AUTOS RACING
ACROSS DESERTCars Left Los Angeles Last Night
at 10:55 for Phoenix,
Arizona.

LOS ANGELES, Cal., Nov. 5.—The crack of the pistol at 10:55 o'clock tonight sent the first of 14 automobiles away on the 450-mile race across the desert to Phoenix, Ariz. The first starter was a Pope-Hartford, stripped down to little more than wheels, engines and frame work. W. D. Tremaine is the driver.

The last of the 14 starters got away at midnight. This was a Knox car, with Joe Nickrent, winner of last year's race across the desert, at the wheel.

LOS ANGELES, Cal., Nov. 5.—What is probably the most daring and difficult road race in America will begin at 11 o'clock tonight, when 14 racing cars, stripped to the lightest limit, will start from Los Angeles for a 450-mile race across mountains and desert to Phoenix, Ariz.

The roads are said to be the most trying and dangerous for motor cars of any course ever attempted. The route to be followed by the machines lies almost directly east from Los Angeles for a distance of 100 miles, then south and east across the great Sierra Madre mountains and through the desolate sand wastes of the Colorado desert to the Colorado river, where at Ehrenburg the machines are to be ferried across on rafts by Indians.

From the eastern banks of the Colorado the machines will speed away for 150 miles more across the cactus dotted desert of Arizona to the finishing point at the territorial capital.

The cars that are entered and their drivers follow:

BROW 21, YALE 0.

NEW HAVEN, Conn., Nov. 5.—Defeating Yale for the first time in the history of their football relations, Brown made the victory at Yale Field this afternoon decisive by rolling up a total of 21 points, and preventing the Blue from making a single score.

Yale was outplayed from the start. Quarterback Sprackling of Brown kicked three goals from placement and missed three other attempts by narrow margins. Early in the game Halfback Field of Yale was injured and had to be carried off the field.

After the game the Brown men did the snake dance about Yale Field, the first time any team except those of Princeton and Harvard has so performed.

PRINCETON, N. J., Nov. 5.—Princeton defeated Holy Cross here today 12 to 0. The score, however, would have been larger if Princeton had played up to its usual form. The Princeton team made frequent fumbles.

POLITICAL OUTLOOK
IN UNITED STATES
(Continued from Page One.)

paign since the adoption of the direct primary closed tonight.

Johnson, who has the endorsement of Mr. Roosevelt, won an overwhelming victory over four other Republican candidates in the primaries on an anti-railroad fight.

Bell, whose nomination was not contested, is his party's candidate for the second time, having met defeat four years ago by a margin of 8,200 votes.

Of the eight congressional contestants in the state, that in the San Francisco district between Julius Kahn, Republican incumbent, and Walter MacArthur, Democrat, attracts the most interest.

Betting according to the pool rooms is at even money that Johnson will carry the state by 20,000.

MINNESOTA.

ST. PAUL, Nov. 5.—With the exception county option in the rural districts there has been no real fighting issue between the Republicans and the Democrats in their campaign.

MICHIGAN.

DETROIT, Nov. 5.—The political campaign in Michigan closed with the principal candidates bidding urgently for the big vote of Detroit and Wayne county.

Charles S. Osborn is the Republican candidate for governor, and Lawton T. Hemans is the Democratic candidate.

COLORADO.

DENVER, Nov. 5.—A big rally of Democrats at the Auditorium closed the campaign in Colorado.

Betting today was 2 to 1 to 1 that Shafroth, Democrat, would be re-elected governor.

Democratic Chairman Bradley says the state will go 15,000 Democratic. Republican Chairman McDonald as-

serts there are 20,000 doubtful votes, and claims the state by 15,000.

OREGON.

PORTLAND, Nov. 5.—The liquor question is the big issue in the election in this state. Two amendments to the constitution are proposed prohibiting the manufacture, sale and possession of liquor. The general impression appears to be that these amendments will be defeated.

The gubernatorial contest is between Jay Bowerman, Republican, and Oswald West, Democrat.

NEVADA.

RENO, Nov. 5.—The congressional and state campaigns are practically closed tonight, with both United States senators on the stump. The fight centers around the senatorial and gubernatorial offices. Senator Nixon, Republican incumbent, has encountered a strong, aggressive fight from Key Pittman for the popular and advisory choice, and the legislature is pledged to abide the issue.

MASSACHUSETTS.

