ST. PAUL IN MOURNING

Ly of Gov. Johnson is transported for Burial in St. Peter

St. Paul, Sept. 23.—In keeping with the dignity of the office he filled as governor of Minnesota and to the accompaniment of tolling bells, the body of John A. Johnson was escorted from the grounds of the state capitol today with military pomp to the train which was to carry it to St. Peter, Minn., its last resting place. Promptly at 9:15 o'clock the pall bearers, F. A. Day, F. B. Lynch, T. D. O'Brien, E. T. Young, A. T. Weiss and J. C. Wise, carried the casket to the house through a double line of honorary pall bearers composed of ex-governors L. E. Hubbard, John Lind, S. R. Van Sant and Knute Nelson and Governor Eberhart, Chief Justice Start, Governor John Burke of North Dakota and President Cyrus Northrup.

and, lastly, a large following of citizens. The procession proceeded through the heart of the retail district to the Union station where a special train was waiting. The casket was placed in the baggage car. The private car of Vice President J. T. Clark of the Omaha road, was reserved for Mrs. Johnson, Fred W. Johnson, a brother, and several intimate friends. A car was reserved for the pall bearers, the governor's staff and those known as the "official family." The rest of the train was thrown open for the accommodation of the public and a large number went along to St. Peter.

While the procession was passing through the streets, business was practically suspended. The sidewalks were jammed with a silent throng. The funeral train was due to arrive at 12:45 o'clock in St. Peter. Services were to be held at the Presbyterian church, where the deceased once was a member of the choir. The interment will be in Green Hill cemetery, beside the body of Governor Johnson's father and mother.

MORE THAN FORTY DEAD IN HURRICANE.

New Orleans, Sept. 23.—At an early hour today the list of known dead who perished in Terre Bonne parish during Monday's hurricane has been swelled to more than forty, and it is believed a score or more will be added to this number. Additional reports of death in other sections of Louisiana are also being received and the toll of human life exacted by the hurricane will count perhaps a hundred people when the final count has been made.

JULIUS KRUTTSCHNITT MEETS HIS FAMILY HERE

Mrs. Kruttschnitt Returning From the Pacific Coast—Vice President Goes Back to Salt Lake.

Vice President Kruttschnitt of the Harriman lines converging at Ogden arrived from Salt Lake in his private car this afternoon to meet Mrs. Kruttschnitt and the family who arrived from the Pacific coast on the eastbound Overland Limited. Mr. Kruttschnitt and his family then returned to the capital city to allow the vice president of the Harriman system to confer with prominent Harriman officials and to take part in the Interstate-Commerce Commission proceedings now in progress. As soon as this investigation has been completed Mr. Kruttschnitt and his family will return to Chicago.

M'CANN IS A CRAFTER

Chicago Police Inspector Is Found Guilty by a Jury.

Chicago, Sept. 23.—Police Inspector Edward McCann, charged with "grafting" was found guilty by a jury which reported in Judge Barnes' court today. Sentence was not pronounced, and will not be until after the hearing of arguments for a new trial. The law provides an indeterminate sentence in prison. The charges against the inspector in charge of the Desplaines street district were the most sensational which have been aimed against a police official in years. States Attorney Wayman charged that "graft" aggregating many thousands of dollars had been collected from disorderly houses in return for protection. The chief witness against McCann was Louis Frank, a Russian immigrant, who, although unable to read or write, has accumulated a fortune of several hundred thousand dollars in the west side tenderloin. He and his brother Julius, for years have exercised a marked power in west side politics. Louis Frank testified that he collected the "protection" money from thousands of the first-class saloons and collections he stated on the witness stand, were paid to Detective Jeremiah H. Griffin, who, he said, acted as agent for McCann. Thereafter, he declared, that he had given the money to McCann in person. The rate for "protection" was said to be \$40 a month. Several checks, each dated a month apart, and calling for that sum, were exhibited in court. A list of women from whom it was charged "protection" money was regularly collected, was read in court and identified by both Lewis and Julius Frank.

McCann's defense was that he had suppressed and regulated vice in his district with no rigorous a hand that a conspiracy headed by Louis Frank was formed against him. The jury went out at 5:23 o'clock last night and reached a verdict at 1:30 this morning. It was sealed and returned to the court at the opening of court today. Inspector McCann came to this country from Scotland. He was at first a miner, but twenty years ago joined the Chicago police department as a patrolman. By degrees he advanced, until three years ago he was made an inspector and placed in charge of the district west of the river.

