One can save the time lost in fittings, avoid all these disappointments, and at the same time have perfect, merchant-tailored garments, ready to slip on, in Atterbury System Clothes. No merchant tailor can make any better, and if he could make as good he would have to ask nearly double the price.

Atterbury System Clothes are the particular dresser's first and only choice. They are clothes perfection. You will admit this the moment you see a garment on any figure. It will take you only a minute or so to see for yourself.

**BIG CHANGES ON LOCAL ROADS**

MANY TITLES ARE TAKEN FROM THE EMPLOYEES.

Long List of Assistant Superintendents—Supt. E. C. Manson issues an important Circular.

Circular No. 336 under the date of November 15th, 1909, has been issued from the office of E. C. Manson, superintendent of the Salt Lake division of the Southern Pacific company, advising of the creation of the offices of assistant superintendents under the unit system, of which this paper referred to in a recent issue.

The circular, in part, is as follows: "Ogden, Utah, Nov. 15, 1909. Effective this date, this division discontinues among its officials the use of the titles, master mechanic, trainmaster, traveling engineer and chief dispatcher.

The following named officials are designated:

Thomas Fitzgerald, assistant superintendent.  
T. F. Rowlands, assistant superintendent.  
D. J. Malone, assistant superintendent.  
D. Hickey, assistant superintendent.  
B. A. Campbell, assistant superintendent.  
E. W. Easton, assistant superintendent.  
W. J. Toy, assistant superintendent.  
H. L. Bell, assistant superintendent.  
W. J. Stinson, assistant superintendent.  
T. A. McKinstry, assistant superintendent.

They will be obeyed and respected accordingly.

Each of the above named officials continues charged with the responsibilities heretofore devolving upon him, and in addition assumes such other duties as may from time to time be assigned.

Such of the above as are located in the same building have one consolidated office file in common with the superintendent.

All reports and communications on the company's business, originating on this division, intended for the superintendent, or for any assistant superintendent, should be addressed simply, "Assistant Superintendent" (telegrams "A. S."), no name being used during office hours. The designation of a particular assistant superintendent to handle specified classes of correspondence and telegrams is a matter concerning only this office. Each official transacts business in his own name, and no person should sign the name or initials of another. The principle to guide subordinate officials and employees is to be governed by the latest instructions issued and received.

Train orders will be given over the initials of the train dispatcher on duty. The modifications of pre-existing organization and methods herein ordered have been carefully worked out to expedite the company's business by the reduction and simplification of correspondence and records. It is expected and believed that officials and employees will insure a successful outcome by lending their usual intelligent co-operation and hearty support.

Officials and other persons outside the jurisdiction of this division are requested to address official communications, intended for the Superintendent, or any Assistant Superintendent, "Superintendent, Salt Lake Division, Ogden, Utah" (telegrams "Supt."), without using the name of the superintendent except for personal matters.

E. C. MANSON, Supt.  
Approved: J. M. DAVIS, General Superintendent.  
Thomas Fitzgerald is the resident

ing at the family residence, 841 Seventh street, of tuberculosis. She was born at Harrisville, August 9, 1887, and leaves a brother, one sister and step-parents, Mr. and Mrs. August Peterson. A sister of the deceased, Mrs. Newey, died about a year ago. The funeral arrangements will be announced later.

Stole a Valuable Watch—While away from his room a short time Tuesday afternoon, some person took the

engineer of the division, but has held the title of assistant superintendent for about a month.

T. F. Rowlands has been assistant superintendent at Sparks, Nevada, but he comes to Ogden and is succeeded at Sparks by H. L. Bell, who has been chief dispatcher of the division, with headquarters at Ogden.

D. J. Malone is master mechanic at Ogden. His office will be in the Union depot building. Daniel Hickey is the master mechanic at Sparks, Nevada.

B. A. Campbell is trainmaster at Ogden. F. W. Easton is the trainmaster at Inlay, Nevada.

W. J. Foy is traveling engineer of the division.

W. J. Stinson is the chief dispatcher at Sparks, Nevada. T. A. McKinstry is the first truck dispatcher at Ogden. As soon as quarters can be secured in the Union Depot building, all the forces will be brought to Ogden and located at the superintendent's office.

In the future all business of the division, under various assistant superintendents, will be carried on from the one general office.

The title of chief clerk to all the officials will be abolished and in the future the chief clerks will be known as junior clerks. No other changes will be made in the office forces.

A number of changes in the offices of the Union Depot will be made at an early date. Office rooms in the north depot annex are being fitted up and it is probable that some of the offices on the second floor of the main depot building will be moved there.

**BUILDING AN OVERHEAD CROSSING**

SALT LAKE & OGDEN TO HAVE TWO CROSSINGS.

Abutments Are Being Constructed For Steel Work Across Wall Avenue on Thirty-second Street.

A large force of men are at work on the concrete abutments and retaining wall for the overhead crossing of the Salt Lake & Ogden railroad, at the corner of Thirty-second street and Wall avenue, where that line crosses Wall avenue. The overhead crossing of the street was made necessary to reduce the grade and approach to the overhead crossing of the Union Pacific tracks which the Salt Lake & Ogden road will have to make.

As soon as the abutments are in place for both overhead crossings the steel spans will be placed and the overhead line will then be used exclusively, doing away entirely with the surface crossing of the Union Pacific tracks.

