The man who will trade on the reputation of another, and offer you a substitute for some well-known brand of food or medicine, is no better than the swindler who offers you a gold brick. Ten chances to one his own article is about as cheap as the brick.

A leading Law and Order man has been arrested for selling house illegally and for perjury in his warfare against other house sellers. But, it is not unusual to make such disclosures with Law and Order people. With such hypocrisy revealed from time to time, it is no wonder that an organization supposed to have for its object the elevation of mankind should come into disrepute and be looked upon in an unfavorable light.

Charles W. Swisher has been talking politics in the southern part of the state. Swisher is said to be a candidate for governor along with several others on the Republican side. He has a reputation of getting there, but he has never gone up against anything quite as big as the governorship. Still, Swisher is a big man and he would make a hustling nominee and a busy governor. Fate may land him there. It depends a good deal on the strength of the other fellows.

The Democratic press is somewhat at seas in the tax reform matter. It would like to make political capital out of the question and has made feeble attempts of that sort, but it finds itself opposed by the leading and influential men of the party. When it tries to strike at the Republican party in this party it hits its own party a heavy blow. The tax question is not a political issue and can not be made so. Republicans and Democrats alike favor or disfavor the commission's report. Then, why vainly attempt to make political capital out of it. The Democratic paper that does so is foolish.

Success in business is not to be reached nowadays in the easy-going method that obtained a generation or two ago. Times have changed and people have changed with them. Push is the only thing that will carry a man ahead, and it is the liveliest pusher that gets there first. As a general rule the chronic pusher is the chronic advertiser. Printer's ink is the lubricating oil of his business wheels, and he never allows them to creak or grow rusty for want of it. Hard times and poor business are incentives to increasing his advertising, rather than any argument to him for cutting it down. It will pay the semi-occasional advertiser to ponder over the pusher's success.—Printer's Ink.

An important criminal trial is on in a New Jersey court. The directors and officers of the North Jersey Street railway are on trial for the death of several school children in an accident that happened last February. Among them is the president of the Pennsylvania railroad, A. J. Cassatt. The other men are prominent bankers and financiers. On account of the character of the accused men the case will be watched with interest. Furthermore, there is no precedent and the outcome is all the more important because of that fact. Conviction of these men will have an important bearing on the legal disposition of railroad wrecks in the future and may result in railway officials being held just as much responsible for accidents and catastrophes as the employees.

TEARING UP THE EARTH

ARE ONE HUNDRED ITALIANS FOR THE LARGEST MANUFACTURING INDUSTRY IN THIS SECTION.

Grasselli Chemical Company Places Orders for Brick and Other Material for the Mammoth Plant.

Col. Joe Fucey has one hundred Italians grading for the Grasselli Chemical company's large manufactory at Steelton, and they are tearing up the earth, so to speak.

The company has had two water wells drilled. Both are splendid producers, and they have started on another.

A stone quarry has been established, and stone is being gotten out for the manufactory of the manufactory. They have telephone connections with the city and are in touch with the city officials in the Horner building.

The company has placed several large orders for brick with home brick companies.

OWES HIS LIFE TO A NEIGHBOR'S KINDNESS.

Mr. D. P. Daugherty, well known throughout Mercer and Sumner counties, W. Va., most likely owes his life to the kindness of a neighbor. He was almost hopelessly afflicted with diarrhoea; was attended by two physicians who gave him little, if any relief, when a neighbor learning of his serious condition, brought him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which cured him in less than twenty-four hours. For sale by G. C. Stone, druggist.

COMES TO CLARKSBURG.

Walter Farrow, a well known young business man of this city, left last night for Clarksburg, where he has accepted a position as traveling salesman for a hardware company of that place. His district will be the eastern part of West Virginia, says the Parkersburg State Journal.

A REMARKABLE RECORD.

Chamberlain's Cough Remedy has a remarkable record. It has been in use for over thirty years, during which time many million bottles have been sold and used. It has long been the standard and main reliance in the treatment of croup in thousands of homes, yet during all this time no case has ever been reported to the manufacturers in which it failed to effect a cure. When given as soon as the child becomes hoarse or even as soon as the croupy cough appears, it will prevent the attack. It is pleasant to take, many children like it. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by G. C. Stone, druggist.
