COULD NOT SUPPLY ZINC AS PROMISED.

Salt Lake, Dec. 9.—The case of Ludwig Vogelstein against the Scranton Mining and Smelting company of North Tintic was dismissed this morning in the United States district court. The case involved \$41,893.10, which was asked by Vogelstein and others against the mining company on breach of contract.
 It stated in the complaint that Vogelstein and the Scranton company entered into a contract whereby the mining company was to furnish Vogelstein with 1,000 tons of zinc ore a month. It failed to do this, the largest amount sent any month during 1906, when the contract was in effect, being about 500 tons. Some months the amount was as low as ten tons.
 Vogelstein claims that the action of the company cost him the amount asked in the complaint. The case was settled out of court.

CLEARFIELD SHIPS 463 CARS OF PRODUCE.

Clearfield, Dec. 9.—During the past season there have been shipped from the farms of this place 63 cars canned goods, 21 cars wheat, six cars barley, 15 cars beans, nine cars cantaloupes, 15 cars tomatoes, 54 cars potatoes, seven cars apples, 46 cars hay, one car corn, two cars sheep and about 35,000 pounds in local shipments of less than

car lots. The main part of the tomato crop was used right here by the Clearfield cannery. That used locally is not included in the car lot noted above. Total number cars shipped of all kinds amounts to about 463 cars, an estimated increase of about 40 per cent over previous year.

CLEARFIELD BRIEFS.

The Clearfield ward meetinghouse has lately been plastered; also the furnaces have been installed, so that it will now be used for religious services in the future.

Mr. James Warren of Syracuse has just completed a fine brick residence, just north of Clearfield store. Parley Moyle is also building on the property he purchased of Mr. West last spring. Ira Stoker has lately moved into the beautiful brick residence recently built by John Reid near his 40-acre orchard. A few weeks ago John Trockett sold his 13-acre orchard, together with 67 acres dry land, to Ogden parties for \$13,500.

NEW INCORPORATIONS.

Salt Lake, Dec. 9.—The Times Publishing company of Salt Lake, organized by about 25 local Democrats for the purpose of publishing a newspaper, filed articles with the county clerk yesterday. The capital stock is \$10,000 in dollar shares, of which \$7,650 are in the treasury. The officers are: Simon Hamberger, president; Frank K. Nebeker, vice president; Richard P. Morris, treasurer; M. F. Cunningham, secretary, and these are directors, with John Derr, James H. Moyle and Noble Warnum. Besides the directors, the list of the stockholders includes the names of Samuel Newhouse, William H. King, B. H. Roberts, O. W. Powers, John F. Tobin and several others.

The Ora M. Brashere company of Salt Lake filed articles of incorporation with the county clerk yesterday, placing the capital stock at \$10,000 in dollar shares, of which 4,425 are held in the treasury. The officers are: Ora M. Brashere, 5,149 shares, president and treasurer; and the other directors are: W. N. Irvin, 250 shares; W. B. Martin, 25 shares; C. G. Plummer, 100 shares; and W. M. McCrea 50 shares. McCrea is vice president and Frank F. Brashere is secretary. Machines, contracts and supplies owned by Mrs. Brashere are taken by the company for 5,150 shares of stock.

SALT LAKE AND STATE NEWS

RAISE IN PRICES OF TEMPORARY DURATION

Salt Lake, Dec. 9.—The spurt in prices yesterday was only of temporary duration. Despite the favorable reports coming from so many of the active mines, the opportunity was presented this morning to take a fall out of some of the advanced prices. After the heavy orders of yesterday, on the strength of advice to make purchases from almost every quarter, there appeared a number of sellers anxious to take profits, coming as it did at a time when the scramble for stocks had passed, it was an easy matter to depress all prices.

May Day, Uncle Sam, Colorado, Iron Blossom, Columbus Consolidated and several other propositions that have received some attention from investors of late were pegged back to the old prices. The splendid strike in May Day did not have a lasting beneficial effect upon its shares. Some of the short interests continue to predict all sorts of calamities to several of the propositions. The statement is frequently heard that some of the properties will go down to a few cents a share, and all of these statements have an effect on the entire list.

MINERAL INSPECTOR FACING GRAVE CHARGE

Salt Lake, Dec. 9.—Charges of falsifying government reports on mineral land inspections and surveys have been brought by Fred Dennett, commissioner of the general land office in Washington, D. C., against A. R. Talamantes, a local government mineral land inspector.

