CHRISTMAS

Some Suggestions for Useful and Suitable Presents.

As Christmas approaches the question of deciding on some appropriate present for your relative or friend becomes more puzzling. This is caused by the abundance of suitable goods offered at the different stores. In conversation with a prominent business man this morning, he suggested that there was nothing more appropriate for a present than a box of cigars or a nice bound book. To quote him: "I tell you that you can find the nicest line of cigars in the city at the Traders Hotel News Stand. They have them in abundance in nice fancy boxes of 25, 50 or 100 and the prices are right, the cigars the best and any recipient of a box of them would be pleased. You had better call early before they are all gone. Go in and make your selection and have them laid away till Christmas. In books you will find some very nice ones fresh from the press and prices are right. Remember the place. Call early. Act quick. They are both going fast."
