

Wright's Summer Sale

CROWDS INVADE!

The first three days of the Summer Sale have been the most successful of any sale we have ever had. Crowds thronged the store the first day and continually increased until the closing of the store tonight. We attribute this ever increasing crowd to the fact that the bargains are real inducements, that every customer comes again and sends her friends.

Best Sale Ever Held

We are not given to the use of superlatives, but there is no other degree that describes this sale as compared with any that has been held in Ogden heretofore. There has never before been an effort so determined on the part of the management and of department heads to reduce stock.

Monday! will be the fourth day of this splendid sale. When the doors open Monday morning there will be ready a thousand new surprises...the reserve offerings which have been rushed forward.

There is to be no let up for one moment. Just one word of warning—don't delay—the sale will be over.

DETAILS GIVEN BY SISTER OF VICTIM

NEW YORK, July 15.—Disappointed today in their search of the Lusia for Dr. Crippen, the police were confident tonight that he is somewhere on the high seas bound for this country, a view in which his wife's family share.

Mrs. Theresa Hynn, a sister of Belle Elmore said tonight: "I think the doctor fled for Southampton as soon as he heard that Scotland was looking for him. It is doubtful if he would have tried the continent, for the London police are in close touch with all the capitals of Europe and a foreigner is always conspicuous. The St. Paul is due here from Southampton tomorrow and the Cedric from Liverpool and the Cleveland from Southampton on Sunday. The three liners will be searched."

Meeting Dr. Crippen. Mrs. Hynn gave details of her sister's first acquaintance with Dr. Crippen. She showed a wedding announcement dated September 1, 1892, which said that Dr. H. H. Crippen had married Corrine K. Turner and that the couple would be at home after September 20 at Number 1106 North Lombard avenue, St. Louis, Mo. "There seems to be some misunderstanding about Mrs. Dr. Crippen," explained Mrs. Hynn.

"Her real name Kuniyunda Makemakaki, was hard to remember and worse to spell, so she took the name of Cora Turner. I never knew her to use it until she went to St. Louis Corrine Turner and wrote me to keep that name in mind if I wished my letters to reach her."

"First she was a housemaid but her good looks and laughing disposition brought her an offer of a place on the stage and it was while playing at a St. Louis music hall that she attracted Dr. Crippen's attention, who sought and obtained an introduction."

eral treatment of its employees. President Garrison also gave out a statement tonight in which he said all men insisted upon was that the code of rules obtaining upon every other road in the country be applied on the Pennsylvania without a reduction of the present rate of wages.

President McCrea's statement says: "It should be clearly understood that it is not less hours of labor demanded by the conductors and trainmen, but, on the contrary, what they do demand is the money for every hour they work be paid the same as by other railroads in this territory."

Situation Relieved. PITTSBURGH, July 15.—A crisis that threatened today in wage negotiations between the Pennsylvania and its 25,000 conductors and trainmen was relieved tonight. After a two hours conference between railroad officers and a general committee representing the 10,000 men involved on lines west of Pittsburg, it was announced by the committee that negotiations were still on, but the situation was much less strained.

This came after word reached Pittsburg from Philadelphia that the situation in the east hinged entirely on developments here, and that a strike call might be issued at once if the western officers of the road refused the men's demands. General Manager Peck, after today's conference, said further meetings with the committee would be held early next week.

HE IS WAITING FOR ROOSEVELT. New York, July 16.—Former Governor Benjamin B. Odell, Jr., of New York, before sailing for Europe today on the Lapland, said regarding the political situation, that "All the wisdom is coming from Sagamore Hill."

"I am waiting for a Roosevelt O. K. to the next candidate for governor," Mr. Odell said. "He is the leader; we are only followers. However, I did not believe in his principles of direct nomination."

sure relief for the fall money markets.

