

## REPUBLICANS HOLD ENTHUSIASTIC RALLY

Congressman Howell, Thomas Hull and Ben Rich Address a Largely Attended Meeting at Ogden Theater—Hull Scores Nephri Morris as a Coward—Reviews the Telegram Incident.

The final gun of the Republican campaign was fired last night in the Ogden theatre when Congressman Howell, Benjamin L. Rich and the Hon. Thomas Hull spoke before a well filled house, answering the arguments advanced by the Democratic orators who spoke from the same platform on Friday night. The meeting was an enthusiastic one, the speakers being interrupted by the tidal waves of applause which with frequent regularity swept the house from parquette to gallery.

Dye as Chairman. Samuel G. Dye, acting chairman, opened the meeting with the statement made by the chairman of the Democratic party on the night previous, that the audience that the two political parties were treated by the management of the opera house with impartiality, each being taxed \$100 for the rental of the theatre as a meeting place.

During the course of the evening the Graham Imperial quartette rendered a number of pleasing selections which were loudly encored by the gathered throng.

Ben L. Rich, Elmer Oso

Ben L. Rich as Speaker. The first speaker to take the floor was Benjamin L. Rich, a young man, who spoke with considerable force and who launched into his oration with the declaration that the Republican party would carry Salt Lake county by 5,000 majority. He forecasted a victory for the Republican forces in Weber county, stating that this county was certain to pick up a good majority for the G. O. P.

Mr. Rich scored the Democratic party and its leaders, asserting that it had formed an alliance with the Salt Lake Tribune, which in the present fight had become the official organ of the Democrats of this state.

Lauds Theodore Roosevelt.

"The Democrats have claimed that they are the great party, the great factor of the country which has done the most to curb the trusts and yet that one man," exclaimed the speaker, pointing his finger at the portrait of ex-President Theodore Roosevelt, "that one man of the Republican party has done more to curb the trusts than all of the Democrats in the country put together. In the present campaign the Democratic party has one plank to stand upon and that is the insincere issue of state wide prohibition. Prohibition does not mean temperance for you cannot legislate temperance into people. It cannot be forced upon a people by impetuous speeches. Temperance must come from within. It must mean a modification of all the passions, desires and appetites; a subordination of these blind impulses to the intellect."

"The Republican party stands for temperance and the only deal that the party leaders has made is a deal with all the people of the great state of Utah to give them a clean and upright government of affairs, the kind of government the party has always given the people of this great commonwealth."

Congressman Howell Talks. Following Mr. Rich's address Congressman Howell was presented and after an oration by the audience stated that he was glad to again face an Ogden audience. "We are drawing to the close of a campaign that has been blackened by more slander and calumny and less honest discussion than any in the history of the state," he said. "On next Tuesday the people of this state will be called upon to determine whether they will stand by the party of Lincoln, McKinley, Roosevelt and Taft or whether they will desert that party."

"During the past two years I believe that the Republican administration of this country has enacted more just and wise and more progressive legislation than has ever before been enacted in a similar length of time in the history of these United States. The Democrats say that we should have lowered the tariff more than we did. Let us see. The tariff was reduced during the Cleveland administration. What was the result? We got free wool, but the people went in rags; we got cheap food, and yet famine swept the country and the pallid lips of our children called in vain for food. And with all the cheapness, the only things that were really cheap was the tariff revenue and the Democratic party."

Says "Uncle" Jesse is Wise. Mr. Howell praised the Dingley tariff bill and stated that the present administration had raised only the things that were luxuries and that the things imported into this country for the common people were not subjected to a higher duty. He took the opportunity of stating that while "Uncle" Jesse Knight decried the

## MADAM BELL Clairvoyant

2474 1/2 Washington Ave., Room 2

Mme Bell, the noted clairvoyant and life reader, is now prepared at the above address to read the story of your life from birth to the last call. In order to prove her ability to do all she claims, and even more, this famous wonder-worker will for the next three days give readings for ladies only for

50c—THREE DAYS—50c.

If ever in your life you needed advice it is probably at the present time. Mme. Bell will give you reliable advice on love, marriage, finances, papers, etc. If you are in trouble or need gifted assistance call on

MADAM BELL.