The charges were presented to Talamantes some time ago, and this morning he appeared before United States Surveyor Thomas Hull and refused to put in a defense on the grounds of lack of jurisdiction of the survey general and the failure of the government to specify the charges which have been brought against him. He asked for a postponement until the charges were presented.

This Mr. Hull refused to grant, and he will immediately send the report of the hearing to Mr. Dennett.

The charges brought against Mr. Talamantes, it is said, claim that in reports on iron mining properties in Washington county Mr. Talamantes stated that \$500 worth of development had been done, which report, it is alleged, was not correct. An inspection of Mr. Talamantes' report was made by Mineral Land Inspectors Joseph Jensen and W. L. Walker, and they found the report on the expenditures in the mines to be overestimated. The properties involved were the Last Chance, the Iron King, the Mabey and others.

Mr. Talamantes, who is a native of Chile, was appointed to the service eight years ago. He had been commissioned to survey over 200 lodes. In July he was notified that the reports of Inspectors Jensen and Walker charge him with making a false statement in the written returns of the surveys, and advised him that his commission would be revoked unless he denied the charge and called for a hearing within thirty days. Mr. Talamantes denied the charges and called for the hearing, which was held this morning.

Mr. Talamantes is being defended by Attorneys H. C. Edwards and B. J. Dowdall.

ELY COPPER COMPANY CHARGED WITH FRAUD

Ely, Nev., Dec. 9.—What are virtually charges of "falsifying" are preferred against the Ely Velvet Queen Copper Mines company and the Parks Copper Mines company, whose articles of incorporation were filed here recently, in an article published by the Ely Mining Examiner last night. The Examiner alleges that about 463 cars, an estimated increase of about 40 per cent over previous year, 10,000 shares of a par value of \$1 a share, that the same incorporators, Thomas Phibey of Ely and Charles Pope Caldwell and Max M. Herman of New York incorporated each company, that in the case of each company Phibey holds 9,800 shares and Caldwell and Herman 100 shares each. Attention is called to an advertisement appearing in the New York Herald of Nov. 7, over the names of W. R. Howard & Co., brokers, 66 Broadway, and C. D. Morgan & Co.,

HABIT'S CHAIN.

Certain Habits Unconsciously Formed and Hard to Break.

An ingenious philosopher estimates that the amount of will power necessary to break a life-long habit would, if it could be transformed, lift a weight of many tons.

It sometimes requires a higher degree of heroism to break the chains of a pernicious habit than to lead a forlorn hope in a bloody battle. A lady writes from an Indiana town: "From my earliest childhood I was a lover of coffee. Before I was out of my teens I was a miserable dyspeptic, suffering terribly at times with my stomach."

"I was convinced that it was coffee that was causing the trouble and yet I could not deny myself a cup for breakfast. At the age of 36 I was in very poor health, indeed. My sister told me I was in danger of becoming a coffee drunkard."

"But I never could give up drinking coffee for breakfast although it kept me constantly ill, until I tried Postum. I learned to make it properly according to directions, and now we can hardly do without Postum for breakfast and care nothing at all for coffee."

"I am no longer troubled with dyspepsia, do not have spells of suffering with my stomach that used to trouble me so when I drank coffee."

"Look in pkgs. for the little book, 'The Road to Wellville.' There's a Reason."

"Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest."

brokers, 20 Broad street, New York, stating that the Ely Velvet Queen Mines company is incorporated for 1,000,000 shares at a par value of \$1 a share; and that 100,000 shares are offered for sale at 15 cents. The company, according to the advertisement, says the Expositor, claims to own ten full claims in Robinson mining district.

The advertisement, it is stated, declared these claims to be unencumbered and without liens of any character upon them.

In a statement from James Cronan, a highly respected old timer of the district, it is charged that the statement made by Phibey Brothers that the ten claims included in the company's alleged holdings are unencumbered, is untrue, as he has an adverse claim on six of the claims, alleging that he relocated them when the then owners had failed to do their annual assessment work for 1907. This claim is now in the courts for settlement.

Fred S. Phibey of Phibey Brothers, mining men, was asked for an explanation of the alleged discrepancy between the amount for which the company was incorporated and the amount of stock offered for sale in New York. He said that the sole connection the Phibey Brothers had with the property was their sales of the property to New York brokers. He declares, according to the Expositor, that he has nothing of the advertisement, save that he had seen it in the Herald. No property has passed to either of the corporations named. The title of the property is still vested in James F. Parks, resident agent of the company.

