

**Deafness Cannot be Cured**  
 by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed, you have a running sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

**SYLVAN PARK TO GO AT AUCTION**

On April 24, 1907, John E. Dooly gave a lease over Sylvan park just north of the Ogden river to the Sylvan Amusement company for a term of five years. It was agreed that regular rental installments were to be paid quarterly for the use of the property upon which buildings were erected and different amusement places established.

John E. Dooly, the owner of the property, yesterday filed a complaint in the District court in which he alleges that the amusement company had neglected to pay the rent on the account for the quarter ending last September and that there is now due \$2,150. Upon this showing the District court issued an attachment on the property at the park when attention was brought to the fact that the company contemplated its removal.

Shirley B. Wilson served the attachment yesterday and the property will be sold to the highest bidder after the necessary advertising required by the statutes is made.

Chicago, Jan. 10.—Everest C. Brown, president of the Amateur Athletic Union of the United States, today decided that the union will back up the International Skating union on its ruling in the case of amateur champion Lamy. This supports the action of the Western Skating association, which protested against the action of the Eastern Skating association in declaring Lamy a professional.

**Of Interest to the Public**

December, January and February are the months for big lighting bills. Anticipating that "Coming Events Cast Their Shadows Before," we published a series of educational advertisements during October and November on the economies of the Tungsten Lamp, commonly called bulbs and globes.

We told you to use a Tungsten in the room where you use the most light—it would not be economy to place them where you now use four and eight candle lamps. The smallest Tungstens are twenty-five candle power and use forty watts of electricity every hour while burning. An eight-candle Edison lamp uses forty watts per hour, therefore in this case you would not economize in current, but you would get twenty-five candles instead of eight candles for the same amount of current consumed.

The sixteen-candle Edison lamp consumes sixty-five watts of electricity each hour while burning. The twenty-five-candle Tungsten consumes forty watts per hour, in this the Tungsten saves you 38 per cent in the current used and 36 per cent more light received.

In the store if you change to the new lamp and do not increase the illumination, you will save 36 to 40 per cent of the current formerly used. The demand for increased illumination will no doubt encourage you to displace thirty-candle Edison lamps and in their place install eighty to 100-candle Tungstens. This will increase the illumination 150 per cent and your bills from 12 to 20 per cent.

Our engineers are at your service to assist you in arranging your illumination to get the greatest effect with the smallest consumption of current.

**HOW JEFF IS TO DO HIS WORK**

(By James J. Jeffries.)  
 There have been a lot of erroneous reports about my plans for training for Johnson. Almost every day I am credited with hiring one or more trainers and with giving out absurd statements concerning the scheme of preparation. In order that there may not be any more talk about my plans I am going to tell the people just how I will train for Johnson and just why I think I can beat him.

I shall finish my tour of the country February 18th, at Los Angeles, and then will have nothing left to do but get in trim for Johnson.

I have been advised to get right down to business at once—that is, start boxing and road work and keep it up until July 5th. If I were to do that I would go to work into the ring overtrained and stale. No man in the world can stand for a five and a half months' training siege and be at his best.

**Will Fish and Hunt.**  
 I shall take a short rest after my stage course is over. Then I shall take a party of friends and go into the mountains, where I expect to spend a month or six weeks hunting, fishing and tramping through the mountains and get away from the fighting game long enough to be able to start my regular training routine about April 1st, with a clear head and world of strength.

I am going to have a small staff of husky fellows to box with me, and take good, sound lacing. I need a lot of real fighters, and there will be plenty in my camp. Heretofore I have been unable to get enough strong fellows to assist me—fellows who were able to take a good, hard punch.

I shall have Con, O'Kelly, Goch and Rollet part of the time. James J. Corbett will be with me during the last forty days. I intend to fit my sparring partners with pneumatic pads, and then waste into them and punch away for dear life. I am going to imagine that each and every one of them is Johnson, so you know that the job of training Jeffries is not going to be a parlor task.

**Few Visitors Allowed.**  
 The training camp will be run on a thoroughly business-like method. There will be a small corps of men to help me, and as few visitors as possible will be permitted to see me work. I don't want anything to take my mind off my work.

I have not decided just where I shall work. If the fight comes off in California I'll do my preliminary training on my ranch at Burbank. If it is pulled off in Utah or Nevada I'll work near the side of the battle. All this talk about my not being able to fight in Utah on account of the altitude is rot. Why, of course, if I were to walk into Salt Lake City one day and try to fight the next, I would be unable to go any distance. All I will need will be about sixty days' training in Utah to be able to put up the fight of my life there.

James J. Corbett has volunteered to help me with my training, and I think that he would be of great assistance to me. He is a great boxer and should be able to make me go at a tremendous pace. I offered to pay him for his services, but he declined to take any remuneration, declaring that he would gladly help me the last forty days of my work for friendship's sake. We probably will have two or three good, hard scraps, for I don't know any man in the world who would be better able to try me than my old friend and foe, Jim Corbett.

**Compares Self With John L.**  
 A lot of people believe that I am going on to my slaughter when I take on Johnson. They say it will be another case of John L. Sullivan and Corbett, with me playing the role of Sullivan. Why, man, there is no comparison between the John L. who fought Corbett and the Jeffries who will whip this fellow Johnson. Sullivan was in no condition whatsoever when he met his Waterloo. I am going to be better than at any time of my life, and if Johnson whips me I shall have no excuse to offer. He will have whipped Jeffries at his very best.

