

# Baldness

Does your hair need nourishment? Not thinning out, getting dry, harsh and brittle or splitting at the ends? The way to find out for yourself is to make an actual test that you can see and understand. Pull a hair from the top of your head, examine the root. If the bulb is plump and rosy it is all right, but if it is white and shrunken your hair is diseased and needs nourishment. Rexall "93" Hair Tonic supplies this need. It is a germ-destroying nutritive hair tonic. It first of all destroys the germs that are causing the trouble at the white and shrunken roots, then it tones up the hair follicles. A new growth of hair begins at once and the hair soon regains its youthful color and lustre. It makes an excellent dressing, delightfully perfumed and conveniently put up in a handy sprinker-top bottle. We sell a large bottle for fifty cents that we guarantee to give satisfaction or we return you your money. You will find that Rexall "93" Hair Tonic backs up all the claims we make for it.

"93" Hair Tonic, in addition to being the finest dressing on the market, is a positive cure for Dandruff and Falling Hair.

## A REASON

Before placing Rexall "93" Hair Tonic on the market we realized that we had a formula of exceptional value, and we determined to give it a thorough trial before we offered it as a Rexall preparation. We therefore wrote to one hundred druggists in as many cities asking the name of one customer who suffered from disease of the hair and scalp. To each of these customers we sent three bottles of the hair tonic and asked them to try it and report upon it.

The result: Five reported no answer, two reported adversely and ninety-three sent enthusiastic reports of the remedy and gave details of the splendid effect in each individual case.

Hence the name "93" Hair Tonic. Could any other name be so significant of merit?

## But Few Are Free.

But few people are entirely free from indigestion at this season of the year. Kodol Dyspepsia Cure is not only the best remedy to use because it digests what you eat but because it also enables the digestive apparatus to assimilate and transform all foods into tissue building blood. Kodol relieves sour stomach, heart burn, belching and all forms of indigestion. Sold by Stone & Mercer.

## Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat-producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatina.

## Kodol Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

## Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.

Small bottles 25¢, 50¢ and \$1.00. Prepared at the Laboratory of E. O. DeWitt & Co., Chicago, U.S.A.

For sale by Stone & Mercer.

## In Time of Peace.

In the first months of the Russo-Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and given to us our greatest mo. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it has become settled in the system. Chamberlain's Cough Remedy is famous for its cures of colds and it should be kept at hand ready for instant use. For sale by Stone & Mercer.

## Man's Unreasonableness

is often as great as woman's. But Thos. S. Austin, Mgr. of the Republic, of Leavenworth, Ind., was not unreasonably when he refused to allow the doctors to operate on his wife, for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick, she could hardly leave her bed, and five (5) physicians had failed to relieve her. After taking Electric Bitters, she was perfectly cured, and can now perform all her household duties." Guaranteed by Stone & Mercer or F. G. Bland, druggists, price 50c.

Those wishing to select presents from a large and elegant assortment of watches, clocks, jewelry, etc. at reasonable prices, should pay us a visit. Lee Probst, 118 Third street. oct25tf.

## "I Thank The Lord"

cried Hannah Plant, of Little Rock, Ark. "For the relief I got from Bucklen's Arnica Salve. It cured my fearful running sores, which nothing else would heal, and from which I had suffered for 5 years." It is a marvelous healer for cuts, burns and wounds. Guaranteed at Stone & Mercer or F. G. Bland's drug stores.

## "Please Smile and Look Pleasant."

When a woman says "I am racked with pain," she means "racked" recalls the days when they stretched the tendon, pulled the very joints cracked. "Pain" means "Please smile and look pleasant."

And yet the woman "racked with pain," is expected to smile through her agony and to make home happy. She can't do it. It is against Nature. Generally speaking, the racking pains of rheumatism, such as headache, backache and "bearing-down pains" are related to derangements or disorders of the organs distinctly feminine. When this condition is removed the general health is restored, and with health comes back the smile of happiness.

Any woman may regain her health at home without offensive questionings or examinations by the use of Dr. Pierce's Favorite Prescription. Sick women may consult Dr. Pierce, by letter, free of charge. Such letters are treated as sacredly confidential.

