

INSURGENTS AND TEDDY

Beveridge and Others at Sagamore Hill for a Conference

Oyster Bay, N. Y., July 7.—Politics in the central west is likely to be discussed at a conference today at Sagamore Hill, New York.

Another Indiana, Senator Beveridge, was expected today. Several insurgents from the central west are considered probable visitors at Sagamore Hill today.

A delegation of visitors to Col. Roosevelt arrived from New York on the noon train. There were in the party United States Senators Carter of Montana and Beveridge of Indiana; John Bass, war correspondent and his brother Robert; Winston Churchill, novelist; and James R. Sheffield, Robert Bass is an "insurgent" candidate for the Republican nomination for governor of New Hampshire.

The members of the visiting party had little to say except they were hoping to have a pleasant talk with the colonel.

"We can't say anything now," Senator Beveridge said. "When we get back from Sagamore Hill, we may have something to tell you."

Newell Sees Roosevelt

Washington, July 7.—Frederick H. Newell, director of the reclamation service, whose differences with Secretary of the Interior Ballinger have created general comment, returned to Washington from New York where, it is understood, he talked with former President Roosevelt.

The reticence of the doctor lends color to the report that one of the objects of his trip was to consult with the President.

Mr. Newell said he had conferred in Baltimore and New York with E. N. Baker, president of the second National Conservation congress, which will be held in St. Paul, September 6 to 9. The purpose of their meeting had been to discuss plans for the convention.

The program, he said, would be submitted to both President Taft and former President Roosevelt for their approval. The congress, he added, would be as simple and direct as possible. The speeches would emphasize the fact that the conservation policy was not for the purpose of holding back anything from the present generation, but was designed for the utilization of the resources today without destroying their future utilization.

A TRIPLE TRAGEDY

Woman Shoots Husband and Daughter and Poisons Herself

Chicago, July 7.—Mrs. Henry Mulsaw, 40, was charged today with the alleged brutality and unfaithfulness of her husband, a street car conductor, today shot and fatally wounded the latter and their three-year-old daughter and then killed herself by taking carbolic acid.

Mrs. Mulsaw planned her act carefully. She borrowed a revolver from her father, explaining that she needed it for protection when her husband was away at night. She had been a good and faithful wife, she said, but that Mulsaw spent his spare time with other women and often beat her. Mulsaw is alleged to have been with another woman until 4 o'clock this morning when he returned to his home. According to the police, he began abusing his wife and she shot him in the abdomen. He fell to the floor and she sent another bullet into the body of her daughter. She then took the poison.

LIBERIA GOOD FOR SUGAR CANE

Washington, July 7.—Charge d'Affaires George W. Ellis at Monrovia has reported to the department of commerce and labor that Liberia presents an alluring prospect for the sugar growing industry. Sugar cane flourishes along the St. Paul, Cavalla and other rivers in Liberia and along their banks are thousands of acres that could be utilized for growing the crops.

Cane from 20 to 30 feet in length frequently is seen in the country. Capital is needed to provide suitable machinery for preparing the soil and for introduction of modern methods of culture.

HEINZE IS CONDEMNED

He Is to Serve Ten Days in Island Penitentiary

New York, July 7.—Arthur P. Heinze, sentenced to serve ten days on Blackwell's Island for obstructing the administration of justice in the case of the United Copper company proceedings, is rather severely handled in the decision of the circuit court of appeals affirming his conviction. The decision, which was announced on Tuesday, has just been made public.

"The testimony, not objected to and not contradicted, shows beyond the slightest doubt that the defendant sent Tracy Buckingham (wanted as a witness before the federal grand jury) out of the country and furnished him with money to go out and stay out; and in the most flagrant manner attempted to obstruct and impede, and obstructed and impeded, the administration of justice of the circuit court of the United States. The sentence that the trial court saw fit to impose does not indicate the serious nature of the offense."

Counsel for Heinze will apply within a few days for a stay of the issuance of the mandate of the circuit court pending appeal to the United States supreme court. The mandate will be filed within ten days after the filing of the court's decision and, unless a stay shall have been granted by that time, Heinze will have to begin to serve his prison sentence.

