

ATTORNEY RESCUES YOUNG LADY

From a Perilous Position and is the Hero of the Hour Among His Neighbors, Especially the Women Who Witnessed the Incident.

Threw Out the Life-Line to Her and Pulled Her Up the Cliff She had Rolled Down—Miraculous Escape of Miss Nisjen from Serious and Painful Injuries.

Attorney W. Frank Stout was the hero Tuesday morning in a most peculiar, although when the circumstances are considered not strange, incident.

The attorney was astounded when he looked down toward Elk creek to see a woman standing on the brink of the cliff at that point with a small cord in hand trying to assist some one from below.

It was Miss Ida Nisjen, who resides with her mother on Mr. Stout's property in that neighborhood.

Mrs. Nisjen was attracted by her screams and appeals for help, and she ran quickly to her rescue, but was powerless to assist her, having no rope about her.

Others, especially the women of the neighborhood, were attracted to the scene and fully twenty-five of them gathered, but Mr. Stout was the hero of the hour.

The poor, sickly remnant of the Democratic party, hidden under the old fur robe of union labor, met again at Adamston last night and in their old way nominated the same old ticket, Citizens, it was the same thing over again.

The little goatee man played a small part publicly, but any one could plainly see that he had been dictating and playing lord of all, prior to the opening of the convention.

As I said in the beginning, they put the same ticket in the field. You know "Where ignorance is bliss, 'tis folly to be wise." They did not display enough ignorance last term, so they decided they would give them a chance to run the limit.

Now, I appeal to the voters of Adamston, as this is the right way to establish a firm municipal government in our town. Study this thoughtfully and vote according to the dictates of your own conscience next Thursday.

Miss Nisjen was terribly frightened but acted with much coolness when she saw rescue in sight. She did not lose her presence of mind and, when she was again safe on terra firma and with her friends, she did not hesitate to shower expressions of gratitude upon Mr. Stout and to fervently thank him for his heroic efforts.

It was fortunate that the cliff was a considerable distance from the creek, and that the level lay between, or she would have rolled into the water or upon the ice and perished, perhaps, before she could have been rescued.

Of Construction Work on the Buchanan and Northern Railroad is Expected by One of the Contractors.

The fact that the Wabash contractors who were at work on the Buchanan and Northern railroad, and who were ordered last week to suspend operations except to keep and retain their camps along the route and not remove any of their equipment, says the Parkersburg News, is taken as indicative of the resumption of work within a short time.

Mr. T. P. Dennis, of the firm of Rinehart, Dennis & Co., who have the contract for grading the road, was in the city yesterday from Fairmont, and refused to say much about conditions along the line. He said, however, that his company would not remove its equipment, but expected to resume work within a few months.

He said his impression is that the bad weather was the principal cause of the temporary suspension.

WILL NOT GIVE MATINEE.

The Will H. Meyers Stock company, which is filling a three nights' engagement at the Traders Grand opera house will not give their matinee performance on Wednesday afternoon.

They had advertised to present "The Heart of Colorado" at that time, but other arrangements have compelled them to cancel the attraction.

They will give two more performances, one tonight and the other tomorrow night. The title of the play tonight is "The Moonshiners," and the one tomorrow night "The Ragged Hero."

Alleges That Democratic Remnant is Hiding Under the Robe of Union Labor.—An Appeal to the Voters of That Town.

The poor, sickly remnant of the Democratic party, hidden under the old fur robe of union labor, met again at Adamston last night and in their old way nominated the same old ticket, Citizens, it was the same thing over again.

The little goatee man played a small part publicly, but any one could plainly see that he had been dictating and playing lord of all, prior to the opening of the convention.

As I said in the beginning, they put the same ticket in the field. You know "Where ignorance is bliss, 'tis folly to be wise." They did not display enough ignorance last term, so they decided they would give them a chance to run the limit.

Now, I appeal to the voters of Adamston, as this is the right way to establish a firm municipal government in our town. Study this thoughtfully and vote according to the dictates of your own conscience next Thursday.

Young Boy Who Nearly Lost His Life Last Summer by Falling from Street Car, Succumbs to Typhoid-Pneumonia Monday Evening.

Joseph L. Wiley, the fourteen-year-old son of Mr. and Mrs. C. A. Wiley, of 743 Locust street, died Monday evening at 6 o'clock, after an illness with typhoid pneumonia.