BOSTON, Nov. 5.—Eben S. Draper is seeking a third term as governor of Massachusetts. His Democratic opponent is Congressman Eugene N. Fox.

Members elected to the legislature next Tuesday will also decide whether Senator Henry Cabot Lodge shall be given a fourth term in the United States senate.

RHODE ISLAND.

PROVIDENCE, Nov. 5.—A division of opinion among the Republicans of Rhode Island over the success of Senator Nelson W. Aldrich is the interesting phase of the campaign. The Democrats, headed by Louis A. Vatterman, are confident of a victory.

NEBRASKA.

OMAHA, Nov. 5.—William Jennings Bryan came to Mayor Dahlman's home city tonight to say a word in behalf of Congressman Hitchcock, who is making the race for the United States senate.

Burke, the campaign has been one of the bitterest in Nebraska's history, the principal issue centering around the liquor question.

ILLINOIS.

CHICAGO, Nov. 5.—Both the Democratic and Republican parties made the usual predictions today of victory for their respective candidates in Illinois.

The campaign in some sections of the state, notably where legislative candidates were attacked because of their past actions at the state capital, has been marked with much enthusiasm, but in general voters are considered by the political managers to have become apathetic.

The city of Chicago has before it a \$2,500,000 bond issue proposition to complete payment for its new city hall.

MISSOURI.

ST. LOUIS, Nov. 5.—Three general state officers, state senators and representatives, congressmen and many minor officers will be elected in Missouri next Tuesday. A United States senator is to be chosen by the legislature next year.

The greatest interest is in the statewide prohibition amendment. Thousands of dollars have been spent by the "wets" and "drys" in newspaper advertising.

Secretary J. J. McLaughlin of the forecast tonight said the amendment would be defeated by at least 150,000 votes.

PREDICTS REPUBLICAN
VICTORY IN IOWA

DES MOINES, Ia., Nov. 5.—Governor B. F. Carroll today gave out a statement in which he predicted the election by a good majority of the Republican state ticket and in most of the congressional districts.

ROOSEVELT ATTACKS
GOVERNOR HARMON

(Continued from Page One.)

"At every stage and under all circumstances the essence of the struggle is to equalize opportunity, to destroy privilege and give to the life citizenship of his individual citizen the possible value both to himself and the commonwealth.

"We believe in efficiency in government; we stand for facts and not for formulas; we are for the efficiency shown alike by the executive, the judicial and the legislative branches of the government, each acting in its own sphere and not one of them being permitted to aggrandize itself at the expense of the co-ordinate branches.

We are for both the rights of the nation and the rights of the states but we do not wish either the cry of national rights or the cry of state's rights to be used for the purpose of subverting the cause of popular rights.

"Above all we feel that by executive legislative and judicial action it should be made clear that the national and state governments jointly cover the whole field of government, so that there shall not be left any debatable land, any neutral ground, in which wrong does secretly its deadly work, to be able to live the best legal counsel, can dwell in security and enjoy the fruits of their wrong-doing without interference by either state or nation.

"Turning to the tariff the colonel said:

"Your official party leaders in your state platform, like the official party leaders who wrote the platform in my own state, distinctly logged behind the people; and the true Republican position is to be found in that like New Hampshire and Massachusetts in the east; like Indiana, Iowa, South Dakota and Kansas in the west.

"Do not forget that the differences among Republicans have not been with reference to the principle of protection, but with reference to the proper method of applying that principle. East and west are all agreed on the principle laid down in the last national Republican platform."

The tariff commission plan of revision was heartily commended, Col. Roosevelt adding:

"In my judgement there would be a provision making it a duty of some board or commission to find out by actual investigation in any given case whether the laboring man, for whose benefit the tariff is primarily

The Democratic party in Ohio and New York was criticised, following which the colonel said:

"Throughout the nation as a whole, taking all the states together, we Republicans have shown and are showing that we can and are showing our house and set our faces resolutely toward the future. Our opponents have shown no such capacity. Their acts show the insincerity of their professions. Many of the rank and file among them are sincerely progressive but these men are betrayed by their leadership and for them to give victory to this leadership would be to work far reaching harm to the progressive cause."

HARMON ANSWERS ROOSEVELT.

SANDUSKY, O., Nov. 5.—Governor Harmon devoted nearly the whole of a talk here tonight in replying to the attacks made upon him in Toledo and Cleveland by former President Roosevelt.

