**EVERY ELK**  
Play to Be in Elks' Home Here is Now Well under Way.

Although little has been said concerning "Every Elk," which is to be produced in the near future, at the Elks' home, by local talent, preparations for this production of the great moral play have been progressing rapidly and the presentation of the play will soon be, although the committee has not fixed the dates for it. The presentation will be in charge of Douglas Williams, late of New York City, who staged the "Review of Reviews."

"Every Elk," is the work of Augustine J. Smith, the well known playwright, and in the composition of this play, Mr. Smith is at his best. The date will soon be announced. From all indications the demand at the seat sale, which will be at Gill's jewelry store, on Third street, will be as great as that at the "Review of Review" sale.

**CHILDREN CREMATED.**  
SPARTANBURG, S. C., Jan. 29.—Fire destroyed the home of Walter Gibson today, cremated three of his children and seriously burned a fourth.

## PAPER BAG COOKING

Great System Perfected by W. Soyer, Fambus London Chef.

GENERAL DIRECTIONS FOR PAPER BAG COOKING.

By M. Soyer, Chef of Brooks' Club London.

I do not claim for the paper-bag system of cookery that it can cook everything. It is evident that test still be made in the testpot. Generally speaking, we may waive our claim to having mastered the difficulty with respect to soups, although I have made beef tea with excellent results. The following is a list of articles that may in the mean time be avoided:

Soup (except beef tea), omelette scrambled eggs, jam (except in small quantities), Scotch kale, beans, cabbage, cauliflower, broccoli, artichokes, macaroni or kindred Italian pastes.

The success of the system depends entirely upon how it is carried out. Good cooking requires time, care, attention to detail, taste and a temper sure suited to the particular dish being cooked. While the paper-bag system is labor and time saving, as well as affording more nutritive and appetizing effects than the present, it does not abrogate any of the rules that apply to efficient work at the kitchen-table.

**The Bag.**  
Specially prepared bags should be used. Without them the method can not be practiced with assurance of success. The bag should be made of materials that guarantee its purity. It should be odorless and its purity a guarantee that nothing injurious can possibly be imparted from it to the food cooked in the bag.

Before using the bag—  
(1) Select one that "fits" the food intended to be cooked;  
(2) Grease slightly the inside of the bag, except in the case of vegetable or when water is added. For beginners it is advisable. Butter, lard or dripping may be used.

(3) When the food has been prepared for the bag, place the same on the table and lift the uppermost edge of the bag while you insert the contents.

(4) Fold the mouth of the bag two or three times and fasten with a clip. Strong wire paper-clips, obtainable at any stationer, answer the purpose. It is desirable to fold the corners of the bag so as to secure as near as possible a hermetical closing.

**The Oven.**  
Practically any oven will do. Paper-bag cookery is as well suited to a gas stove as it is to a coal oven or an electricity cooker or oil stove, always provided the necessary heat is secured. The size of the oven makes no difference to the cooking, only to the size of the article.

Before placing the bag with its contents into a gas oven, the gas should be lighted at least eight minutes beforehand. The average oven heat should not be less than 200 degrees Fahrenheit, and when the bag is put into the oven this ought to be reduced in eight minutes after to 170 degrees. To find out the correct degree a thermometer, of course, is the most accurate method; but, experience will soon teach the cook what is required, and the color assumed by a piece of paper placed in the oven will at once tell whether it is too hot or too cold.

In the case of coal-heated stoves with solid shelves a wire broiler should be used. This should be placed on the shelf with the bag containing the food. It is necessary to emphasize the fact that, except in the case of pies, no dish should be used.

If the time-table is adhered to, the bag may be taken out of the oven in confidence that the food is well cooked. But if from any cause the heat declines, it is very easy to find out whether the food is properly cooked. Except in the case of vegetables, a little hole can be made in the bag by which the food can be seen and judged as to whether it is cooked or not. This will not militate against the cooking of the food in the slightest. In many articles, however, a slight touch of the bag will indicate to an ordinary cook whether the bag is ready to be served. A prick with a needle is another method that may be adopted. But a peculiarly favorable feature of paper-bag cookery is that if the food is left five or ten minutes in the bag in the oven longer than the specified time on my table, the food will not be spoiled. There is little chance of over-cooking.

**Dangers to Be Avoided.**  
Cooking generally has its dangers, like other occupations. It is the beauty of this system that the dangers are reduced to a minimum. One does not require every now and then to open the oven door "to see how the roast is getting on." The oven is doing its work, because the whole force of the heat is playing upon the bag and ensuring every part of the food being properly penetrated. Nevertheless, care should be exercised when opening the oven.

Care, again, should be exercised in taking the bag out of the oven. A plate should be placed gently under the bag about a couple of inches, and the bag drawn completely on to the plate with the fingers. The bag should be ripped open from the top and the fragments thrown at once away.