Hours from 10 to 9, Sunday Included.

## OGDEN LOSES TO "U" FRESHMEN

High School Boys Put Up One of the Hardest Fights of the Season.

Salt Lake High School Defeats the Grand Junction Team, Colorado Champions.

In one of the fastest and also one of the hardest games of the season among the secondary schools, Ogden high school was defeated by a score of 9 to 3 by the University of Utah Freshmen team on Cummings field at Salt Lake City Saturday afternoon. After the game and on the same field Salt Lake high defeated Grand Junction high, Colorado's championship team, by a score of 35 to 6.

In view of the fact that Ogden high defeated Salt Lake high for the championship of the state of Utah Saturday last, Coach Brown of Ogden said:

"I am more than satisfied with the showing Ogden made against the 'U' freshmen. Inasmuch as the freshmen team is composed of the cream of the secondary schools of last year, I consider the showing of Ogden to be the least remarkable. The boys deserve all the credit."

"Tillie" Olsen, of the University of Utah and coach of the Freshmen team said:

"Ogden is without question the hardest team to defeat that we have met this season. For a young team they play a remarkable game. There is no question but that a number of Ogden's team will make the all state team this year."

The lineup was as follows:

Ogden High. Whittemore, Titus and Meyers Sample, It. .... Hampton Charles Smith, L. .... Wimmer W. Smyth, C. .... Kirby I. Checketts, R. .... Watson Allen, R. .... Ryerson Moran, R. .... Sutherland Simon, L. .... Hamilton Evans, R. .... Dillman "Mickey" Boyle, F. .... Ashton Ben Baum was chosen referee. Lieutenant Dickson, umpire, Ben Barker, field judge and W. S. Hedge as head line man.

At least 2,000 spectators viewed the games and about 1,000 had gathered on the field at 1 o'clock to watch the struggle between Ogden high and the "U" freshmen teams. The freshmen kicked off and Ogden after securing the ball lost it on their 10 yard line when they tried to kick it out of danger. By a series of end runs and plunges, the freshmen succeeded in carrying the ball over for a touch down. Goal was kicked and the score amid the frantic cheering from the University stands was chalked up as 6 to 0.

Ogden kicked off and the freshmen returned the ball fifteen yards before the runner was tackled. The freshmen fumbled and the ball went to Ogden after which the freshmen were penalized fifteen yards for holding. Then the ball passed back to Ogden. Each side holding the other for downs time and time again until Ogden attempted a fake play and fumbled the ball which went to the freshmen. They then tried to punt the leather which was broken up by Ogden, but the freshmen succeeded in retaining the ball. On a forward pass, Whittemore jerked the ball out of the air and started down the field but was tackled.

Ogden tried to punt and failed after which the freshmen were held until they were forced to kick. Moran caught the ball and returned it for 20 yards. Allen tore around the end for 10 yards more; "Mickey" Boyle went through center for 8 yards, after which Captain Stone hopped through a hole in the freshman line for 10 yards. This brought the ball to the 42 yard line and Moran tried a place kick for goal which he made without difficulty. The whistle ended the first quarter with the score standing 6 to 3 in favor of the freshmen.

The freshmen kicked off in the second quarter and Ogden returned the ball 15 yards before it was tackled. Then Ogden punted. The ball sailed high in the air and Sutherland signalled for a fair catch. The freshmen then tried a place kick which they made and the score was 9 to 3 in their favor. They were the last point made in the game. Ogden, although fighting valiantly for a touchdown was held by the weightier team. The remainder of the game was a series of punts and forward passes, neither side being able to score.

Benjamin of the University of Utah was chosen as referee for the Salt Lake high and Grand Junction game; Lieutenant Dickson was chosen umpire; Lieutenant Ellis as field judge and Heildges as head line man. Salt Lake kicked off to the visitors who began their play by making the ball. They recovered it however but were held for downs and the ball went to Salt Lake.

