One ball entered one of Robinson's arms another the right side, another the groin and the other his leg. The wounds are not regarded dangerous and he will recover at Cook's hospital at Fairmont, to which he was taken last night. Brown's injuries are slight and he is now in a hospital here. No News About Adams. There is no new development today in the case of J. R. Adams, who is missing. Floyd Robinson's wife came back from Cincinnati last night, where she had been visiting and she stated this morning that she had read in the Time-Star of that city of the 20th of an account of the death of a man named J. R. Adams in that city and she wondered at the time whether it was J. R. Adams, of Clarksburg. Her remarks caused some little excitement among the close friends and relatives of the missing man, but when they looked up the paper, they found that it was an account of Mr. Adams' disappearance that Mrs. Robinson had read and not an account of his death.

HAGGERTY ARRESTED

Together With Two County Officers of Preston County, Charged With Violating One of Judge Jackson's Injunctions.

Thomas Haggerty, the well known labor organizer, who had his headquarters here until recently, and who was arrested two years ago on the charge of violating Judge John J. Jackson's injunction against coal mine strikers, has been arrested again on a similar charge. The arrest was in Preston county, where an injunction by Judge Jackson had been granted to the Pennsylvania Consolidated Coal Company, which has mines in that county and where there is a strike. Others arrested with him were Magistrate Eugene McGinnis and Special Constable H. H. Cross. The arrests were made by United States Deputy Marshal Dan R. Jackson Thursday. He took them to Parkersburg, where they appeared before Judge Jackson Friday. On their motion the case was continued until Monday, August 1, and they were released on their own recognizances of \$500 each.

According to the statement of the men arrested, John Selvey, deputy sheriff of that county was shot by the pickets, and thereupon warrants were sworn out before Squire McGinnis charging Joseph Mince, Thomas Walker, W. F. Harvey, Charles Fortney and others with carrying firearms and with unlawful and malicious shooting. The warrants were sworn out by Lloyd Ruth, and were served by J. M. Devoll, constable. The Squire, being served with a restraining order refused to try the case. Other warrants were then sworn out, and a mandamus was issued from the circuit court of the county, requiring Squire McGinnis to proceed with the cases. The new warrants were then served by H. H. Cross, chief of police of Tunnelton, acting as special constable. The defendants were brought into the Squire's court on Tuesday, and their cases were continued until Wednesday, the 27th inst.

Rules for contempt were issued against Squire McGinnis, H. H. Cross, constable, and Thomas Haggerty. The two officials were arrested at Tunnelton and allowed to proceed to Parkersburg on their own recognizance, and Marshal Jackson then proceeded to Grafton and took Mr. Haggerty to Parkersburg. The contempt warrant charges that the defendants entered into a conspiracy to prevent the proper guarding and working of the prospects of the coal company, and that the arrest of the parties on the criminal warrant was for that reason in violation of the injunction. Judge Jackson ordered Squire McGinnis not to try the cases against the men for whom he had issued warrants.

GENE CURTIS GETS ROAST

Wheeling Paper Says He is Lazy and Never Could Play Base Ball—Jumps to Wilmington, Delaware.

Gene Curtis, Wheeling's big left fielder, has absconded, says the Wheeling News. Tired of warning the bench he decided to jump and is now playing with the Wilmington, Del., team. It is the opinion of everybody in fandom the departure of Curtis is a good riddance. Curtis never could play base ball, but on account of his heavy hitting propensities he was a valuable man, but when he lost his cunning with the bat his usefulness ended, and that's what happened. Early in the present season Gene wielded a nasty willow and led the team in batting, but lately he could not hit even for a single, showing a complete reversal of form and becoming instead of the best hitter on the team the very worst. Gene is big and lazy. He never made a very great effort to get a ball that came on his territory and frequently muffed those that fell right into his hands. Several games Wheeling lost were due to his inexcusable errors. He was warned to do better, but his work grew continually worse until about three weeks ago when he was suspended. About a week ago he jumped.

ORDERING SYMPATHETIC STRIKE

LEADERS OF THE BUTCHERS STRIKE ARE IN CONFERENCE DOING THAT—WILL GO INTO EFFECT ON MONDAY.

JOINT CONFERENCE BETWEEN EMPLOYEES AND EMPLOYERS FAILED TO REACH AN AGREEMENT.

New Demand By Strikers Was That Killing Gangs and All Butchers Should Be Reinstated at Once By the Packers.

Chicago, Ill., July 23—The leaders of the butchers' strike are in conference this afternoon ordering a sympathetic strike to become effective Monday. The joint conference today failed to reach an agreement.

Chicago, Ill., July 23—Another joint conference of the employees and employers was called for today to attempt a settlement of the butchers' strike. It fails a sympathetic strike is practically certain.

Labor leaders in today's conference will make a new demand for the immediate reinstatement of the killing gangs and meat butchers in a body. In quitting work again all the men were ordered to finish up whatever they had in hand and clean up so as to avoid any unnecessary loss to the packers.

About the yards the strikers were loud in their denunciation, charging the packers with bad faith in showing discrimination and declaring the packers had no desire for peace and had intentionally forced the issue again for ulterior motives. On the other hand the packers asserted that they had acted entirely within the provisions of the agreement. The packers declared they were duped by the union leaders' intemperate non-union "strike breakers" to leave. Both forces proceeded to line up for what they termed a real strike.

The charge of bad faith was denied by the packers. Those who could be seen were a unit in declaring: "If any one has violated the agreement it has not been the packers."

GOVERNMENT TAKES HAND

Against the Land Grifters, Holding Federal Troops in Readiness to Assist the Mayor.

Bonesteel, S. D., July 23—Federal troops have been asked for and are being held in readiness to be sent here pending a promise by the gamblers that the "grifters" shall leave the city at once.

Last night the Mayor in a signed statement notified Supt. McPhall, of the government registration that he was unable to cope with the situation and requested that troops be called for. Two hours later the request was withdrawn. At midnight the request was renewed by the city authorities. Today a meeting of the citizens was held and Mr. McPhall issued an ultimatum to the city authorities saying that the rioting and disorder of last night positively would not be permitted again and that he would remove the registration office from Bonesteel to another point if a repetition of the rioting occurred.

Today McPhall notified the government authorities that the town was past control of the local authorities and advised the sending of troops. Today a man was held up in front of the Citizens bank and robbed of \$30. Shortly afterward another bold robbery was committed on the main street. A farmer was asked by a gambler to play. He refused, saying he had only \$45. He was asked to show his money, which he did. No sooner had he produced it than he was knocked down and his money taken. The robber walked away and the victim drawing a revolver, followed and made the footpad give up the money. As he pocketed his pistol and money three other gamblers aimed their pistols at him and took both his revolver and money.

Chicago, July 23—The movement westward on account of the opening of the Rosebud Indian reservation in South Dakota exceeded all expectations. The Chicago & Northwestern alone took 30,000 people to Bonesteel, Fairfax and Yankton. The unprecedented movement was largely due to the fact that a long overland journey was not necessary to reach the reservation, the Northwestern running direct to the border.

Today is the last day of the registration the drawings for choice commencing on the 28th inst. Generally speaking the people seeking quarter sections in the reservation are of the best type of American farmers and young business men.