It will be remembered that the deceased was the boy who nearly lost his life on the Fourth of July last by falling from a trolley car and receiving a fractured skull by his head coming in contact with a trolley pole.

The doctors found that the left frontal bone of the skull had been fractured, and healed up, and that the cause of the boy's death was simply typhoid pneumonia. They decided that the injury to the head was not the cause of death.

The deceased was a bright little fellow and had many friends among his school-mates and play fellows. Many are the friends who extend their heartfelt sympathy and condolences to the family in their hour of sorrow.

No arrangements have been made for the funeral as yet.

Dr. Luther Haymond has moved his offices from his home at 432 West Pike street to the Jacobs building on Main street. He has the suite of rooms on the second floor front lately vacated by the insurance firm of Cottrell & Hopkins.

KILLED

AT AKRON, OHIO, IS REPORT THAT COME FROM FORMER CLARKSBURG CITIZEN.

LEE ANDERSON LEFT HOME SHORTLY AFTER THE FAIR, AND IS STILL MISSING.

Heard from: But Once Since He Left and He Was Then at Akron.—Report of His Having Been Killed Discredited by Relatives.

The report is current that Lee Anderson, son of James R. Anderson, of this city, was killed Monday in Akron, Ohio, but so far there has been no confirmation of it.

Relatives of the missing man are in ignorance of anything tending to accredit or confirm the report, but they will make efforts to ascertain the truth or falsity of it.

Mr. Anderson formerly was a brick-setter at the Clarksburg brick works but left home just after the recent fair here the first week in September, and has not been heard of but once since, and that was when he wrote a letter several weeks ago from Akron. He is 28 years of age and single.

The report has caused his relatives considerable alarm, but they are not altogether inclined to believe it.

ENDED

WILL BE THE SHUT-DOWN OF THE INDUSTRIAL GLASS FACTORY TOMORROW.

EMPLOYERS CHANGE PROPOSITION SLIGHTLY, BUT SATISFACTORILY, TO THE MANAGER.

Agreement Will Be Entered Into at Once and Operations Will Be Immediately Resumed.—Settlement Hailed With Delight by All.

The shut-down which occurred Monday at the Industrial Window Glass plant in the Clarksburg Industrial company's addition to the city, is still on, but there is every prospect that there will be a resumption of operations at the factory Wednesday morning.

The employees considered the proposition of Manager DeVaughn to pay them market money weekly and share the profits with them at the close of the year. They made a few alterations and returned the proposal to Mr. DeVaughn. The changes were satisfactory to him and it is stated that an agreement will be signed this evening or tonight and that all the men will return to work tomorrow morning.

The speedy settlement of the difficulty if such it could be called, is hailed with delight by all who are interested in the industrial and commercial features of Clarksburg, and it is the hope of the Telegram that the company may be prosperous, and that there will be a large amount of profits to be divided at the close of the season.

BURGLAR

ENTERS THE CLUB ROOM IN THE BASEMENT OF THE TRADERS BUILDING.

CUT AND SCRATCHED ONE OF THE TABLES WITH A SHARP INSTRUMENT, EVIDENTLY A KNIFE.

Used Skeleton Key to Obtain Entrance, Going in Through the Hall Door. Seemed to Be After Money, But Got None.—No Clue.

The club room in the basement of the Traders building at the corner of West Main and South Third streets, and just underneath the Traders bank, was burglarized at an early hour Tuesday morning. The burglary took place after the room had been closed for the night at the usual hour.

The burglar seems to have entered the room by using a skeleton key to unlock one of the hall doors, as everything was securely fastened when the room was closed for the night. And next morning the porter found the hall door standing open.

The case was not reported until those in charge came to open up the room at noon Tuesday. An inspection of the tables, desks, money drawers and other places was immediately made, but so far as was discovered nothing was disturbed except one table, which was badly cut and scratched up, as if a sharp knife had been drawn across it.

There is no clue leading to the identity of the burglar, and it is unlikely that he will ever be apprehended. He was evidently in quest of money, but none had been left in the room.

It may be he was exploring the basement in order to devise a way to blow up the vault of the bank above, but concluded the task was beyond him. At any rate no attempt was made to do so.

