Consumption MILAM the great Reconstructive tonic and blood renovator

We do not set forth MILAM as a cure for consumption, but it has proven so beneficial to such patients that we believe, and are supported in our belief by a practicing physician, that MILAM will arrest incipient tuberculosis or consumption in its early stages.

Read the following Scrofulitic Consumption City of Danville, State of Virginia—To wit: I, Edmund B. Meade, Notary Public in and for the City of Danville, State of Virginia, do hereby certify that Abram Word, of Danville, Va., to me well known, did appear before me, and being duly sworn, depose and says as follows:

"For ten years prior to August, 1909, I was under the care of a regular physician. Last spring this doctor told me he could do me no good, and I died another for four months without receiving any benefit from him.

In August, 1909, I began taking Milam, and am now able to do my work without difficulty, my appetite is good, and I can eat and digest any food. My trouble was said to be Scrofulitic Consumption, and I was wasted away to a shadow. I was so weak that I could hardly walk when I commenced on MILAM. I regard MILAM as a truly valuable remedy in all cases of blood trouble, whether eruptive, or proceeding from a lack of full, free circulation.

I have recommended MILAM to about thirty of my friends, and so far as I have seen or heard from them, they all speak in the highest terms of it, and are recommending it to their friends.

It was particularly beneficial to me in aiding digestion and building up an appetite." (Signed) ABRAM WORD.

In witness to the above, I have brought to my hand and the seal of my office, this 23rd day of March, A. D. 1910. EDMUND B. MEADE, Notary Public. My commission expires Jan. 14, 1914.
