New Fiction CONISTON BY WINSTON CHURCHILL

Mr. Churchill is the most popular novelist in the U. S. at the present time, according to the reports of the best selling books gathered by THE BOOKMAN. His forthcoming book does not belong to the series dealing with American history, in which "Richard Carvel" and "The Crisis" and "The Crossing" have appeared, but is a love story of no less engrossing kind. Enjoyable as Mr. Churchill's books are, considered merely as fiction, they are quite as noteworthy on account of their picture of life, their interesting side lights on history and their attractive characters. Always written with spirit and vigor, they deal with people, adventures and scenes that deeply interest the average man and woman.