(Copyright, 1911, by Nicolas Soyer.)

Mrs. Columbia Thorn is visiting her daughter, Mrs. James Graham, in Detroit.

## MT. CLARE

Paragraphs of Personal Mention and Review of the Happenings There.

MT. CLARE, Jan. 29.—Mrs. Emory Simons entertained the Willing Workers of the Methodist Protestant church at her home Saturday afternoon. A prominent feature of the social was a linen shower for Mrs. Clinton Hardman, after which a very enjoyable luncheon was served by the hostess and little son, Kenneth.

Mrs. Lyons and little granddaughter, of Hepzibah, spent Sunday with her son, Gale, who is manager of the Interstate store.

Charles Davison, manager of the Booth bowling alleys, seems to have urgent business at Pennsboro quite frequently.

Mrs. Lucian Davison and children left Saturday for Clarksburg to remain over Sunday. She attended the services at the Christian church and visited her mother-in-law, Mrs. Charlotte Davison.

Mr. and Mrs. Irven Woods, of Clarksburg, were here Saturday and spent the evening with Mr. and Mrs. Selden Law.

Mrs. Jack Fynn, who has had pneumonia fever, is convalescing. Mrs. Leon Camp has a severe case of tonsillitis, but was thought to be slightly better Sunday.

Lucian Davison is acting as postmaster pro tem in the absence of W. P. Weekly, who is out looking after his gas interests.

Mrs. Jennie Skidmore and little son and daughter, and Mrs. D. O. Booth, of Clarksburg, were guests of relatives here Sunday.

Mr. and Mrs. William Hilkey and son were visiting relatives in Clarksburg Sunday.

Mrs. Luther Haeiden has received word that her father, who lives at Port Republic, Va., is critically ill.

G. F. Rogers and Mrs. Sallie Mitchell are on the sick list.

**TURNED DOWN**  
His gray hair and baldness made him look 100 old. Young looking men are wanted to fill positions now-a-days—old looking ones are passed by and often replaced. Do not be in the old looking class—get rid of your gray hair and don't get bald.

Begin today using HAY'S HAIR HEALTH. It will restore those gray hairs to their natural color in 7 to 10 days. Keep your scalp clean and free from dandruff—giving the new hair a chance to grow and thus prevent baldness.

Don't delay—it may mean loss of position or inability to get a new one.

HAY'S HAIR HEALTH will keep you looking young.

150 and 50c at Drug Stores or direct upon 50c price and dealers' margin. Send 10c for "The Hair Spec. Co., Newark, N. J."

## Sore Throat

Not a Trifling Ailment

Almost every one has had sore throat will have it again. It is one of our most common ailments and, because, in itself, it is fatal, is too often looked upon as a small matter, requiring little or no attention.

On the contrary it is a very serious affliction because every person with Sore Throat is in danger of Diphtheria, Quinsy, or Diphtheria and other serious maladies. In fact these diseases are almost invariably preceded by Sore Throat.

The air we breathe, the food we eat, the liquids we drink, all pass through the throat, and if that is diseased infection may be carried to every part of the system.

A Sore Throat often means to prevent Diphtheria or one of the other more serious throat diseases. Curing Sore Throat is TONSILINE's special mission. It is made for that—advised for that—sold for that one purpose. TONSILINE is the one and only Sore Throat cure which is sold over a large part of the United States.

TONSILINE is so well and so skillfully prepared as a Sore Throat cure that the first dose gives decided relief, and a very few doses cure.

Remember—Sore throat is Nature's danger signal. Keep TONSILINE in the house and be on the safe side of Sore Throat. 25 cents and 50 cents. Hospital Size \$1.00. All Druggists.

**ONE MILLION DOLLARS FOR A GOOD STOMACH**

This Offer Should Be a Warning to Every Man and Woman.

The newspapers and medical journals recently have had much to say relative to a famous millionaire's offer of a million dollars for a new stomach.

This great multi-millionaire was too busy to worry about the condition of his stomach. He allowed his dyspepsia to run from bad to worse until in the end it became incurable.

His misfortune serves as a warning to others.

Every one who suffers with dyspepsia for a few years will give everything he owns for a new stomach.

Dyspepsia is commonly caused by an abnormal state of the gastric juices, or by lack of tone in the walls of the stomach. The result is that the stomach loses its power to digest food.

We are now able to supply certain missing elements—to help to restore to the gastric juices their digestive power, and to aid in making the stomach strong and well.

We know that Rexall Dyspepsia Tablets are a most dependable remedy for disordered stomachs, indigestion, and dyspepsia.

We want you to try them and will return your money if you are not more than satisfied with the result.

Three sizes, 25 cents, 50 cents and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store, Sturm & Wilson, 340 West Main St.
