STRIKE BREAKER SHOOTS TAILOR WHEN ATTACKED

Men on Established Passenger Transportation Lines Go Out.

COURTS WILL CLASH
 State and Federal Authorities Are at Outs Over the Strike.

NEW YORK CITY, Nov. 10.—The possibilities of a clash between state and federal authorities over the express strike complications intensified interest. In all the developments of warfare between the men and companies, the hint of state arbitration is the only peace note sounded.

Seizure is being made under Mayor Gaynor's authority of express company wagons driven by unlicensed drivers. It is intimated that that companies will invoke the process of injunction to prevent further seizures.

The first move to tie up established passenger transportation lines since the strike started, occurred this morning, when two hundred conductors and chauffeurs of a Fifth avenue coach company, which operates a line of motor busses, struck.

Simultaneously 350 drivers of the big coal companies went out.

It is said that by night all coal drivers in the greater city, numbering probably 1,500, will have gone out.

J. Back, a strike breaking driver, shot at a mob when attacked. One of the bullets struck Charles J. Polk, a tailor, over the right eye. The seriousness of his injuries has not been learned.

Fall was arrested.

ANOTHER CONTEST

Over the Power of the Speaker to Appoint Standing Committees.

WASHINGTON, D. C., Nov. 10.—Another contest over the question of taking from the speaker the power to name standing committees is expected to develop soon after the House of Representatives assembles next month. This time it is not unlikely the movement will receive the support of Speaker Cannon and his allies inasmuch as the next assignments will be made by Democrats. It is not known what will be the attitude of the Democrats on the question, but the chances are they will seek to force the battle over to the succeeding session, when they will be in undisputed control.

SENATOR ELKINS IS IMPROVING NOW

According to Statements at Residence in Washington Where He is Now.

WASHINGTON, Nov. 10.—Senator Elkins came to Washington late last night reaching his home here about midnight. He was brought here in a private car and removed from the station to his home in K street in an ambulance.

A Washington newspaper today published the statement that he is suffering from diabetes and that an operation is to be performed in a few days. This is denied at the Senator's residence, where it is stated that he is improving steadily and was brought to Washington only because it was thought he would be more comfortable here and would recuperate more rapidly in this climate.

Members of the Senator's family accompanied him here from Elkins.

ASSASSINATION

SAN ANTONIO, Tex., Nov. 10.—Advices from Laredo state that hitherto in Mexico City today attempted the life of United States Ambassador Wilson. The report came from sources considered reliable. CONCERT COURSE OPENS TUESDAY

With the Redpath Grand Quartet in the First Baptist Church.

Members of the Marcato Club are busily engaged in preparations for the opening of its concert course this season. As previously announced the first number will be in the First Baptist church next Tuesday night at 8:15 o'clock when the Redpath Grand Quartet will appear. The quartet is comprised of Cecil James Dr. Ion, Jackson, Dr. Carl Duft and Frederick Martin, all noted musicians.

The season's course will consist of five numbers as follows:

November 15—The Redpath Grand Quartet.

December 1—The Bostonian Sextette Club.

December 22—Larrabee-Hardeman recital.

January 12—Dorothy Lethbridge, pianist.

February 16—Metropolitan Grand Quartet.

Seasons tickets are being sold for \$2. They admit to all five of the numbers of the course and the smallness of the price is proving quite attractive. Tickets for a single number will cost \$1 each. It can be seen that season tickets make the course much cheaper to the many who will attend all the numbers.

All the members of the club are selling tickets now and tickets will be on sale at the door the night of every number of the course.

The club believes it has the best course of the kind ever presented in Clarksburg and it is looking forward to a highly successful season.

STATE

Football Championship Will Be Decided by Game Saturday in Wheeling.

Final arrangements have been made for the state championship football game to be played in Wheeling Saturday, between Bethany College and the West Virginia University. The Bethany team has gotten down to hard practice in preparation for the struggle.

The previous game with W. V. U. October 15, resulted in a 0 to 0 game, but since that time the eligibility rules of W. V. U. have been changed with the result that its team has been greatly strengthened by a number of good men. As an offset for this advantage the Bethany team did not have some of its best men in the last game, on account of injuries. These have fully recovered and will be in the game Saturday. Thus the relative strength of the teams will remain about the same and a battle royal may be expected.

This game will decide the state championship as the only other contestant for the place, Westeyan, was eliminated by their losing to Waynesburg Monday by a 6 to 0 score, as W. V. U. beat Waynesburg 41 to 0.

FOUR FELONY BILLS ARE RETURNED BY GRAND JURY

Gould Heirs to Millions, but Denied Care of Father and Mother

Beyond doubt two of the prettiest children in all New York are Dorothy and Helen Gould. But with all their wealth the two young girls lead a sad life, for they are denied the care of their mother and father. When Frank Jay Gould and his wife were divorced the question of what was to be done with the children caused the attorneys much discussion. After many months of talk it was decided that the children should be placed in the care of Miss Helen Gould, their aunt. Miss Gould is devoted to her two nieces and is watching over their education with care. According to the verdict of the court in granting the divorce between Mr. and Mrs. Gould, they both have a right to see their children as often as they please. But Frank J. Gould is spending his time racing horses in Paris, and the girls' mother has been traveling with her new husband, Ralph Thomas.

VOTERS OF CLARK CARRY STOCK LAW

SENATOR SCOTT In Elk District the Measure is Lost on a Tie Vote.

The law familiarly known as the stock law was voted on in Clark and Elk districts at the election Tuesday and was carried in the former district by a large majority and lost in the latter district on a tie vote.

The law provides that it shall be unlawful for any cattle, mules, horses, sheep, hogs, goats or geese to run at large, and that should such stock, while running at large, destroy or injure the property of another, the owner of such stock shall pay to the party whose property may be injured or destroyed, the amount of damages sustained by him. And the party so injured, may, if he finds such stock on his premises, retain them, or a sufficient number thereof, until the said damages and cost of keeping are paid.

A petition signed by fifty voters of any precinct is required to place the law before the people to be voted upon and a majority vote is required for adoption.

Following is the Clark district vote:

Precinct	For	Against
No. 1	15	6
No. 2	18	1
No. 3	10	3
No. 4	11	1
No. 5	31	7

No. 11	1	5
No. 12	39	30
No. 13	36	2
Totals	316	102

Voters of Elk district also voted on the law, but the result was a tie vote, which means that the proposition was lost as a majority vote is required by law.
