REBERG-MANNING. A very pretty home wedding occurred Wednesday at the home of Mr. and Mrs. G. C. Reberg, 3025 Washington avenue, at which their daughter, Miss Clara M. Reberg and Mr. Charles E. Manning were united in wedlock.

The home was tastefully decorated with verdure and cut flowers, when in the presence of the relatives and near friends the ceremony was spoken. The bride, gowned in a white satin, trimmed with baby Irish lace, entered the parlor upon her father's arm and attended by Miss Ida Janet Reberg, who wore a dainty dress of white embroidery.

WHERE THEY CAN ENJOY FOURTH

Mayor Endeavoring to Provide for the Pleasure of the Youngsters—Fireworks May Be Allowed Under Certain Restrictions and Careful Safeguarding of Children.

The Fourth of July will soon be here. The law forbids the shooting of firecrackers or fireworks within the city limits. A penalty of a fine of anywhere between \$1 and \$300 or imprisonment in the city jail from one day to six months, or both such fine and imprisonment, may be imposed at the discretion of the judge.

The mayor will be in writing, and shall specify the time when and the place where such fireworks may be discharged or set off. The mayor would like to know just where the children prefer to go to shoot their fireworks. He says he will select half a dozen policemen and place them in charge of the fireworks and have a special fireworks expert present, and will have all the fireworks inspected so that nothing dangerous will be permitted at the place selected.

FIRST CAR OF RIPE CHERRIES

Departs From Ogdén for the Eastern Market Under Most Favorable Conditions—2,430 Cases Expected to Bring California Figures—Fruit Crop the Best in Years.

The fruit and tomato business in and around Ogdén is reported to be in a promising condition this season. Notwithstanding the late frosts there will be a large fruit crop. Practically the only districts affected by the frosts are Roy and Clearfield.

The cherry crop for this year is nearly double that of previous years. The first car of straight cherries that has ever been shipped from this place, excepting a possible car from McGriff's North Ogden, left this morning for Chicago. It contained 2,430 cases of Napoleon cherries which will net from \$1.50 to \$2 at its destination.

MILKMAN IS FOUND NOT GUILTY

John Reeve, A. J. Heath, Walter Richie and William Hixley, sitting as a jury in the case of the State vs. Thomas Brown, charged with violating the pure food law of Utah, this morning rendered a verdict of not guilty and the defendant was discharged.

The testimony in the case showed that an examination of the milk taken from the cans of the defendant and of other milkmen at the same time disclosed the fact that the milk was not up to the standard required by law. It was also shown that milk taken direct from the cows in question, when placed under a chemical test, fell short of the standard, so that the conclusion drawn was that the adulterated condition of the milk might have been due to the inferiority of the cows rather than to a "watering" of the milk by the defendant.

than in some time. He says that Galatine county, in which Trident is situated, is the banner barley raising county of the entire intermountain region, and that the crop this year is extraordinary. The rainfall has been much greater in that section of the country this year than in most any other part of the mountain section, and as a result, the crops are better. The ranges are producing an amply supply of forage for cattle and sheep.

PROSECUTION WINS VICTORY IN TRIAL

CHICAGO, June 16.—Fourteen objections by the defense against the admission of the testimony of state Representative Myers, Link and Beckmeyer in the Lee O'Neill Brown bribery trial were overruled by Judge McSurely today.

This was regarded as a victory for the prosecution as it permitted the first corroborative evidence in support of the "confession" of Representative Charles A. White, that he had been paid \$1,000 for voting for United States Senator Lorimer. Mr. Meyers testified in effect that Browne had visited him on the day of the election of Lorimer and asked for his vote, saying that there were lots of jobs and money to be had. "I voted for Representative H. B. C. Beckmeyer of Carlisle, Ills. then took the stand. Beckmeyer made confession number two before the grand jury. In his testimony today Beckmeyer corroborated the testimony of the defendant. Beckmeyer said he had been called to St. Louis as White had been and there was handed a "package" by Browne, who remarked "there is your Lorimer money."

SACRIFICES ON THE EXCHANGE

SALT LAKE CITY, June 16.—Conditions on the local market today were almost pathetic. In fact it was a day of sacrifices, when those who wished to sell received a slam and the buying end forgot to be present. The absence of buyers and the presence of sellers aided materially in putting stocks on a new level. Trading was slightly heavier than on yesterday morning, but prices were badly battered.

COMMITTEE ON RULES EXPECT TO AGREE

WASHINGTON, June 16.—Out of the three side battle lines in the house of representatives, which has been gradually merging for several days into a single group of a conflict over the reform of the rules, there appears to be the appearance of something like an amicable settlement. After a session of the rules committee and the two sessions of the "reform" Republicans of the house, it looked tonight as though tomorrow might evolve a plan upon which practically all parties and factions can unite. The rules committee argued, wrote and drafted for the Clark-Sheely resolution, which seems to provide a way for a member to bring into the house a measure being "smothered" in committee. Chairman Dalzell and the other "reformers" man Dalzell and the other "reformers" of the committee joined with the Democrats in an attempt to formulate a rule that would work out the end desired. The fact that the "regular" wing of the party exhibited willingness to join in a "reform" movement was generally commented upon as indicating that a rule would be adopted before adjournment, and that they had decided the better part of valor to

PROGRAM FOR ROOSEVELT DAY

NEW YORK, June 16.—Theodore Roosevelt at midnight was within 500 miles of dead reckoning of the welcome New York will give him next Saturday morning on his return to America after an eventful absence of 15 months. The program is for Colonel Roosevelt to leave the steamer at quarantine at 9 o'clock Saturday morning. It was the general disposition that they should await the action of the rules committee, and nothing decisive was done. They will meet again tomorrow afternoon.

It is stated that the detronement of Speaker Cannon was discussed at the "insurgent" gathering, but that no definite decision on this subject was reached. Many insurgents were opposed to the attempted removal of the speaker, although if the matter is forced on the floor they admitted they would vote that way.

SLOW PROGRESS IN SECURING A JURY

SALT LAKE, June 16.—In the trial of Riley, alias Hayes, for the murder of young Fassell, the groceryman, the whole forenoon today was tediously employed in the labor of securing a jury. Only four talesmen have thus far successfully passed the examination of defense and prosecution, and they have been accepted by both. They are Joseph Silvers, David Neff, J. A. Hills, a farmer residing at Fifteenth South and Seventh East, and Joseph Dean, an employee of the Utah Ice and Storage company. As a result of the questioning process this morning, Henry M. Pearson and John G. Peart were passed by the defense,

CONTRACTORS AGREE ON NON-UNION SHOP

SALT LAKE, June 16.—The announcement made by the local electrical contractors that they will operate non-union shops and that they will pay their men according to merit and not according to scale has apparently had little effect upon the striking members of the local union. They held their meeting this morning as usual and received reports from the officials and from the camp on the shores of Utah lake. The strikers say that the announcement of the intention of the contractors will not hurt the union in the fight that is being made for recognition as usual and received reports from the officials and from the camp on the shores of Utah lake. FARMER'S BRUTAL CRIME. BILLINGS, Mont., June 16.—While suffering from a fit of temporary insanity, John P. Malar, a farmer near this city, this evening, after trying his stock in a stable, set fire to the structure and to his house. Officers found the maniac holding one of his children across a block while he was attempting to chop the little one's head off. Malar abandoned the child, and picking up a pitchfork held the officers at bay while he hacked at his throat with a butcher knife. He was overpowered and brought to the city, but will die from his self-inflicted wounds.
