THE NEW YORK WORLD THIRICE-A-WEEK EDITION

Read Wherever the English Language is Spoken.

The Thrice-a-Week World long ago established itself in public favor, and it is now recognized as the strongest publication of its kind in the United States. Advertisers and publishers seeking clubbing combinations—and they know best—universally testify to this. It is widely circulated in every State and Territory—Union, and even in remote South Africa and on the gold fields in the deserts of Australia. These are the things that tell.

Next year we have the Presidential campaign, in which all Americans are deeply interested. Already the issues are being discussed and the two great parties are preparing for the first moves. You will not want to miss any details, and if you subscribe now your year's subscription will cover the campaign from beginning to end.

The Thrice-a-Week World is absolutely fair in its political news. Partisan bias is never allowed to affect its news columns, the Democrat and Republican alike can obtain in its pages truthful accounts of all the great political contests.

In addition to all the news, the Thrice-a-Week World furnishes the best serials, elaborate market reports and other features of interest.

The Thrice-a-Week World's regular subscription price is only \$1.00 per year and this pays for 156 papers. We offer this unequalled newspaper and the Clarksburg Weekly Telegram, together for one year for \$1.65.

The regular subscription price of the two papers is \$2.00. d-w-tf.

A Newspaper Worth Reading.

The Pittsburg Times is a conservative careful newspaper for particular people's statements of fact and comments on them are concise and correct. Its departments are in charge of experts, and its authority in all matters pertaining to the events of the world at large and of the community it represents more particularly is recognized. It has no Sunday edition, and its position in that regard in Pittsburg is as unique as its thorough reliability in every way. Staunchly Republican in political policy it yet gives all the news of all parties in moral tone and high, and churchmen of every creed find in its columns more news of their interests and work than in all its cotemporaries combined. Sports are given the prominence they deserve and no more. The news concerning them is bright, timely and adequate, for the work is done by a master. Theaters in the Times as in no other paper have the truth told about them and the plays they offer. No business considerations ever interfere with the publication of criticisms that really criticize in this department, too. The work is done by a master. Society and the affairs of women find careful and complete exposition on the page devoted to them. Industrial matters are accorded the prominence they merit in a Pittsburg paper, while the stock market is given the attention that has brought the Times into the front rank of financial authorities. Above all the Times is a model not only of brevity of statement but of dignified simplicity in its typographical appearance. It offends neither the eye nor the sensibilities. Those things that are of importance are treated accordingly. Those that are unimportant are handled in keeping with their value. Each issue of the Times is a day's history of events the wide world round. Its price is one cent daily or \$3.00 a year.

KEYS OF THE BASTILLE.

These Historic Relics of Old Paris Owned by an American.

The keys which locked the great gates of the Bastille at the time of its fall have been in America for a number of years. For nearly a century they remained in the possession of the family of the Frenchman who took them from the famous prison, though they have recently come into the possession of an Englishman living in Quebec.

When the mob stormed the prison on July 14, 1789, a Parisian, Carrier Lechastelet, is said to have been the first to rush over the drawbridge as it fell. It was he, at any rate, who overtook a fleeing jailer and took the keys from him. The mob immediately struck the keys on the end of a spike, and an immense throng paraded with them through the streets. They were considered one of the most valuable trophies of the revolution.

Lechastelet kept the keys, and they remained in his family until 1850, when a descendant of the family emigrated to America, taking them with him. Eventually the keys were sold to John Hamilton of St. Louis, who kept them for twenty-five years, exhibiting them from time to time, when they were sold to a Canadian.

One of the keys was obtained in France by General Lafayette and was presented by him to George Washington a year or two before his death. It hangs in the mansion at Mount Vernon and has been seen by thousands of visitors there.

The keys at present are very old and rusty. The largest of them is twelve inches long and is quite heavy. The smallest is of fine workmanship, the socket being shaped like the ace of clubs, and is supposed to have belonged to the treasure rooms. This and another key measure six inches in length, while the other two are about ten inches and much heavier.—Washington Times.