"It affords me pleasure to relate the wonderful merits of your great medicine, especially your Favorite Prescription, which cured my backache, headache, and general weakness. I was so weak that I could not do any heavy work or walk, but can do all my housework now. She is soon to become a mother, but we do not fear the result (as before) that she is your wonderful, wonderful, wonderful medicine."

Your "Pleasant Pills" are also worth their price. I have used them for indigestion and stomach trouble, and have found them to be all that you claim. They are my constant companions—once used, always kept."

Great success. The People's Common Sense Medical Adviser is sent free on receipt of stamp to any address, mailing only. The book contains 108 pages of valuable information and several colored plates. Send 21 one-cent stamps for the value of the book or 21 stamps for the book and a copy of Dr. J. C. Pierce, Buffalo, N. Y.

## The Perfect Way

Scores of Clarkburg Citizens Have Learned It.

If you suffer from backache, there is only one way to cure it. The perfect way is to cure the kidney. A bad back means sick kidneys. Neglect it, urinary troubles follow. Doan's Kidney Pills are made for kidneys only.

Are endorsed by Clarkburg people. R. E. Johnson, miner, of 314 Jackson street, says: "I have never had a stroke back, some thing necessary to a man who works my occupation, and of late years I have suffered a great deal from attacks of pain across the loins, even succeeding one more severe and prolonged than its predecessor. My back has been so lame and sore that when I bent it was all I could do to straighten and after I contracted a cold it was very hard to get up. I was in misery very feebly expresses what I endured. Thinking that Doan's Kidney Pills might help, I went to Wells & Haymaker's drug store for a box, more out of curiosity than expecting results. The treatment agreeably surprised me. I never used a medicine which gave such undoubted relief as Doan's Kidney Pills. Mrs. Johnson can speak just as positively about the remedy as I. She says: "Nothing can equal Doan's Kidney Pills."

For sale by all dealers. Price 25¢. Remember the name—Doan's—and it takes no other.

## Croup.

A reliable medicine and one that should always be kept in the home for immediate use is Chamberlain's Cough Remedy. It will prevent the attack if given as soon as the child becomes hoarse, or even after the croupy cough appears. Sold by Stone & Mercer.

## Liked the Zoo.

If polar bears were on the stairs, if tigers came to tea, if four-come bats and silver sprats dropped in to call on me, and plain snakes ate all the cakes, how happy I should be!

If leopards say arrived to stay and brought the kangaroo, and brought the kangaroo, I should trust the cockatoo, I'd laugh with glee, because, you see, I like them all.

## OIL NEWS

On Flag and Tenmile runs, in Sardis district, this county, the Hope Natural Gas Co. has made location for tests on the J. P. Robey B. T. Brady and Cary Allen farms.

In the Sedalia district, Doddridge county, the Hope Natural Gas Co. has drilled its test on the Ross Abbott farm into the Gordon and has a good gusher.

In the Polso mid-district, this county, the South Penn. Co. has given a No. 10 on the G. W. Talkington farm a 70-quart shot and the hole has filled up 1,800 feet. It will make a better producer than indicated when drilled through the sand.

## A MEDIAEVAL NAVY.

The Queen Implements of Attack and Defense That Were Used.

Very strange to modern eyes would be the armament of Great Britain's mediaeval navy. The very names of these implements of attack and defense sound queer. According to the books, in the year 1337 the vessels of the navy were furnished with "espringals," ancient spring guns; "haubergeons," coats of mail; "bacinets," small helmets; bows, arrows, doublets, targets; "pavises," large shields placed at the sides and serving the double purpose of protection against the sea and against the enemy; lances, and "firing barrels." As early as 1338 cannon formed part of the armament of ships, and about 1372 guns and gunpowder were commonly used. Among the stores belonging to one vessel of that time were three iron cannon with five chambers, a hand-gun and three old stone bags, probably for shot. Another ship had an iron cannon with two chambers and one brass cannon with one chamber.

Among other implements of war used at that time were "cannon pavises" or stone shot throwers and "murderers," which were smaller and threw any kind of shot. There were also "basilisks," "port pieces," "stock fowlers," "sakers" and "bombards." The lombards were of hammered iron, made of bars welded and bound together with iron bands. They threw stone shot weighing between 150 pounds and 105 pounds. A battery of these existed on a ship of land at the naval battle of Chios (1880) between the Venetians and the Genoese did great havoc. They were loaded overnight and were fired in the morning.

