

# THE BEARS ARE OUT!

We Could Handle Cheaper Lines,  
But We Won't.  
We Would Handle Better Lines,  
But We Can't.

Winter has broken, house cleaning time has come, and we are ready to supply you with new furniture in place of the old, which you have been polishing and moving from corner to corner, trying to make it present as good appearance as possible. Look over your home. Perhaps you need a new parlor suite, a rug, rocker, bed, stove, refrigerator or porch furniture. If so, we invite your inspection of our spring stock, with the understanding that you are not under any obligations whatever to purchase.

There is a POINT in the manufacture of furniture where cheapness in construction ceases to be economy.

Do you see the point?

Mail Orders Handled Promptly.

### STOCK AND PRICES

We have selected our spring stock with much care, ever bearing in mind that our customers want the most durable and up-to-date furniture at the least possible price. In order to advertise our new store we have tried to buy for everybody, and feel that we have bargains for the man in a mansion as well as him who lives in the most humble cottage.

With no rent, little insurance and less help (in proportion to business), than in former years we are able to compete easily with all catalog houses. Bring your catalog with you. Better buy where you can see what you are buying. All prices in plain figures.

Our Prices are Boiled Down

### CREDIT SYSTEM

We are not an installment house, do not want to be, and never expect to be, for this reason: A firm which sells goods on long time payments, with a chance of losing a portion of them, must necessarily charge an enormous profit. But for the convenience of laboring people and others who do not want to draw on their bank accounts, we have established what we call an "Up-to-Date Credit System," which permits our customers to purchase goods on payment of one-third down and the balance in 90 days, in weekly or monthly payments.

The Happy Family. They bought their furniture at the Palace.

Would you pay 2 cents a week to sleep on the best mattress ever made? If so, try the

### SEALY TUFTLESS MATTRESS

of which we are the sole agents. You will sleep like a boy on the farm and get up the next morning a "live wire" and ready for a day's work.

The Sealy is guaranteed for 20 years against becoming lumpy or bunched. It sells everywhere for \$25.00, but our special price to advertise them is only \$18.50, which is less than 2 cents a week for 20 years.

Other mattresses from \$2.25 up.

### FREE!

These Clocks are not for sale. You could not buy one from us for \$100. We give them away. They are 68 inches high and 18 inches wide, solid oak frame with 3-ply built up dials, polished and lacquered brass hands, weights, pendulum balls and numerals. Full brass weight movements and will keep excellent time.

While They Last

We will deliver one of these hand some clocks WITHOUT CHARGE and with the compliments of this store to every cash purchase of \$50 or more at one time.

We make this most generous offer to advertise our new store, increase our spring business, and make new friends. Only one clock to a Customer.

### We handle exclusively the famous Heywood Go-Carts

because after many years' of investigation we have found them to be the cheapest and best. Our 1912 line is stylish, comfortable, durable and mechanically simple. The latest in go-cart construction is the NATIONAL SPRING BED AND MATTRESS which guarantees comfortable riding and sound sleep.

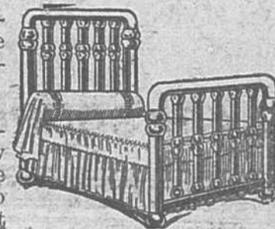

### INSURED FIVE YEARS.

The BRASS BED problem has been solved. Our latest shipment carries an insurance policy for each and every bed, which guarantees them for 5 years against tarnishing.

### AN EXPERIMENT.

Touch a few drops of ammonia or wood alcohol to the average brass bed and see how quickly the finish is destroyed. Make the same experiment with our beds and it only serves to clean and brighten them. Put these beds out in the snow and rain, apply to them turpentine acids and other alkali cleaners, and they

POSITIVELY WILL NOT TARNISH

Prices \$9.00 up.

### COLD FACTS ABOUT THE LEONARD CLEANABLE REFRIGERATORS.

Ten distinct and separate walls keep the hot air out and the cold air in. Lined with One Piece Porcelain, it is absolutely sanitary and cleanable—as easily kept clean as your china dishes. No cracks to catch dirt, create unwholesome odors and breed disease. Shelves, flues, waste pipe and every inside part can be taken out and cleaned in a minute. Does not become damp and mouldy and contaminate your food.

### Quality that Wears against Trouble and Repairs. New Method Gas Range

are widely imitated but never equalled. They positively do not rust. They cannot cause an explosion. They are asbestos-lined, thus keeping the heat in and the kitchen cool. They bake uniformly on the top, sides and bottom. They have many patented and handy devices not found in other ranges. New Method Ranges which we sold 5 years ago are still in use. A dozen styles, \$13.50 to \$50.00.

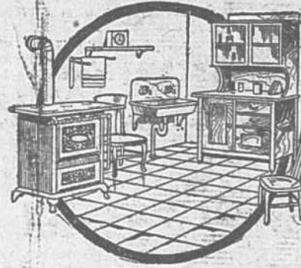

### FLOOR COVERINGS

Before purchasing, see our fine line of floor coverings, consisting of oil cloth, printed and inlaid Linoleum, Matting, Ingrain, Tapestry, Smith's Axminster, Shuttleworth's Body Brussels, Wilton Velvet and Wilton Rugs. Feels good on the bare feet.

### PIANOS

The satisfaction given by the Decker & Son and Hobart M. Cable Pianos in many of the best homes of Clarksburg are our strongest testimonials. Both are standard pianos, but sold at a moderate price, because we carry them as a side line—no room rent, no salaried salesmen, sold the same as furniture. We are here all the time to stand back of our guarantee.

### \$100--Three Room Outfit Complete--\$100.

### KITCHEN.

Consists of 1 New Method Gas Range, 1 Kitchen Cabinet with 3 large bins and two drawers below, and glass doors above, and 2 substantial Kitchen Chairs.