Salt Lake then took the ball down the field by a series of end runs and forward passes for a touchdown. Goal was kicked and from that time on to the end of the first quarter it was merely a question of Salt Lake running back and forth across the field for touch downs until the score stood 23 to 6 at the end of the quarter in favor of the Salt Lake high. During the second quarter Grand Junction by a series of forward passes and straight line backs carried the ball over for a touchdown and kicked goal. But Salt Lake rallied and run the score up to 35 before the whistle ended the game. At no time was the game in question, Grand Junction being clearly outplayed and out classed in every feature of the game. Numerous predictions were made on the side lines as to what the score would have been had Grand Junction been pitted against Ogden instead of Salt Lake. Both teams will play at Grand Junction, Colo., on Thanksgiving day.

## HUNDRED MILLION POUNDS OF SUGAR

Ogden Sugar Factory Has Turned Out This Amount Since Established.

Weber Club Prepares Statistics on Agricultural Output in Weber County.

A hundred million pounds of granulated sugar! The mind can hardly grasp the magnitude of this figure nor the vast bulk of this staple commodity which the figures represent. Statistics relative to the agricultural output of Weber county recently compiled by the Weber club of Ogden show that since the establishment of a Beet Sugar Factory at this point there have been manufactured more than a hundred million pounds of sugar from beets grown within the confines of Weber county alone.

To better comprehend the quantity of sugar here represented one may picture a snowy shaft of sweetness, fifty feet square at the base and tapering slightly to an altitude of one thousand feet—the approximate height of Eiffel Tower at Paris.

The beets which have been used in the manufacture of this vast quantity of sugar is no less than 500,000 tons grown entirely within Weber county.

A billion pounds of beets is also difficult to comprehend without the aid of comparative figures. It is easier, perhaps, to imagine a slightly tapering monument, 75 feet square at the base, piercing the atmosphere to a height of a mile, or one foot higher than the rocky crest of Observatory Peak.

Curious as it may seem to those who regard the manufacture of sugar from beet roots as a comparatively recent innovation, the process has been known for more than a hundred and sixty years.

It was in the year 1747 that a German scientist discovered the fact that sugar could be extracted from the beet but in that slow-going age the importance of the discovery was not realized and fifty years elapsed before the first factory was erected and placed in operation.

As yet as 1820 attempts were made to introduce the industry in America but again the merits of the proposition were not recognized and another fifty years rolled on before the first factory was finally established in California.

Since that time the industry has developed to one of vast importance and there are today about 70 factories in operation in the United States, totaling an average daily capacity of 50,000 tons of beets. Close to 350,000 acres of land are now devoted to beet culture and it is estimated that 350,000 long tons of sugar was manufactured last year.

In the beet-raising world Utah stands fourth with five sugar factories to her credit. From statistics gathered over the state it is conclusive that Weber county is the banner beet district of the inter-mountain country.

Last year there were harvested in Weber county alone over 67,000 tons of beets from which there was manufactured 16,000,000 pounds of the highest grade of granulated sugar.

For this remarkable crop the Amalgamated Sugar company paid into the bank accounts of Weber county farmers no less than \$330,000. A careful compilation of annual statistics shows that the company mentioned has paid since the establishment of the Ogden factory in 1898 a grand total of \$3,000,000 for beets or an average of \$250,000 a year.

With this object lesson constantly in view it is not strange that capitalists look forward to the doubling of the output of this section by the establishment of new factories while on the other hand, the non-beet-raising farmers are only too anxious to engage in an industry which will net them annually from a few acres of ground more than that realized by the possessor of a homanza wheat farm anywhere in the west.

## MAY DISFIGURE BOY FOR LIFE

Carl Ford and Richard Harbertson May Face a Serious Crime.

Paint Young Shupe's Face With Acid—Burn Ugly Scars on Their Victim.

The unusual means employed by Carl Ford and Richard R. Harbertson to rid the Munsey cigar store of an alleged loafer has resulted in their arrest, and which may be followed by criminal prosecution on a serious charge.

The victim is a son of Peter Shupe, who resides at 722 Twenty-sixth street, and their arrest was made on a warrant sworn out by the father of the boy last evening.