Frossart tells of a bombard used at one of these ancient sieges that "might be heard five leagues off in the day-time and ten at night." The report of it was so loud that it seemed as if all the bells in hell had broken loose. Erasmus pronounced the first cast in England in the year 1535. The pieces had various names. Many of different caliber were mounted on the same deck, which must have caused great confusion in action in finding for each its proper shot.

## THE ESKIMO CANOE.

It is a Curious Little Craft That is Cranky, Yet Safe.

It is in Greenland that the hunting ability of the Eskimo reaches its highest development. He has a fine mechanical skill. Bones, ivory, stones, a little driftwood, skins and the snow of the reindeer are the materials from which he constructs his boat and weapon. There is nothing else. Says the Greenland traveler: "Of these the Eskimo builds a canoe, its frame of bones and driftwood, its covering of translucent seal-skin sewed together with sinew. This kayak is decked over, except for a hole in the middle framed with a wooden ring. The Eskimo waddles into this hole, his legs extended into the fore part of the boat."

"Round his waist there is a cylinder of seal-skin, the lower edge of which drives over the wooden ring and is pulled tight with a thong, making all water-tight to the armpits. For heavy weather the cylinder is part of a skin shirt with a hood. Straps tighten this hood to the face and cuffs to the wrists, while a pair of long sleeved mitts protect the hands and arms."

"So placed if good luck turn his canoe bottom upward and right himself again with sliding strokes of his paddle, for he is as waterproof as a duck. Moreover, his vessel is so flexible that it is almost safe from being crushed in the ice drift and, being lumber, is extremely swift when propelled by the double ended paddle."

"On the other hand, the vessel is so cranky that only about two-thirds of the native men have nerve and balance enough to hunt. Only three or four Dane, in all Greenland have dared use a kayak."

## Bolled Alive.

In English statutes of the sixteenth century the punishment set down for the crime of murdering by poison was boiling alive, and a girl was actually executed in that ghastly fashion. In 1538 Father Stone of Canterbury suffered the same death. A curious account is in existence which gives the amount paid "for two men who set the kettle and parboiled him" and "to the women that scoured the kettle." The sentence was not always carried out with so much ferocity, for culprits were sometimes hanged before being boiled. In one case it is recorded that a man was first hanged, then boiled and then quartered.

## To Apply Lotions.

One very good way to apply a lotion to the face, when time is not taken into account, is to pour as much as is needed into a saucer and use sterilized absorbent cotton or gauze, which can be purchased for a trifling sum of the chemists. Make some little balls or pads of the cotton and keep them in a clean, wide mouthed jar with a screw-top and use as needed. Dip them into the lotion and gently wash it over the face, using fresh ones from time to time during the process.

# CONTAGIOUS BLOOD POISON KING OF ALL DISEASES

To Contagious Blood Poison rightfully belongs the name King of all Diseases. It is the most powerful of all human ailments—corrupting every part of the body and wrecking and ruining the lives of those unfortunate enough to contract it. When the first sign appears in the form of an insignificant sore or ulcer, few persons realize that the deadly virus has entered the blood; but so potent is the poison that one drop will vitiate and pollute the purest and healthiest blood, and in a short time the degrading and horrible symptoms begin to appear. The mouth and throat ulcerate, the glands in the neck and groins swell, the hair and eye-brows fall out, copper-colored spots appear on the body, and in the latter stages of the disease the poison even works down and destroys the bones. No other disease is so highly contagious, and many have contracted it and suffered its awful consequences through a friendly hand-shake, handling the clothing of one afflicted with it, or drinking from the same vessel. S. S. S., The King of Blood Purifiers, is the only cure for Contagious Blood Poison. It goes down into the circulation and forces out every particle of the virus. It is nature's antidote for this peculiar poison, and cures the disease in all its stages, and cures it permanently. S. S. S. does not hide or cover up any of the poison to break out in future years, but so completely eradicates it from the blood that no signs are ever seen again. S. S. S. is purely vegetable, and costs only \$1.00 per bottle. It contains a particle of mineral of any kind. Book with instructions for home treatment and any medical advice you desire will be furnished by our physicians without charge.
