COLLECTOR ABOLISHED

Telephone Rentals Must Be Paid Either at Central Office or General Office--Other Matters Pertaining to Telephone Service.

The Consolidated Telephone Company has issued the following letter to its patrons: "Your attention is called to the following facts in order that you may know what efforts have been made to improve and extend the service: "During the past two years about fifty thousand dollars (\$50,000.00) has been spent in improvements and extensions, and we are now prepared to give our patrons as far west as Parkersburg and Marietta, as far east as Oakland, Md., as far north as Wheeling and in a short time will reach Pittsburg and Cleveland, as far south as Sutton, Glenville and Grantsville.

"Besides this we have connected Mannington, Fairmont, Fairview, Gratton, Clarksburg, Elkins, Belington, Parsons and intermediate points with copper metallic circuits. We are desirous of giving the best possible service to all patrons and we are glad to have suggestions from subscribers that will improve our service.

"Owing to the large number of subscribers, the extent of the territory covered, and the expense of collecting the rentals, it becomes necessary for us to establish a system by which our subscribers can call at the central office with which they are connected and make settlement, or remit same to the general office at Fairmont, W. Va., rather than have a collector call on each patron.

"The board of directors have decided that the telephone rentals will remain the same to all subscribers who pay on or before the 15th of the first month of each quarter; namely, January, April, July and October. All telephone rentals are by the contracts and the rules of the company due and payable on the first day of the quarter. We will adopt the method employed by the gas and electric light companies, and mail you a card showing you the amount due for telephone service. You will notice that the rental as it appears on the card has been increased fifty cents per telephone but this will be rebated if paid on or before the 15th of the first month of the quarter to your contract at your central office, or at the general office at Fairmont."
