**tomorrow again—dozens of stylish dress skirts—samples—at cheaper prices**

There was an appreciative crowd of buyers all day yesterday on the second floor---this sale of dress skirts was the reason.

our buyer came on a rare chance to buy samples of one traveler who represents a very exclusive New York House ---the samples were offered at a very much cheaper price than we must pay for the regular stock---the styles are those which will be shown later at regular prices---there is the possibility that the samples are even better made.

tomorrow again we will offer them at these reductions---it is really a very good chance to buy a handsome skirt at little price.

**SIXTY DAYS OF INSOMNIA END.**

Girls Student's Black Coffee Diet for Examination Nearly Fatal.

Special to "The Record."

Des Moines, Ia., May 17.—Sleep came for the first time in two months to Miss Esther Chinberg, of Odsbolt, Ia., a student at Simpson College, Thursday night. Starting 60 days ago to cram for her final examination, Miss Chinberg began drinking black coffee and taking other steps to keep herself awake until she found she had contracted a case of insomnia that outstrips any case in the history of medical science in the Middle West.

It was not until physicians had worked over the girl for weeks that she yielded to treatment, and Thursday night slept for a short time. The following night she slept somewhat better and Saturday had a good night's rest.

Another week of the terrible strain would have cost the coed her mind, the doctors say.—Philadelphia Record.

**Outside Evidence**

This news item, clipped from the *Philadelphia Record*, points out the powerful effect that coffee exercises upon the nerves and brain—a fact we have often cited.

Small doses of coffee "get on" the nerves in a small way, and in most cases it takes some time before the nervous system and stomach are seriously affected.

Miss Chinberg's experience is exceptional only in the amount consumed and the correspondingly quick results. The *Caffeine* in coffee gets in its work with every cup one drinks, and nature, in so far as possible, may or may not correct the harm done. You can tell by the condition of head and heart, nerves and stomach. If they are not right, try a comfortable change to

**POSTUM**

It is just as satisfying and pleasing as coffee when prepared right, (directions on every package), and instead of tearing down the health, Postum will build it up. Thousands have voluntarily so testified, and you can prove it by trial.

**DURING SLEEP.**

Nature Repairs the Human Engine.

The activities of the day cause more or less waste of tissues in the human engine, which is repaired at night during sleep.

The man or woman who can sleep well at night is sure of the necessary repairs, other things being right, to make each day a time of usefulness and living a real joy.

But let insomnia get hold of you and the struggle begins of trying to work with a machine out of repair. A New woman's experience with coffee as a producer of insomnia is interesting. She says:

"I used to be a coffee drinker and was so nervous I could not sleep at night before 12 o'clock, unless I would take some medicine. I was under the doctor's care for about five years and my weight got down to 82 lbs.

"The doctor said I would have to quit drinking coffee. Then my father got me to try Postum, which he said had done wonders for him. I am past 43 and before I quit drinking coffee my heart would jump and flutter at times, miss a beat, then beat so fast I could hardly breathe in enough air and I would get smothered.

"My tongue would get so stiff I could not talk and I could not hold a glass to drink from. Since I have been drinking Postum, in place of coffee, I can sleep sound any time I lie down, and I feel I owe everything to Postum. I now weigh 120 lbs. and am well."

**SOCIETY**

**BIRTHDAY PARTY.**

The pleasant home of Mrs. Holt on North Washington was invaded by the members of the Neighborhood Birthday club recently, the occasion being the birthday anniversary of Mrs. Holt. A pleasant social time was had, the presentation of a beautiful salad set, the gift of the club, with appropriate remarks and wishes for "many happy returns of the day," being an enjoyable feature of the affair.

An elaborate luncheon was served. The members present were: Mrs. Stringham, Mrs. Hall, Mrs. Poulson, Mrs. Snyder, Mrs. Gibbs, Mrs. Hewes and Mrs. Cunningham.

**CARD PARTY.**

A party was given by Mrs. James and Miss Crystal Cowan in honor of Mr. James Cowan last Saturday evening. High Five with other games were the social diversions of the evening. **MORGAN-FARNLUND NUPTIALS.**

Last evening at the home of Mr. and Mrs. William Morgan, No. 2937 Lincoln avenue, occurred the marriage of William D. Morgan of Ogden and Gertrude E. Farnlund, also of Ogden. At 8:15 the bride and groom, accompanied by Mr. J. E. Ferguson as best man and Miss Gladys Morgan, sister of the groom, as bridesmaid, took their places in the parlor, where the impressive ring ceremony was used, the Rev. H. D. Zimmerman of the First Baptist church officiating.

After the ceremony and congratulations a wedding supper was served to the invited guests and relatives. The groom is employed as fireman on the Nevada and Northern, and after a few days spent in the city will leave for Elko, Nevada, where he and his bride will start housekeeping. Only the immediate friends and family witnessed the ceremony. Best wishes were extended Mr. and Mrs. Morgan as they entered upon this new relationship.

There are some bath robes with the cord—there are some two toned flannels—some are shirred at the waist—the reductions mentioned will apply to the entire stock.

**KNIGHTS OF PYTHIAS ANNUAL**

The local order of Knights of Pythias has recently instituted an annual roll-call. The first roll-call, which was held in the lodge rooms Monday evening last, was a decided success.

Several days ago a circular letter was mailed to all the members, requesting them to be present at the first annual roll-call on February 21, or send a letter to the lodge, to be read when their names were called.

At the meeting an unusually large number of Knights were present. Many of the members, who are in the employ of the railroads running into this city, and who are scattered over the intermountain states, made it a point to be present at this pleasant reunion.

Other Knights who were prevented from coming on account of business affairs, wrote letters expressing their regret at not being able to be present, and wishing the lodge and its members success and happiness during the coming year. Letters were read from absent members from California to New York, and two from Europe, one from England and the other from Germany.

The past year has been an unusually prosperous one for Ogden Lodge No. 2. In point of numbers and financial strength it ranks among the banner lodges of the state.

**WOMAN PAYS A BIG FINE**

In the criminal division of the Municipal court yesterday afternoon the trial of John A. Ryan, charged with committing a nuisance, was taken up and a verdict of guilty rendered. The court sentenced the man to pay a fine of \$30 or serve thirty days in the city jail.

Joe William, the colored man whose trial for vagrancy was begun in the forenoon, was concluded late in the afternoon. He was found

guilty and sentenced to pay a fine of \$60 or serve sixty days in the city jail.

George Logan, alias Jostle James, a colored woman, charged with vagrancy, was furnished a cash bond of \$50 and has been liberated. She is suspected of being implicated in some of the recent hold-ups in the city, but there is not sufficient evidence at hand to charge her with a graver offense than vagrancy.

Ella Nell, colored, convicted of vagrancy yesterday morning, has paid her fine of \$10 and left the city jail. She is also loked upon by the officers as one of the dangerous characters of the underworld.
