If we can't make that watch of yours go

You may just as well give it to the baby to play with. It's days of service are surely ended—and it is a question with you now of buying a new one.
You ought to come here for a new watch for the same reason that prompts you to bring us your repairing jobs—because we are in a position to give you the highest grade of satisfaction.
As we said, we can get all the service out of a watch that there is in it, down to the last tick, if you will let us look at it occasionally.
And as for new watches—well just take a few minutes some day to look over what we have. That's all we ask.

SANITARY To-morrow The Last Day

The demand for samples of the new antiseptic "San-KNIT-ary" Wash Cloths advertised yesterday, far exceeded the supply, but we have received another shipment to-day, and have decided to continue the free distribution, while they last to-morrow.

"San-KNIT-ary"

Bath Towels Face Towels Wash Cloths

have antiseptic and sanitary virtues not found in any other toweling made. They are knitted—not woven—from the finest selected cotton yarns; absorbent to the last degree, wash easily, dry quickly, retain no odors, never become stale or sour, and, last but not least, afford a delightful sensation to the skin—rough enough to stimulate the circulation—NOT enough to irritate.

Come To-morrow examine them, and take a wash cloth home, with our compliments.