This talk may sound like idle talk, but I know after being in partial training for the last nine months that I am in better shape than ever before, and with six months ahead of me in which to complete my training, I am going to get into the ring in as nearly perfect condition as it is possible for a man to attain.

**YALE TEAMS REPORT FOR SPRING CAMPAIGN**

New Haven, Conn., Jan. 11.—Yale athletic teams yesterday all reported for the spring campaign. Walter Camp, general athletic coach, and Captain Philbin met the baseball candidates in the gymnasium last evening and outlined the season's plays. Registration is not complete, but forty candidates are assured.

Captain Whell yesterday called the rowing candidates together. Work on the rowing machines has been ordered to begin immediately. Thirty candidates reported for the varsity and forty for the freshmen. One of the candidates for the 1913 eight is Averill Harriman, son of the late Edward H. Harriman.

**BIG FIGHT GOES TO SAN FRANCISCO**

San Francisco, Jan. 10.—Positive assurance was given by Jack Gleason tonight that the Jeffries-Johnson championship fight will be held in San Francisco or the immediate vicinity. This statement followed the formal application which he made before the new board of supervisors for a permit to conduct a forty-five round ring contest in San Francisco some time this year. The local law at present recognizes only twenty round fights, and this is the first time in years that a permit for a fight of a greater number of rounds has been applied for. Gleason's application has been referred to the police committee.

**LANGFORD WINS IN THREE ROUNDS.**

Memphis, Jan. 10.—Sam Langford disposed of Geo. White, better known to the ring as "Dixie Kid," winner of most local fistic encounters, at his pleasure tonight. The fight was scheduled to go eight rounds, but Langford terminated the farcical exhibition at the start of the third with a knockout.

**CHARGES HER HUSBAND WITH EXTREME CRUELTY**

Mrs. Nanny O. Bohne Sues for Divorce—Says Spouse Threatened to Burn Home.

Salt Lake, Jan. 11.—After having withdrawn her action for divorce nearly a year ago, Nanny O. Bohne filed a new action in the district court Monday against Hugo W. Bohne, in which she makes a number of serious accusations against her husband. They were married in this city on May 24, 1907, and have two children. She alleges that his abuse of her began on the day after their marriage, when he threatened to kill her. Since that time, she declares, he has repeatedly called her vile names and several times threatened to kill her, so that she was in constant fear of her life until last October, when she fled to her relatives and he left their home, taking with him most of the furniture.

In May, 1908, she alleges that he abused her and threatened her life, and in December of the same year he again threatened her and assaulted her with a knife. On February 3 and 4 she claims that he ordered her out of the house and threw away all of the furniture out and threatened to burn the house and furniture if it were replaced.

Since last October, she says, he has contributed only \$10 to her support. She asks the court for a divorce, the house and furniture, \$30 per month alimony and \$50 attorney's fees, and also the custody of the children.

**TWO MEN INJURED IN TENDERLOIN BRAWL.**  
 Six Men Become Involved in Altercation, and Cutting Affray Results.

Park City, Jan. 10.—About 4:30 o'clock this morning six men became involved in an altercation in the red light district, which ended disastrously for two of them. The men, whose names are Hogan Swanson, John Benson, S. G. Nelson, Iver Strand, Harry Boyle and Ed Wing, had been drinking together and began quarreling. It seems that Swanson, Nelson, Benson and Strand attempted to whip Boyle, when Wing interfered, and during the altercation the first four men drew knives and began cutting right and left.

Boyle received a bad cut on the side of the neck and one in the back, besides several minor cuts on the arm and hand. Wing received a painful cut in the right loin and also in the back. Both of the men, while painfully injured, are not considered to be dangerously hurt. All six men were arrested and had their preliminary hearings yesterday, but the case was continued until today.

Boyle was allowed to go on his own recognizance, Wing was put under \$50 bail, while all the others were held for tomorrow's hearing.

**KISSES WIFE WHO IS SUING FOR DIVORCE**

Salt Lake, Jan. 11.—Although Sadie Cooper and her husband, William H. Cooper, whom she is suing for divorce in the district court, have been for some time at swords' points, figuratively speaking, yet after the hearing of the order to show cause and before Judge Morse, Monday, they bade each other a very affectionate farewell when they parted in the court room, and gave an illustration of the "soul kiss" which made all present in the court room sit up and take notice.

Mrs. Cooper charged her husband with various acts of cruelty and also with non-support. She had him cited in before Judge Morse, Monday, to show cause why he should not pay her temporary alimony until their case is finally disposed of in court. Cooper was called to the stand and examined as to his ability to pay alimony and as he left the witness stand he reached out his hand to his wife and bade her good-bye. Great was the astonishment of the court and all present when the woman responded to her husband's adieu by giving him a hearty kiss which resounded all through the court room and even into the corridor.

Judge Morse ordered Cooper to pay his wife \$20 per month as temporary alimony, to be paid at the rate of \$5 a week.

**MIDWINTER CAMP MEETING OF SALVATIONISTS OPEN.**

Salt Lake, Jan. 11.—Opening the mid-winter camp meeting of the Salvation Army in the hall, 1291 East Second South street, Chaplain J. Chaplain Clements was given the closest attention by an audience, which completely filled the commodious hall.

Chaplain Clements cited incidents in the lives of men he had known, both in this country and in the Philippines, and drew from them a number of moral precepts.