BUILDING A RAILROAD

Work Starts on First Section of Canadian Northern

Vancouver, B. C., July 16.—D. D. Mann, vice-president of the Canadian Northern railroad, outlined the construction plans of that road in an interview here last night. "Our working forces have started on the first coast section of sixty miles from the banks of the Fraser river opposite New Westminster," said Mr. Mann. "This first section is now claiming our attention, but shortly will be started on another section lying immediately to the east of the first one. No contract has yet been awarded for this section, but it will not be long before one is let and work will be started on it this year."

PERSONAL STRIFE AMONG OFFICERS

WASHINGTON, July 15.—Personal strife among officers of the United States marine corps today reached a climax when the navy department, as the result of a court of inquiry, sent letters of censure to nearly all the officers concerned. No further proceedings are contemplated.

toricated when on duty, and sometimes failed to treat subordinates with courtesy, but was usually polite, generous and truthful, and a plain, blunt soldier, open and frank."

General Elliott was paid a tribute by the court for telling the whole truth, "even to his own detriment," if he thought the facts had the least bearing on the question. "He was suspicious," added the court, "of the adjutant and inspector, his assistants and some others, and unjustly believed they were trying to drive him from office. What added greatly to his irritability was a disease of the right ear, which infirmity does not appear to have been generally known to his subordinates. He worked for the good of the service and accomplished much, but failed to maintain discipline at headquarters as to enforce proper respect for him self in office."

Violates Spirit of Regulations. Colonel Lausheimer, according to the court, had violated the spirit, but not the letter of the regulations requiring subordination and loyalty, had been unmilitary, disrespectful and insubordinate and had made general instead of specific reports against his superior officer. But on the other hand, Colonel Lausheimer was declared to be a capable and efficient officer and one who was frequently consulted by General Elliott. Colonel Lausheimer has been on his present duty since December, 1904.

AMERICAN WAS DRIVEN INSANE

New Orleans, July 16.—Claiming that George O. Harrington, an American citizen, is insane as the result of inhuman treatment while an inmate of a penal camp at Porto Bello, Panama, a number of Americans on the isthmus are awaiting the outcome of an investigation demanded by them, according to special advices received today from Colon.

BESSIE CLAYTON SEEKS DIVORCE

NEW YORK, July 15.—Most people who have seen Bessie Clayton, the dancer, on the stage would never suspect her of being married for sixteen years. But that is the case, for Miss Clayton has begun divorce proceedings against her husband, Julian

Mitchell, one of the most famous stage managers in the country, and she set forth in her bill that she has been married for sixteen years to Mitchell. Miss Clayton and her husband met when they were appearing in one of the late Charles H. Hoyt's comedies. Later they appeared together with Weber & Fields. They have one child, Priscilla, aged nine.

RAIN PREVENTING FIRES. GREAT FALLS, Mont., July 15.—A special dispatch to the Tribune from Kalspell, Mont., says: "A little rain fell at Kalspell early today and good showers through the fire districts subsided the flames considerably. While there is a large area still burning there has been little or no wind today, and the mountains are again beginning to show up as the smoke clears away. The universal report from all the fires is to the effect that man aid little in extinguishing them, and the main hope seems to be for more rain."

Why, Sure. "I was a fool when I married you!" "But you're wiser now!" "You can bet I am." "Well, I've improved you a little then, haven't I?"—Cleveland Leader.

Boyles Win Fourth Prize!

Over Sixteen Hundred Windows Are Trimmed and Boyles Get a High Prize

OGDEN SHARES THE GLORY

Some time ago the Globe Wernicke Company of Cincinnati issued invitations to the furniture dealers of the United States to join in a window trimming contest in which the goods of the Globe Wernicke Company should be used. In response to the invitations over sixteen hundred of the best furniture concerns in America responded—using their best efforts, their best windows and their best window trimmers in the effort to capture one of the prizes. The Boyle Furniture Company was one of the number to respond with a picture of which is shown in this article. Photographs from all of the contestants were submitted and when the judges had gone over the lot it was found that the Boyle Furniture Company had won the fourth prize.
