imperative if the man's life was to be saved. Consequently he was hurried to the hospital.

The examination of the injuries showed that Lassin had been beaten over the head with some kind of blunt instrument. His skull was broken in on the top of the head, his face and body badly mutilated and cut up and a number of minor bruises and scalp wounds were found about the head. He was semi-conscious while at the

sheriff's office and succeeded in telling the officers that his name is Lassin and that his father, Nelson Lassin, resides at the town of Waukegon, Michigan.

He said that he came to Ogden a day or two ago in company with a man he met at Evanston and that he had befriended the fellow by fitting him out with new clothes and paying for his meals at the restaurant. At about the noon hour he and his companion took a walk into the railroad yards where they were met by a third party. The two men, Lassin said, demanded his money and because he refused to give it to them they pounced upon him and beat him with rocks and clubs until he was insensible. He says he had \$180 in cash in his shoe, which the men took with them. He gives a good description of the two men, and, he having been with one of them for a day or two, it is thought there will not be much difficulty in tracing the fellows. The officers have surrounded the depot yards and are making every possible effort to get the men.

FREE LECTURE.

First Church of Christ Scientist in Ogden announces a free lecture on Christian Science by Frank H. Leonard of Brooklyn, N. Y. Member of the Board of Lectureship of the Mother Church, the First Church of Christ, Scientist, in Boston, Mass. on Monday evening, Sept. 20th, at 8 o'clock, in Weber Academy lecture hall. The public is cordially invited.

TAFT ENTERTAINMENT COMMITTEES MEET

All the committees appointed to take part in arranging for entertaining President Taft in Ogden, are called to meet at the Weber club tonight at 8 o'clock sharp, when final and definite arrangements will be decided upon.

The committees appointed for the occasion are as follows:
Arrangements: A. L. Brewer, I. L. Clark, A. T. Wright, J. A. Howell, Joseph Scowcroft, F. J. Kiesel, John Finckle, William Glasman and John M. Browning.

WHITNEY IS TO REMAIN IN OGDEN

UNION PACIFIC HEADQUARTERS ARE NOT TO BE MOVED.

Assistant Superintendent Located at Green River, But Force in Ogden to Be Increased.

The report in circulation during the past few days to the effect that headquarters for the Utah division of the Union Pacific road would be removed from Ogden to Green River, is absolutely without foundation in fact. A new depot and office building is being erected at Green River and it will be a handsome and attractive structure. The first floor will be used as a ticket office, baggage and express rooms, waiting rooms and the like, and the second floor will be cut up into offices for the train dispatchers, roadmasters and district officials, with three large rooms for Assistant Superintendent Levers.

Superintendent William A. Whitney and his staff will remain in Ogden, where they occupy eight offices on the second floor of the Union passenger depot.

As soon as additional room is available, the division staff at Ogden will be enlarged so as to bring into headquarters several prominent division officers who are now located at various points between this city and Rawlins.

Ogden is the natural location for the more prominent officials of the western division of the Union Pacific, and Superintendent Whitney and his personal staff have become popular and permanent factors in local railroad circles.

PROSPERITY NOTED BY SEC. WILSON

Washington, Sept. 17.—"The average laborer is today living better than Queen Elizabeth did in her time," said James Wilson, secretary of agriculture today upon his return from a month's vacation on his Iowa farm. He was discussing the prosperous farmers of the West and the high wages of the workman in the East.

"Take the meat bills of the laborers in Washington today," he continued. "You will find that they eat meat three times a day and they want the best cuts. As a result the price of meat is away up. While the farmers are producing more beef every year, they are not producing enough to meet the increase in population. I don't look for the prices to drop materially soon."

The secretary was asked if the western farmers were really investing

To Our Patrons

We wish to announce our Fall Opening to take place on Monday and Tuesday, Sept. 21 and 22.

We have endeavored to procure the most complete stock shown in any house in the city, and we confidently believe that after inspection your verdict will bear us out.

We anticipate and will welcome an opportunity to further interest you.

Most cordially,

The Leader Millinery

Mrs. S. E. Lyon Pope, Prop.

2351 Washington Ave.

such large sums of money in automobiles.

"There is too much truth in those reports," he responded. "The farmer is out of debt; he has paid for his farm, his fences and his machinery. He has money in his pockets and big crops continue to come on. He is afraid to invest in eastern securities, lest a year might bring trouble there. As a result, he puts his money in luxuries, instead of channels that might give a return. Why, folks, in the east don't know what luxuries are; they must go west to find that out."

The secretary was asked if the western farmers were really investing

BANKERS FAVOR A CENTRAL BANK

Chicago, Sept. 17.—The thirty-fifth annual convention of the American Bankers' association today adjourned after selecting Los Angeles as the place for the next meeting, to be held between October 15 and November 15, the exact time not being fixed.

The conference practically unanimously condemns postal savings banks and legislation guaranteeing bank deposits.

A central bank for the entire country was approved by many bankers.

Blood Poisoned—County Commissioner Oscar E. Madison is suffering from blood poisoning which started in a finger of the left hand. Just how the poisoning got into the finger is rather mystifying to Mr. Madison and the physicians. There were no signs of an abrasion or bruise about the infected part, but the blood has been poisoned just the same. The doctor thinks it likely that the finger was

poisoned from a germ that might have found its way into the finger through the papilla of the hair at the point of infection. No serious results are anticipated, but Mr. Madison is compelled to carry his arm in a sling.

Grading County Road—The work of grading the highway between Ogden and Riverdale is progressing, quite a long distance of the road being ready for macadamizing. The county commissioner, Childs, is anxious that Ogden city macadamize the road so that a good road may soon be completed to the Davis county line.