MRS. YOUNG WINS OUT

Defeats Colorado Man for the Head of Educational Association

Boston, July 7.—Mrs. Ella Flagg Young, of Chicago, defeated Zax Snyder, principal of the Colorado State Normal school, for president of the National Educational association today by a vote of 367 to 316, the question being on the substitution of Mrs. Young's name for Mr. Snyder's in the report of the committee on nominations.

WORLD'S MARKETS

STOCKS ARE FLUCTUATING WITH TENDENCY DOWNWARD

New York, July 7.—The stock market started today with small dealings and narrow and irregular price changes, but the course of prices turned downward after the opening. Rock Island preferred and Western Union fell 1-4. Rock Island and Denver & Rio Grande preferred, and Union Pacific, Reading, Canadian Pacific and American large fractions. Consolidated Gas rose one.

The market made an abrupt turn after the early sag so that in a few minutes sharp losses were turned into equally sharp gains. Rallies from the low prices ran to 2-3/8 in Reading and 2 in Union Pacific. Overnight advances of a point or more were made by many of the most active stocks.

The level of prices was well maintained. Confirmation of yesterday's reports of gold secured in London for shipment to New York was a strengthening influence. Hocking Valley rose on a few transactions and Sloss Sheffield Steel 2-1/2. Reading fell off over a point at noon with effect on the general tone.

CANNON IS A FIGHTER

He Will Invade the Heart of Insurgent Territory

Chicago, July 7.—A special from Washington says: Invigorated and bronzed by his excursion to Fisherman's Island in Chesapeake Bay, Speaker Joseph G. Cannon is in Washington finishing up odds and ends prior to his departure for Danville.

Mr. Cannon will remain only a few days in Danville this time for he contemplates a raid into the heart of the insurgent territory. It is his purpose to go to Winfield, Kan., and there speak in behalf of the re-nomination of Representative Phillip Campbell, one of the stand-pat congressmen.

"Uncle Joe" will then return to his district, take an automobile and make a house to house canvass. He insists that there is not any danger that he will not be re-nominated and re-elected.

The speaker was asked today if he would be a candidate again for the speakership. His eyes twinkled as he recalled the famous recipe for rabbit poeple, first catch your rabbit. In other words the house must be Republican before any thought of candidates can arise.

Notice to Water Takers

The City Water will be shut off from the entire City Saturday night at 10 o'clock, July 9, 1910, for the purpose of making the necessary connections at the new reservoir, and will probably be off for several hours—possibly until 10 o'clock Sunday morning.

Water consumers are requested to prepare for a supply of water in advance and are also cautioned against the possible danger of collapse of hot water boilers.

GOLD BARS FOR IMPORT

Eastern Banks Forced to Meet Western Demands

New York, July 7.—The gold importation movement of 1910 had its inception today with the engagement of \$1,750,000 in gold bars in London by Lazard Freres for import to the United States. Imports of gold were forecasted by the demands made on New York institutions by western banks for funds to finance and purchase in the west. Local bankers have recently sold large amounts of American securities abroad and now are availing themselves of these credits to strengthen their own position by importing gold.

London, July 7.—American and continental inquiries for gold have effectually barred all prospect of an immediate reduction in the bank rate. The directors of the Bank of England this morning decided to maintain the three per cent rate, although dealers on that basis at the present rate of exchange represents a loss.

The engagement of \$2,000,000 of Cape gold for Germany reported this morning is generally accepted as correct and the recent releasing of bonds here should enable New York to take considerable gold.

There is soon will be \$3,000,000 available in the open market and at least a portion is expected to be purchased for New York.

NEGRO PRIZE FIGHTER WHIPPED A WORNOUT, DISSIPATED FIGHTER

Jefferson City, Mo., July 7.—Gov. Hadley offered a reward of \$300 today for the arrest and conviction of every person who engaged in the lynching of the two negroes at Charleston, last Sunday. He said there was no excuse for the lynching, as he had not committed a crime of any particular nature, and that the negroes were convicted of a capital crime.

In an interview, the governor warned negroes that they must not start race riots on account of the Jeffries-Johnson fight.

"Negroes have no occasion to feel any satisfaction over the result of the fight," said Governor Hadley, "It is only significance is that a negro prize fighter whipped a worn-out white prize fighter, who had impaired his constitution by idleness and dissipation."