Do You Want Strength?

If you want to increase your strength you must add to and not take from the physical. In other words, the food that you eat must be digested, assimilated and appropriated by the nerves, blood and tissues before being expelled from the intestines. Kodol Dyspepsia Cure adds to the physical. It gives strength to and builds up strength in the human system. It is pleasant to the taste and palatable, and the only combination of ingredients that will digest the food and enable the system to appropriate all of its health and strength-giving qualities. FRENCH POLITENESS.

It is Widespread, Oppressive and Time Devouring.

During one summer which I spent among exclusively French people in a hotel at Saint-Germain I estimated that I lost quite twenty-four hours out of each week saying good morning and good evening to the men, women, little children and dogs about me. If you encounter the same person twenty-five times in the same day, you must smile rapturously, pause, at least shake hands if you do not kiss, ceremoniously inquire how he or she is "going" and ceremoniously bid him or her "au revoir" at parting. Not only every man and woman expects this, but all the little children toddle up to you, shake hands and exact the same amount of ceremony. Then every well regulated French family has a dog that eats more than likely occupies a chair and eats off a plate beside you at the table, so that it is considered churlish if you do not also stop and tell the dog "bon jour" and "au revoir" a dozen times a day, pausing to take the paw which he is prettily taught to extend to you.

When the washerwoman brings home your linen, there are at least five minutes spent in ceremoniously greeting and parting from her. In the operator of receiving and paying for linen you exchange "merci" and "pardons" not fewer than ten times. Any other serving person or tradesman who comes to do business with you throughout the day you continually receive with "bon jour, monsieur," and "au revoir, monsieur," and you thank him and beg his pardon as often as you can possibly get the words into the length of time he has to stay.—Harper's Bazar.

Doing Their Duty

Scores of Clarksburg Readers Are Learning the Duty of the Kidneys.

To filter the blood is the kidney's duty. When the fail to do this the kidneys are sick.

Backache and many kidney ills follow; Doan's Kidney Pills cure them all. Clarksburg people endorse our claim.

Mrs. Wesley Davis, Wesley Davis school teacher, residence 517 E. Pike street, says: "My son, a young man of 22 years of age, complained a great deal at times of lameness and soreness in his back. Knowing that such annoyances were apt to grow complicated if not attended to he was induced to use Doan's Kidney Pills and procured them at Wells & Haymaker's drug store. From the results he received so quickly, quietly and thoroughly there is no doubt but the remedy can be depended upon for backache or kidney complaint in any form."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.

PICTURE FRAMES.

Pretty and Artistic Ones Can Be Made by Using Burlap.

It frequently happens that the least expensive frames and mats used for pictures are those which best accomplish their mission to effectively set off the picture they inclose. Among these must be classed burlap, than which nothing could be better calculated to throw into relief certain pictures when harmonizing tints are selected. A hunting scene, for instance, may be suitably framed in red burlap, brown prints in like color, and dull green or blue burlap will be found an artistic background for pictures of almost any coloring.

To make the frames bookbinders' or pulp board is the best material for a foundation. Cut two wide mats of this to fit the picture, the outer one having the opening a trifle smaller than the inner one, as the glass is to be placed between the two. With thin glue paste the burlap over the outer mat, being careful that the edges are turned over neatly. Glass and pictures are held in place by strips of paper glued across their corners. A backing of cardboard may be covered with the burlap and brass rings added to hang the picture by, the whole being pasted afterward to the mat. Those who have never tried this experiment will be surprised at the pleasing results obtained.—Brooklyn Eagle.

Tragedy Averted.

"Just in the nick of time our little boy was saved," writes Mrs. W. Watkins of Pleasant City, O. "Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for Consumption, and our darling was saved. He's now sound, and well." Everybody ought to know; it's the only sure cure for coughs, colds and all lung diseases. Guaranteed by Frank C. Bland, Druggist. Price 50c and \$1.00. Trial bottles free.