Ford is 21 years of age and is employed as a shoe shiner at the Munsey store. Harbertson is also 21 years old. When they could not induce the Shupe boy to leave the place one of the young men under arrest held him while the other daubed his face with a black solution used for cleaning shoes.

It has now developed that the solution was composed of an acid and wood alcohol, which blistered the boy's face and continued to eat into the flesh until an antidote was applied. It is now feared that the boy's face has been permanently disfigured, and Ford and Harbertson will be held pending the result of the boy's injuries.

Ford gave bond and was released, but Harbertson was still in jail last evening.

Dyspepsia is America's curse. Burdock Blood Bitters conquers dyspepsia every time. It drives out impurities, tones the stomach, restores perfect digestion, normal weight, and good health.

## DEATHS AND FUNERALS

JOHN COLT.

The funeral of John Colt will be held this afternoon, with services at the late residence, 2005 Madison avenue, at 2 o'clock. Those desiring to view the remains may do so between 10 and 2 o'clock.

## MRS. SHEPPARD ON PROHIBITION

Noted Woman Orator Addresses Meeting at First M. E. Church.

Declares the Eyes of the Nation on Utah—Watch Fight the Saloons.

"The eyes of the nation tonight are on Utah to see what this state, where women vote, will do in the hour of her opportunity to sweep the saloons out of Utah," said Mrs. E. E. Sheppard, state president of the W. C. T. U., as she spoke at the Methodist church last evening.

Accompanied by Mrs. F. S. Richards, state president of the council of women, Mrs. Sheppard is making a whirlwind campaign over Utah in the interest of the prohibition issue.

Continuing, Mrs. Sheppard said: "Florida is sure of victory; Oldham is in the midst of a big temperance campaign; Missouri is fighting a tremendous battle; Oregon is going dry. Shall Utah, where the women vote, of all these crucial states, go wet and everlastingly disgrace herself? I believe not, for everywhere the tide is rising."

"Provo is assured; Utah county and Senpelt are out for prohibition, and Salt Lake is waking up. They say I have changed parties. No, I stand all we women stand, where we stood two years ago. But parties have changed, and the Democrats now come to us."

Mrs. Sheppard then told of the marvelous results of prohibition she had seen in Kansas and Oklahoma, and continuing said:

"The four cities in the nation—Pasadena, Cal.; Oklahoma City, Okla.; Muskogee, Okla., and Birmingham, Ala., which the census reports show as making the greatest gains in population, are all dry. Muskogee, Okla., under dry law has jumped from a village to a city bigger and far ahead of Ogden."

"In Kansas they are storing corn in empty jails, and Governor Stubbs says property in dry Kansas has increased 400 per cent in five years, and I heard him offer \$500 for any 'blind pig' that could be found in Kansas."

"Before an immense St. Louis audience the governor of Kansas said: 'I would not be governor of a state where saloons are bigger than the governor.'"

Mrs. Sheppard will speak this afternoon at 3 o'clock at the Methodist church; at 8 p. m. at the Baptist church, and at 9 o'clock in the Presbyterian church.

## SOCIETY

(Continued from Page Five.)

Mr. and Mrs. D. H. Kahrt of Des Moines, Iowa, have been the guests of Mr. and Mrs. T. H. Carr during the past week.

David Reese of Provo has been engaged for the tenor role in the opera that is to be given by the O. H. S. Alumni December 2nd and 3rd. Mr. Reese has made a very pleasing impression in former tenor roles in which he has appeared, among the number especially mentioned being his rendition of the part of Boccaccio in the opera of that name and of Hillarian in the opera, Princess Ida. Two years study in Germany added greatly to Mr. Reese well known talent as tenor in difficult roles. He arrived in Ogden for rehearsal last night.

D. W. Murphy will assist in staging the opera and Prof. Ballentyne who is directing the rehearsals is well pleased with the work already accomplished and is looking forward with great enthusiasm for a most successful outcome of this most potent operatic presentation ever staged by the club.

NOTICE.

Members of Moose, please meet at Eagles hall at 2 p. m. Sunday, Nov. 6, to attend the funeral of Brother Plaine. Funeral to take place from Heaton-Kirkendall's at 3 p. m.

R. A. IRVINE, Sec.