He said in part:

"With his usual recklessness he (Roosevelt) talks about a matter of which he has not the slightest knowledge and makes what can only be willful misstatements on matters with which he had nothing to do. I have publicly said again and again that not a dollar of taxes was evaded nor a single rebate in any form paid while I was receiver of the Cincinnati, Hamilton & Dayton railway, and my statement is corroborated by Mr. Thomas, the general traffic manager, Captain Riffenberck, the officer in charge of the tax department, and Morrison R. Wait, the solicitor of the railroad.

"The statements to the contrary are downright lies, concocted by a satelitte of George B. Cox, for the purpose of reputation by my opponent, who has fully obeyed his master by retelling them on the stump, paying no notice to the facts stated by myself and the officers above mentioned.

"As I was a court employee, I have no motive to deprive the state of any lawful taxes and could not have done so if I had wished.

"Mr. Roosevelt's word is not good enough to add anything but wider circulation to these lies, and he ought to be ashamed to do that."

"The government has obtained an injunction against the practice of rebating in which the Santa Fe railroad company was engaged. The interstate commerce commission reported that the railroad had conspired the practice in favor of the Colorado Fuel & Iron company, one of the most offensive trusts in the country.

"As Paul Morton, then a member of Mr. Roosevelt's cabinet, had been the head of the traffic department of the road during the period covered by the report, President Roosevelt appointed two Democratic lawyers, F. N. Judson and myself, to investigate and report what course should be taken. After careful consideration and reading the evidence taken by the commission, we advised that the injunction had been violated, the rebates amounted to more than \$1,000,000, and that both in law and in fact the officers in charge of the traffic department were responsible.

"We therefore required a rule requiring these officers to show cause why they should not be punished for contempt of the injunction. We did not name Mr. Morton or any other officer, but recommended proceedings against them all alike. The president, after much shilly-shallying delay and insistence upon our proceeding against the corporation only, and none of the officers, finally flatly refused to allow us to take any other course.

"We then both resigned because we considered that such a course would be a mere mockery of justice. In that connection we urged the phrase 'guilt is always personal.'

"Thereupon Mr. Roosevelt directed the attorney general to proceed against the corporation alone, and a subordinate in the department of justice was sent to meet the formidable array of counsel which such a company always puts forth."

STOCKS ARE STRONG
WITH A GOOD DEMAND

New York, Nov. 5.—Prices of stocks today showed very small changes from last night's closing and the dealings were light. Gains were the most numerous and important, but there was a sprinkling of declines. Great Northern preferred and United States

ational Railway of Mexico second preferred declined 5/8.

The tone of the market grew stronger. The inquiry was in the well known stocks, such as St. Paul, Union Pacific, Reading and United States Steel, which responded with gains of 1 to 1 1/2. Federal Mining preferred also gained 2/8 and National Harvester 1. St. Paul, Minneapolis and Sault Ste. Marie gained 1, and Federal Mining 1 1/2.

The market closed easy and dull. Union Pacific rose early 2, Delaware & Hudson 1 1/4, and Southern Pacific, Atchison, United States Realty, the Republic Steel stocks and Distillers' Securities 1. As the day's session and week drew to a close profit-taking sales made their effect felt. The reaction ran to a point in Union Pacific, but was checked by supporting orders.

The Big Musical Comedy

"The Cow and the Moon"

Miss Florence Willis, who appeared here on previous occasions in the support of that infatigable comedian, Chas. A. Sellen, in "The Cat and the Fiddle," will again be with Mr. Sellen in his latest vehicle, "The Cow and the Moon," which is one of the newest successes in the line of musical extravaganza. Good Fairy Genii, who with her wonderful powers of magic has guided the earth beings safely over their trials and tribulations, is in these fantastic mythical plays. The little lady has gained a foothold with our theatre-goers and in the new play, will surprise her many friends in portraying different characters, first as the Genii and second as a fiery, dashing Cuban girl, which gives her plenty of opportunity to display her dramatic talent as well as sing a rousing good song number, "In Sevilla," which is one of the song hits of the performance. It was hardly expected that an actress who had always played quiet fairy parts could, as they say in theatricals, "make good" in this Cuban part, but only goes to show the versatility. Miss Willis possesses. Opportunity and a good part will make an actress show to advantage, and in Miss Willis's case she is said to be more than making good.

There are forty other personages, including a large beauty chorus, and with sixteen musical numbers, numerous scenic changes and mystifying tricks there is enough to satisfy the most exacting theatre-goer.