ALDRICH IN PARIS.

Paris, Sept. 23.—Senator Nelson W. Aldrich and Prof. A. P. Andrew, members of the United States monetary commission are in Paris, conferring with M. Pallain, governor of the Bank of France, and other distinguished financiers and economists. Senator Aldrich today declined to make any statement concerning the committee's recommendations or to comment on President Taft's pronouncement in favor of a central bank. The commissioner will go to London before returning to America.

INTERNAL REVENUE INCREASES.

Washington, Sept. 23.—The revenues of the government from internal commerce are gaining steadily. The reports to the treasury department show that since the close of the fiscal year on June 30 last, the total receipts from internal revenue have been \$56,992,619, an increase of \$2,171,524 over the corresponding period in 1908. The total receipts from internal revenue during the month of September up to and including Monday were \$14,897,534, an increase of \$598,487 over the same period in 1908.

WAS ATTORNEY GENERAL UNDER PRESIDENT GRANT.

Portland, Sept. 23.—George H. Williams, attorney general of the United States during Grant's second administration, and who has held many positions of trust both in the national and state government, tonight was taken to the hospital. His condition is serious. General Williams, who is eighty-six years old, has been in feeble health about a year.

BUCKETSHOP MEN ARRESTED.

St. Louis, Sept. 23.—Four men charged in grand jury indictments with maintaining bucketshops were arrested today on bench warrants, and a fifth, Frank J. Miner, made his appearance in court and gave bond. The men arrested are George L. Harris, Charles F. Lightner, Antonio J. Chenter and William F. Ryan. Other indictments are expected.

DOCTORS ARE REGAINING STRENGTH

DR. EZRA RICH SUFFERED THE SEVEREST INJURY.

Dr. Fred Stauffer Is Moved to Salt Lake—Mrs. MacCarty Pleaded With Ogden People.

The doctors who were the victims of a serious accident in the canyon Tuesday night are reported much improved today. Dr. Joyce was out riding early this morning. He stated that he received a good shaking up by virtue of the tumbling about of that automobile, but that he had not been badly injured.

Dr. Fred Stauffer was removed to his home in Salt Lake yesterday, and it is reported from his office there that he is getting along nicely. It is said, where he expects to remain for a week longer. He spent a good night and stated this morning that he could almost bear the weight of his body on the injured leg. It is expected that he will be able to do light office work within the next ten days.

Dr. W. C. MacCarty of Rochester, Minnesota, spent a restless night, but is reported by his wife today as being in an improved condition. Mrs. MacCarty could not form an opinion as to when she and her husband will be able to continue their journey to the east, but it will in all probability be a couple of weeks. The doctor has not yet been permitted to move in bed, because of the nature of his injuries.

The doctors state that a dislocated hip joint is a delicate injury to handle and that the patient must remain quiet and that the patient must remain quiet and completely held in the hip socket. "We started for the fair at Seattle," said Mr. McCarty this morning, "but it is now very uncertain as to whether we shall go that far. It is more than likely that we will not go farther than the ranch of the doctor's brother in Idaho. We are thankful that the doctors who were in the accident are alive, so much so that we almost lose sight of the extent of the injuries sustained. The people here are good and kind to us here that we hardly know how to express our appreciation. The doctor could not have better treatment and care were we at home. I shall never forget the kindness of the people in Ogden."

Mrs. Dr. Condon states that Dr. Condon spent a comparatively comfortable night and is feeling first rate today. The soreness is leaving the injured ribs and there is no reason to apprehend serious results. It will be a number of days, however, before Dr. Condon will be able to move about.

DUTY ON VELVETS.

Washington, Sept. 23.—The acting secretary of the treasury has notified the collector of customs of New York that velvets will be taxed under the new tariff law, when weighing less than five and three-quarter ounces per square yard, are dutiable at \$1.50 a pound, whether the filling is of silk, part cotton or cotton, and that weighing less than five and three-quarter ounces per square yard and not less than four ounces per square yard is dutiable at \$2 per pound, if the filling is all cotton, and at \$2.75 per pound if the filling is not all cotton.