The early advent of John Philip Sousa and his great band calls attention to the remarkable achievements of this organization. With eight transcontinental trips and four European tours to its credit the Sousa band has up to the beginning of the present season given no less than 7,947 concerts in the United States, Canada, England, Scotland, Ireland, Wales, France, Belgium, Holland, Germany, Austria, Denmark, Poland, Russia, Bohemia, in 236 different cities. The travel that this has necessitated is equal to about twelve times the circumference of the earth. Sousa's present tour will bring to this city for one concert on Monday at the Tabernacle when the Misses Frances and Grace Hoyt, soprano and mezzo soprano, and Miss Florence Harde man, violinist, will be heard for the first time as contributing artists.

A MUNSING-WEAR NAMING CONTEST OF INTEREST TO ALL THE FAMILY. PRIZES FOR EVERY CHILD.

Read the interesting essay herewith about the Happy Munsing Family. It's a composite essay made up of thoughts, ideas, words and expressions used by children in praising Munsing-wear. It reflects the experience of thousands of up-to-date boys and girls who have found comfort and happiness in undergarments made the satisfactory Munsing way.

**The Happy Munsing Family**  
"Buy a Munsing Suit, Wear a Munsing Smile"

"We call ourselves The Happy Munsing Family. Father is happy because Munsing suits are inexpensive, and also because they wear so well that he does not have to buy them so often as other brands. Mother is happy because they wash well, and require less mending than other kinds. This is because the Munsing Underwear is made from the best yarns, and that is why the Munsing Underwear will outwear any other underwear. Mother says they are everlasting. Sister says they fit like a glove, and give her a stylish figure. Brother likes them because they always stay in place. They stretch and give to every motion, and he can run, jump and run races and play foot-ball without tearing them or feeling like he was going to come apart or lose his clothes. I like them because they have that nice soft feeling that makes you long to be inside of them. They never make me want to scratch. Some people think Munsing Underwear is expensive, but they are mistaken. It's the most economical underwear you can buy. I wore mine all last winter, and it's still in good shape. I am going to wear them again this winter. You out-grow them before you wear them out. My advice to everybody is: 'Buy a Munsing Suit, wear a Munsing smile.' Your underwear troubles will be over if you underclothe yourself the Munsing way."

**A LITTLE later** we will publish full details and rules of a Munsing-wear naming contest in which sixteen members of the Happy Munsing Family will figure. The contest will provide entertainment for all, both old and young. Cash prizes for those who attach the most names correctly, and consolation prizes for every contestant.

Study the underwear question all you wish, we believe you will not find anywhere finer fitting, longer wearing or more economical and serviceable suits than the Munsing. We want you to try them.

**"THE GAY MUSICIAN" AT THE ORPHEUM**

MISS TEXAS GUINAN, Prima Donna, "The Gay Musician," Orpheum, Monday and Tuesday, November 15 and 16.

Ogden is to hear for the first time the superb comic opera which the Shuberts of New York send to the Orpheum for Monday and Tuesday evenings. Seats will be placed on sale Saturday at 10 a. m.

A feature of the presentation of "The Gay Musician" is its superb costuming. The gowns were all imported from France, and those worn in one scene were valued by the custom house in New York at ten thousand dollars. The Shuberts of New York consider "The Gay Musician" as the best of musical attractions to be presented at their theaters this season. It was selected by them to open their new theater in Montreal, Canada, and will also open the new theater in Salt Lake. Later on it will open their new theaters in St. Paul and Minneapolis.

Arthur A. Lotto, the general manager of "The Gay Musician" company, arrived in Ogden this morning to prepare for the coming of his attraction next week. Mr. Lotto is well known here, as he brought a number of big attractions to Ogden in the past few years. He said that the Shubert attractions are doing a vast amount of business all over the country, and that "The Gay Musician" is crowding the new Auditorium in Denver to its capacity this week.

Slowly Recovering—Edwin G. Brown, traveling salesman, who has been in St. Mark's hospital, Salt Lake City, undergoing a serious operation, is slowly recovering.

**BOYS FOUND HEAVILY ARMED**

HAD GUNS AND CARTRIDGES IN SCABBARDS AND BELTS.

Youngsters Supposed to Have Been Prompted to Do Wrong by Men—Other Boys Suspected.

Through the arrest of Fred Bremer and Ed Stewart, two juveniles of the city, it is expected that disclosures implicating a number of other boys, and some men, in a series of thefts and burglaries will result. Bremer was formerly an inmate of the State Industrial school, and Stewart, for some time part has been under surveillance of the juvenile court here.

The boys have both been watched by the juvenile officers because of suspicious actions. Stewart had failed to report to the juvenile court for a number of days and the court began to wonder what had happened to the fact that he had been with his friend Bremer on a trip into Cache county, and further inquiry disclosed the fact that things found missing in

Ogden had been disposed of by a couple of lads among the descriptions of these two boys in outside towns.

Things did not look exactly right to the juvenile officers and they concluded to arrest the boys. The rest was made day before yesterday. The youngsters were brought before Judge Gunnell for a sweating. The young men were searched, and upon them were found sixshooters, cartridges, masks, knives, watches and skeleton keys. Their homes were visited and other pistols and watches. The boys had quite an arsenal on hand.

It is the opinion of the officers that other boys are associated with them and that it is likely grown men are among their accomplices. The boys will be charged with burglary and tried before the juvenile court.

**JAPANESE WILL GO THROUGH HERE WEDNESDAY**

Next Wednesday a party of thirty-five prominent Japanese, occupying a special train, will pass through Ogden en route to San Francisco from the east, where they have been visiting the larger cities studying trade conditions, etc.

Their train consists of a baggage, a dynamo baggage, a dining, a sleeping car and a first-class observation car and four first-class compartments Pullman. Many of the Japanese are accompanied by their wives and a number of servants.