"Jeffries no more represented the white race than does Johnson represent such men as Booker T. Washington or Prof. Dubois. While I promise to do all that I can to protect the negroes in their rights, and to prevent and punish acts of violence against them, the negroes must understand that only by their own conduct can they secure the respect of the people."

STALWART PAYNE IS FULL OF HOPE

Auburn, N. Y., July 7.—Representative Seno E. Payne, chairman of the house ways and means committee, is a candidate for re-election to congress. In an interview announcing his candidacy, Mr. Payne said last night:

"I expect to be a candidate for re-election and I shall take active part in the campaign, both in New York and elsewhere. I have been invited by the congressional committee and by the state committee and will give them all the time I can."

"He declined to say what congress man he was going to aid and in reply to the specific question whether he

AMERICAN COAL IN BRAZIL

Washington, July 7.—Imports of American coal into Brazil during 1909 will be larger than ever before, according to statistics furnished by Consul General George E. Anderson at Rio de Janeiro. This was due chiefly to a threatened strike of the coal miners at Wales.

The United States imports to Brazil amounted in 1909 to \$238,645 as compared to \$19,015 in 1908, and Consul General Anderson reports that the coal trade to Brazil could be extended to American exporters willing to spend considerable money to establish conditions whereby coal could be shipped in large quantities in competition with Welsh coal on the same basis with the latter.

WALNUTS FOR BULLS

Washington, July 7.—The piece de resistance in the diet of fighting bulls in Mexico is the English walnut. Consul General Arnold Shanklin has reported to this government that many Spanish ships come to Mexican ports bringing loads of English walnuts from Bilbao and Santander which are sent via Mexico City to ranches exclusively for feeding fine fighting bulls. The largest buyer is the Mexico City Bull association which keeps from forty to fifty bulls.

BASEBALL PLAYER NOT DISCIPLINED

Pittsburg, Pa., July 7.—President Thomas J. Lynch of the National league has turned down Barney Dreyfuss and the Pittsburg club on its demand that Johnny Evers of the Cubs be disciplined for his alleged unbecoming conduct on the field during the game in Pittsburg, on June 25.

Dreyfuss has received a letter from the league chief stating that Lynch had referred the matter to the Chicago management and that Pittsburg would have no further trouble with Chicago players while in Pittsburg.

It was claimed that when the Cubs were losing the game, Evers used rough language in the hearing of women in the stands. Dreyfuss filed the charges against Evers, but it is understood that the latter had a good defense in that he had been goaded to his remarks by insults from the stands.

PRESIDENT WILL EXTEND HIS VACATION PERIOD

Beverly, Mass., July 7.—President Taft is going to extend the ten days' vacation which he began yesterday by taking a ten days' cruise on the Yacht Mayflower, beginning July 18.

The president's present vacation is not up until July 16, so this will leave only Sunday, the 17th, intervening.

Accompanied by the members of his immediate family, by his brother, Horace D. Taft, and by as many friends as the limited quarters of the Mayflower will accommodate, the president will sail up the north coast. He will stop for a day or two at Bar Harbor, and may drop in at several other resorts and points of interest.

The golf sticks will be carried along, and whenever an attractive looking set of 18 holes appears on

FRANCE HAS HER "TUGS" IN ARMY

New York, July 7.—Harry Lewis, the welterweight championship claimant, is back in town after a stay of several weeks in Paris. Lewis declares he intends to go out for the middleweight title and says he will challenge Stanley Ketchel and Billy Papke immediately. Lewis is also anxious, he declared, to meet Willie Lewis, as soon as possible. He says that he has the latter in the twenty-round fight in Paris which the referee decided a draw. Lewis has taken on weight and thinks he will be able to defeat anybody who will make 158 pounds ringside.

"There is a lot of good material among Frenchmen for the development of the fight game," said Lewis, "but the general trouble on the continent is the fact that as soon as a man has reached a fit state of development he must enter the army. That was the case with Adrian Hogan. I took Hogan in hand some time ago and taught him enough points about the game to make him the champion of France, although he is only a welterweight. But next October he must enter the army."

TWENTY STORIES TO COST MILLIONS

Chicago, July 7.—Organization of a holding company to build and maintain a \$5,000,000 home for the board of trade on the site of the board of trade's present building, Jackson Boulevard and La Salle street, will be recommended to the members of the board at a special meeting tomorrow by the committee appointed last August to solve the board's building problem. This means that the present board of trade building will be replaced in a few years by one of the finest business structures in the city.