AMERICAN MINING MAN MEETS DEATH.

DIABETES

It was not easy for us to believe that Diabetes is curable, but the first case we came in personal touch with was astonishingly convincing. We were considering the purchase of Fulton's Compound and were looking for cases to try them out on. One of our number, near Charles A. Newton, the yardmaster of the S. P. R. R. Co. at Sacramento—a very worthy man. He also knew that Newton had diabetes and was in a hospital in the Capitol City, and that his recovery seemed impossible when he last heard from him. A letter was written to Newton that Fulton claimed his Diabetes Compound cured Diabetes and that we wanted to know from our friends if this was so, and that if he (Newton) would take it that we would send him a supply of it. Newton replied to the effect that some four or five months before we wrote him he had heard about the compound, had taken it, that the sugar was nearly out and he was almost well. His complete recovery followed, and he told an S. P. Engineer who had Diabetes and he recovered.

We also saw Gen. Theo. Reichert of San Francisco go on this treatment and get a complete recovery after physicians had declared that the case was hopeless. Gen. Reichert is a 33rd degree Mason and is one of San Francisco's most widely and favorably known citizens. We have seen hundreds recover since and there is no longer any question about Diabetes in people of middle age and over being cured. For free literature, address John J. Fulton Co., 5910 San Pablo Avenue, Oakland, Cal. Fulton's Compound can be had of our agent in your city. We desire all patients to write us who are not noting the usual improvement by the third week. NEGRO MADE A RAID ON CHINESE LAUNDRY

The police court matinee was brief and free from anything sensational. W. H. Kline and Wm. Welch were each fined five dollars or serve five days in the city jail for drunkenness. Charles Smith and George Robinson, colored, were arraigned before the court on the charge of stealing a couple of shirts from a Chinese laundry on Lincoln avenue. They were arrested by Deputy Sheriff Naylin early this morning on Wall avenue. The evidence given was to the effect that Smith had taken clothing to the laundry and that, when he called for it, the Chinaman claimed that he had none there. Smith told the court that he was determined to have his laundry and when the laundryman refused to give it to him he grabbed a couple of shirts and ran away with them, and that afterwards gave one of them to his friend Robinson who was with him. The court sentenced Smith to five days or \$5 and Robinson to a fine of \$1 and costs of court.

CONDITION OF THE TREASURY.

Washington, Sept. 23.—Condition of the treasury at the beginning of business today follows:

TRUST FUNDS.
Gold coin, \$863,351,869
Silver dollars, \$184,204,000
Silver dollars of 1890, \$1,090,000
Silver certificates outstanding, \$484,204,000.

GENERAL FUND.
Standard silver dollars in general fund, \$6,723,634.
Current liabilities, \$96,168,388.
Working balance in treasury offices, \$27,825,986.
In banks to credit of treasurer of United States, \$38,444,100.
Subsidiary silver coin, \$23,068,126.
Minor coins, \$2,085,607.
Total balance in general fund, \$92,747,113.

SUED FOR SODA WATER.

In the civil division of the Municipal court this morning the Western Bottling company commenced suit against H. E. Baker to recover the sum of \$98.25 alleged to be due for goods sold the defendant.

MARRIAGE LICENSES.

Marriage licenses—Marriage licenses were issued this morning to Charles A. Meyers and Viola Okerman.

ASSOCIATED FRATERNITIES FIX THE REPRESENTATION.

Omaha, Sept. 23.—By a unanimous vote the Associated Fraternities of America decided today to change the constitution so that the larger societies will have five delegates and the smaller from five down, according to the number of members. The action of today is important because the joining of the Associated Fraternities by the Royal Neighbors and the Modern Woodmen was contingent thereon. The entrance fees were fixed, ranging from \$25 for smaller organizations to \$500 for those with 200,000 members or more.

BOMB FOUND AT MEETING PLACE OF PRESIDENTS.

El Paso, Sept. 23.—A bomb was found tonight in the rear of the customs house at Juarez, Mex., a few feet from the platform which has been erected for the meeting between President Taft and President Diaz October 16. More than thirty arrests were made. Juarez is across the Mexican border.

LARGE GANG UNIONS ARE CALLED UPON

FORCE HAS BEEN INCREASED TO 115 MEN.

