If We Can't
Make that Watch
of Yours go

You may just as well give it to the baby to play with. It's days of service are surely ended—and it is a question with you now of buying a new one.

You ought to come here for a new watch for the same reason that prompts you to bring us your repairing jobs—because we are in a position to give you the highest grade of satisfaction.

As we said, we can get all the service out of a watch that there is in it, down to the last tick. If you will let us look at it occasionally.

And as for new watches—well just take a few minutes some day to look over what we have. That's all we ask.

We carry exclusively high grade watches because these are the only kind really worth while; this does not mean they are all high priced however.

Whatever kind of a watch you want, at the price you want, you will find in our stock—providing you want a good watch.

Watches for men in gold and gold plate, watches specially made for boys, children's watches and lastly watches for women including dainty enameled Swiss timepieces.