The building is to be twenty stories high and is to cost approximately \$5,000,000.

LANGFORD ACCEPTS JOHNSON'S OFFER

New York, July 7.—Joe Woodman, manager of Sam Langford, telegraphed here today that he had accepted the offer of Jack Johnson to meet Langford for a 20,000 side bet and asks that Johnson post his forfeit for the match on his arrival here on Monday.

Woodman wires that he will telegraph a deposit to bid Langford's end as soon as he learns Johnson's money is up.

JOHNSON IN CHICAGO

Chicago, July 7.—When Jack Johnson returns to his home here this afternoon, there will be no disorder, if the police can prevent it. Chief Stewart will have a score or more policemen at the railroad station and in the neighborhood of the home at 3344 Wabash avenue, where the champion's "mammy" awaits him.

Although the authorities will not allow a regularly organized parade, there will be an imposing string of automobiles behind Johnson's machine when he leaves the train for his residence. Crossing policemen may spoil the effect of the cavalcade, for it is likely to be split several times to allow the passage of cross-street traffic.

Although some of the last time has been made up by Johnson's train, it was stated at the Chicago-Q Northwestern railroad offices that the champion probably would arrive an hour later, or at 2 o'clock.

At his home, the Eighth regiment band, I. N. G. (colored) will serenade him, following which he is expected to hold a reception.

Chicago, July 7.—A welcome, such as no other negro of modern times ever received, was accorded Jack Johnson when he returned to his home here today. A huge crowd of negroes met him at the train, cheering lustily. His ride to his home through the "black belt" was an ovation. The little champion grinned with delight. "There's the boy that brought the bacon home," shouted one. "Oh, you lion tamer," shouted another.

The big negro shook hands with those nearest him at the station as he elbowed his way to the street and entered an automobile, grinning his auriferous grin the while.

Thirty or more machines, loaded with enthusiasts, fell in behind. The police found little to do save to hold a passage for the fighter.

At his home, the Eighth regiment band played "The conquering Hero."

His champion's mother stood in the doorway, tears coursing down her cheeks.

"Hello, mammy," shouted her son. Her arms were thrown about his neck and they entered the house together.

Wishing we had done different does not rectify a mistake.

SHADE TREES OF WASHINGTON ATTACKED

Washington, July 7.—Shade trees of Washington, famed for their number and beauty, are undergoing an attack from a horde of caterpillars. The trees are being stripped of their foliage rapidly. So numerous are the pests that they have baffled the caretakers' effort to cope with them. Property owners have joined in the attempt to repel the invaders, but it seems that there is little chance to prevail against them. Some fear for the very lives of the trees is experienced.

UP IN THE AIR HOURS

Aviation Cruise 155 Miles in Three Hours Fifty-five Seconds

Bethany Plain Rheims, July 7.—M. Olesingers today broke the duration record at the aviation meet now in progress here. He remained in the air for three hours and forty-five seconds and cruised a distance of 155 miles.

RECALLS FAMOUS TREATY WITH THE INDIANS

Bloomington, Ill., July 7.—Near here on July 18, 1765, Colonel George Geoghan, deputy superintendent of Indian affairs for the British government, made a preliminary treaty of peace with Pontiac, chief of the Ottawa and leader of the great Indian confederacy. By the terms of this agreement the allegiance of the Indians was transferred from the French to the English, thus securing the western Mississippi valley for Anglo-Saxon civilization.

A metal tablet bearing the foregoing will be placed shortly upon a monument to be erected in Edgar county. Colonel Geoghan met Chief Pontiac in a place known as Hickory Grove and arranged the preliminaries of the great treaty. The officer and chief, with their followers, then journeyed together to Detroit where other influential Indian chiefs ratified the treaty.

DALZELL-BLACK CONTEST CASE AND THE COURTS

Pittsburg, July 7.—Judge Josiah Cohen, who issued the original injunction against the Dalzell-Black contest for the Republican congressional nomination, today filed a statement that his injunction does not restrain the Black supporters from filing new petitions for a recount.

The ruling, it is believed, may open the way for Robert W. Black to obtain a recount.