Engineer A. Q. Campbell and Foreman Barr left last night for Carlin to begin the erection of a large oil plant at that place for fuel service to Southern Pacific engines on the two western districts of the Salt Lake division. The material for the fuel station is already on the ground and the construction of the plant will require about sixty days. As soon as the work is inaugurated Engineer Campbell will return to Ogden and assume personal direction of the improvement work now in progress in the local yards.

In connection with the latter proposition, fifty Greeks were put to work this morning on track construction under Foreman Dave, making a force of 115 men now employed in that task. The steel rails, angle bars, spikes and the new side tracks will be finished as fast as the work can be done. Foreman Ashton, who has charge of the concrete work for the passenger train tracks, has a force of twenty-five men at work on the concrete curbs and they are showing up nicely on the new track grades.

As soon as the curbs are completed the new tracks will be embedded in cement and concrete walks and platforms will be constructed as fast as possible. Altogether the work is progressing satisfactorily and with the advance of this job will come the foundation for the new freight depot and other buildings already authorized.

LOCAL BREVITIES.

Special Rule Made.—At a special meeting of the board of directors of the Musicians' Protective Union, local 365 A. E. of M. last night it was decided that the members of the union be permitted to offer their services free of charge for the reception of President Taft, if they so desire. As a body, the Ogden City Military band, under the leadership of A. L. Azeo, has offered their services to the committee on arrangements. It is very probable that the other bands of the city will do likewise.

SUGAR BEET CROP.

It is said today that the new electric fountain at the hauled of beets to the Logan factory will begin next Monday and that as soon as there is a sufficient supply at the factory the machinery will be started. It is expected that the factory will open at Logan on October 4th, and it will be only a short time after that that the Lewiston factory will open. The hauling of beets to the home factory has been temporarily suspended to give the beets an opportunity to reach a higher stage of development. The recent wet weather caused those in the ground to grow so rapidly that the saccharine quality was somewhat reduced. The mill is operating in splendid shape.

ELECTRIC FOUNTAIN.

It is hoped by those who have the matter in hand, that the new electric fountain will be in place in City park when the President visits the city next Sunday. Most of the fountain is on the ground and the balance will be here tomorrow or the next day. The work of excavating for the underground electric wires is in progress and, inasmuch as the trench will not be more than eighteen inches deep, it should be finished this afternoon. The concrete arrangement in the center of the fountain is being put in place today. The contractors say they fully expect to have the fountain in operation next Sunday morning.

LEAGUE LEADERS WIN.

Both Detroit and Philadelphia won their games today.

SHERIFF WITH A PRISONER.

Sheriff John Collins of Great Falls, Montana, came in from California this morning with a prisoner under half a dozen aliases, who is wanted in the Montana state for a serious forgery involving about \$1,000. The prisoner was taken north on the afternoon train and will arrive in Great Falls Saturday afternoon. Sheriff Collins was formerly mayor of Great Falls and during his term of office established a reputation for honesty and probity that has carried him up the political ladder ever since. He grows younger with advancing years and in the course of a century or two will be a model of manly beauty.

MARRIAGE LICENSES.

Marriage licenses—Marriage licenses were issued this morning to Charles A. Meyers and Viola Okerman.

NEW DWELLING HOUSES.

A. L. Davis will soon begin the erection of a \$1,700 dwelling house on Hudson avenue between Twenty-ninth and Thirtieth streets. J. T. Ashby has been given permission to erect an \$800 residence on Ogden avenue, between Thirty-fifth and Thirty-sixth streets.

ON YARD WORK

ASKED TO FURNISH A BODY GUARD FOR TAFT.

President Piggott and Other Labor Leaders Will Select 100 Volunteer Officers.

Chief of Police Thomas Browning has called upon President Piggott of the State Federation of Labor, to furnish 100 union men to volunteer as special policemen during the stay of President Taft in the city Sunday. President Piggott has declined to respond to the call and will immediately meet with the heads of the various unions of the city to decide upon the personnel of the special officers.

Tomorrow evening the Union men are to confer with Chief Browning and receive from him final instructions as to what will be expected of them. These men will aid materially in the formation of the cordon of officers to patrol the line of march of the presidential party. This is the first time in the history of presidential visits that the Labor Unions have been recognized by way of acting as a body guard to the chief executive of the nation.