SMALLPOX PATIENT MOVED AND PEOPLE HOT

Woman Afflicted With the Disease Taken Out of Cain Street Resort and put in Bassell Home on Monticello Avenue in Still Watches of the Night.

Case Finally Reported to Health Officers and County Takes Charge of the Case—Blame Attached to Those Who Removed Her and Not to Authorities --People Greatly Incensed.

There is much indignation, and righteous it is, over the surreptitious removal of a smallpox patient from the house of ill-repute on Cain street, recently conducted by Josephine Hornbrook, now dead.

The case was not reported to City Health Officer Peck until Monday, although the removal was made Sunday night. The patient was taken to the home of the colored people, named Bassell, on Monticello avenue, where smallpox formerly existed. Just at what hour of night the afflicted woman was taken from Cain street to the Bassell residence is not known, but it is believed to have been after the hour of midnight, when all were sound in slumber and there was slight, if any, opportunity of detection in the act.

It is altogether probable that a cab was used in the transfer, and that may furnish a clue in running down the parties who thus endangered the health of the entire community by a spread of the disease. That every effort will be put forth to fully investigate the matter and punish the guilty parties there should not be a shadow of doubt, if the city officials but do their duty.

Some time prior to the removal of the woman from Cain street there, existed another case in the Hornbrook house, but she recovered and the quarantine was lifted. There was likely some defect in the disinfection of the place, and the second case appeared, but the city authorities had no knowledge of it until after the removal of the patient, when it was reported from Bassell's.

In addition to this case, there are those who think the necessary precaution was not taken when the proprietress of the house died and the body was shipped away on a train. Some doubted the safety of shipping the remains from a house that had a contagious disease in it, but the city health authority made out a certificate and the undertaker shipped the body.

At the time the case was transferred from Cain street to Monticello avenue Dr. Nelson Peck, the city health officer, had the smallpox in the city in charge, and, of course, the case was reported to him. A few days prior to this the county health board held a conference with the city authorities, and it was precisely decided then that if the city did not desire to handle the smallpox cases, the county health board would take entire charge. After the case had been reported the mayor saw Dr. C. W. Halterman, the county health officer, and he, in turn, conferred with S. S. Faris, president of the county court, and it was then definitely determined that the county authorities should assume complete jurisdiction of the smallpox in the city, and Dr. Halterman took charge of the case Monday evening, a day after the removal.

The impression is abroad that the county authorities are to blame, but the circumstances do not warrant such a conclusion. Nor were the city officials to blame, but the parties who are responsible for this transfer of the patient are the ones who are culpable, and every effort should be made to bring them to justice.

The patient is Esther White, and has been an inmate of the place on Cain street some time.

Dr. M. J. Bartlett was the one who discovered the case, and reported it to Dr. Peck. That was his only connection with the affair.

WILL ATTEND LECTURES. Dr. Charles Taylor, of West Meckanic street, will leave tomorrow morning to attend the clinical lectures at John Hopkins at Baltimore and Jefferson Medical college of Philadelphia. He will be gone about three weeks.

WEDDING SCHEDULED. The marriage of Henry D. Maxwell, son of Eli Maxwell, of Marshville, will be married tomorrow to Miss Myrtle Patterson, daughter of Archibald Patterson at Salem.

MARRIAGE LICENSE ISSUED. The county clerk Tuesday afternoon issued a marriage license to the following persons: Henry D. Maxwell and Myrtle Ellen Patterson.

MEETING NIGHT CHANGED. The next regular meeting of the Trades and Labor council will be held Friday night, the night of meeting having been changed from Monday night to that night every week.

DISMISSED. The case against Arnold Hutchinson colored, preferred by Albert Jones, colored, in Squire J. N. David's court Saturday, was called Tuesday in the same court. Jones charged Hutchinson, in the warrant, with assault and battery, committed at an early hour last Friday morning, and he showed evidences of having been battered up. The fight occurred on West Main street just a short distance west of Fifth street, and four or five fellows were implicated. Threats were made during the melee to "knive," but it seems no one had one, and as a consequence there was but little bloodshed. When the case was called for trial, the state furnished no evidence, and as the inevitable result, the magistrate dismissed it and permitted the accused to go his way.

MEETING NIGHT CHANGED. The next regular meeting of the Trades and Labor council will be held Friday night, the night of meeting having been changed from Monday night to that night every week.