DR. STEWART GIVES PROFANE ANSWER

Salt Lake, Dec. 9.—"Dr. Stewart, will you kindly state the cause of death of Mr. James S. Savage?"

"What the h— right have you to ask that question? It is none of your business, or anyone else's business, what a private patient dies of."

This was the question put to and the answer given this morning by Dr. M. R. Stewart, who attended James S. Savage. Mr. Savage died at St. Mark's hospital last night.

Later Dr. Stewart stated that death was due to acute Bright's disease. He repeated this statement a number of times, and said that any story to the contrary of the cause of death was untrue.

Despite the statement of Dr. Stewart, friends of Mr. Savage assert that death was due to superinduced by an overdose of headache tablets, taken to relieve pain, from which he had suffered for some time. They deny that the tablets were taken with suicidal intent.

Mr. Savage had been a resident of this city for about 18 years, and was well and favorably known. For the last few years he had been a salesman at the Salt Lake Hardware company. M. H. Sowles of the Salt Lake Hardware company, and a close personal friend of Mr. Savage, made the following statement this afternoon:

"Mr. Savage had been suffering from Bright's disease for several weeks. At times the trouble caused him to have intense headaches, for which he took tablets. The idea that he took these tablets Tuesday morning with suicidal intent is ridiculous. There was absolutely no reason why he should make an attempt on his life, and every one of his friends feel certain that death was due directly to Bright's disease, and to nothing else."

The father and mother of Mr. Savage have been notified of his death. The arrangements for the funeral will not be completed until word from them reaches this city.

CACHE COUNTY HAS HIGH LICENSE

Logan, Utah, Dec. 9.—The county commissioners met Monday and took up the question of raising the liquor license of Cache county. The license was raised to \$2,000 for both wholesale and retail license, and the hours for closing were placed at 7 a. m. to 7 p. m., and County Attorney Law was instructed to draw up an ordinance to require the license. The commissioners were divided on this question. Commissioner Cronquist felt that this was going to the extreme and would not vote for the resolution. Commissioners Israelson and Allen voted for the resolution.

SEMBRICH CANCELS HER ENGAGEMENT.

Salt Lake, Dec. 9.—Madame Sembrich will not sing in the Salt Lake theatre tonight. This engagement, which has been the talk in musical circles for the last month, was canceled early this morning on the receipt of a telegram stating that her husband had been taken seriously ill. Madame Sembrich says she regrets to discontinue the Salt Lake music lovers, but the grave condition of her husband leaves no alternative. Many box parties were arranged and society had prepared to give the great singer a hearty reception. Her failure to appear will affect the plans of many.

Madame Sembrich was scheduled to arrive in the city Wednesday morning, but she did not arrive until early this morning. Accompanying her was her husband, who has been taken seriously ill with an attack of pneumonia, and his condition is so serious that it was necessary to cancel her Salt Lake engagement and rush to Los Angeles with her sick husband.

This is the second time that it has been necessary for Madame Sembrich to cancel her engagement in Salt Lake because of sickness. On her first engagement here she was stricken ill the day of the performance.

FUNERAL OF MRS. IDA J. LAMBSON AT LEVAN.

Levan, Dec. 9.—Yesterday funeral services were held in the ward meeting house over the remains of Mrs. Ida Jennings Lambson, who died in St. Gard, Sevier county, Dec. 1, of typhoid fever. The following eulogized the life of the deceased: Elders Henry Hendrickson, James Wilson, Bishops N. P. Rasmussen and J. T. Taylor.

Mrs. Lambson was 20 years of age and was a husband, one small child, father, mother, five brothers, two sisters and a host of friends to mourn her sudden demise.

December 3 a baby girl was born to Mr. and Mrs. Richard Iverson. Sunday Levan had one of the heaviest snowstorms had in years. Much grain and hay is being shipped from here this winter.

THE BLOOM IS ON

An old and successful clothing man said that the secret of holding trade was in keeping clothing with

The Bloom On

HE'S RIGHT—But we go still farther and **SELL** our clothing while the bloom is still on. Our store is full of **NEW WINTER SUITS**—full of blooming newness.

Here's a full lot of Cheviot, Oxford, mixed and fancy Cassimere suits, at \$10.88, \$12.88 and \$14.88. We show, probably, the handsomest patterns at these prices to be seen in Ogden. You needn't go to the high-priced tailor to get clothes with the high-priced look—these suits have it.
