

U. S. Inspected Meats

When making your purchases at the meat markets, for the protection of yourself and family, see that the meats are from carcasses carrying this stamp.

This stamp is an absolute guarantee by the U. S. Government that the meats are sound, wholesome, clean and free from disease when slaughtered.

You never did hear of a tuberculous beef or cholera hog or any other diseased animal being offered for sale by a U. S. Inspected Establishment BECAUSE AT SUCH ESTABLISHMENTS

THE GOVERNMENT DESTROYS SUCH MEATS

Do you do frequently hear of diseased animals being offered for sale from other sources WHERE THERE IS NO INSPECTION, and only a vanishing fraction of such cases are ever brought to the attention of the public.

Why Take any Chances of Getting Diseased Meats,

endangering the health of yourself and family, when the U. S. Government is appropriating annually \$3,000,000 to protect the public against such meats by maintaining inspection at sanitary plants?

Stop to consider why such sums are annually expended by the U. S. Government!

Inspected meats are natural outgrowth of the more sanitary living.

Watch for the inspection stamp on the carcasses of meats as you enter your meat market.

If You Do Not See the Stamp It Is Time to Change

PIONEER FURRIER DEAD

Moritz Mehesy Dies at Holy Cross Hospital of Injury and Old Age.

Salt Lake, Oct. 23.—Moritz Mehesy, a pioneer in the furrier industry in the intermountain west, is dead. Mr. Mehesy died at the Holy Cross hospital about 1:30 o'clock Thursday afternoon. Death resulted from old age and an injury to one foot, which necessitated the amputation of part of the leg. Mr. Mehesy's age was 80 years.

Mr. Mehesy, who was the father of E. Mehesy of this city, the furrier, was a native of Hungary, learning the furrier trade through many hardships, for there were no railroads in his country in those days. About thirty-eight years ago he came to this country, and in 1889 he came to Utah.

Here he not only became prominent in business, but also promoted and helped to organize the Final Birth, the New York lodge of which he was a member. About ten years ago his health began to fail and he retired from business, going to the home of his son, E. Mehesy, at Long Island, Cal., at which he spent the rest of his life up until six or eight weeks ago when he came to Salt Lake City to take treatment for his injury under his old family physician, Dr. Harry D. Niles, now dead.

Mr. Mehesy leaves a large family of children and grandchildren, the former of whom are as follows: E. Mehesy and Mrs. I. C. Glosz of this city; Mrs. Eitel Kristants and Mrs. Dr. Asan of New York City; Mrs. Kate Newton, London, England; Mrs. Josephine Roth, Montreal, Canada.

His favorite grandchild was Miss Rosemary Glosz, the noted singer and actress, now playing the title role in "The Merry Widow," in the east, with marked success.

CHICAGO WOULD LIKE TO SEE JOHN KLING PLAY

Chicago, Oct. 23.—Ground will soon be broke for a new steel and cement grandstand on the proposed American Association baseball site at Sheffield avenue and Addison street.

The property was bought last spring in the name of Charles Havenor, owner of the Milwaukee American association baseball club. Mr. Havenor acted as agent in the transaction and, although being the majority owner, other association magnates were interested in the deal, among the latter being M. E. Cantillon of the Minneapolis club and his brother Joe, late manager of the Washington team.

Among those well-versed on the affairs of the association magnates, it was said yesterday that the occupancy of the grounds does not necessarily mean an immediate entrance of the league in Chicago. A party, although that it is the ultimate object of the promoters.

The real plan back of the enterprise, it was said yesterday, was to bring John Kling, the former Cub catcher, here from Kansas City to be at the head of a semi-professional team in which case the city league would be re-organized or else enlarged to eight clubs.
