MACCABEE MEETING.

There will be a big time at the meeting of the Knights of the Maccabees tonight. There will be work in the third rank. Visiting knights will be welcome. The team is requested to meet at 8:30 o'clock.

Mr. and Mrs. E. R. Patton, of Parkersburg, are visiting friends and relatives here for a few days.

PRESENTATION POSTPONED.

Presentation of a picture of Frances E. Willard to the Central school by the Central Woman's Christian Temperance Union has been postponed from tomorrow morning to Friday morning of next week.

Simle Nusbaum returned home Thursday morning from a business trip to New York and Philadelphia.

PAPER BAG COOKING

Great System Perfected by M. Soyer, Famous London Chef.

PUDDINGS CAN BE BOILED IN PAPER BAGS.

By Martha McCulloch Williams. It is not beyond paper bags to boil things, especially puddings. They must be put in thin molds with tight fitting tops, the molds filled only two-thirds, even a little less for some sorts. After the tops are on tight the molds must be set in a lightly greased bag, which has been gently flattened at the bottom so as not to break it, and reinforced along the seam with thick paste, which has been allowed to dry before using. After the pudding is in the bag, the mold standing upright, pour in enough cold water to come three parts up the sides, fold and clip the bag, set it on a trivet with feet an inch high, and put the trivet upon the bottom of the oven. Have the oven hot, keep it so for ten minutes, then slack heat half and cook as long as necessary.

Here follow sundry receipts for puddings adapted to this paper bag boiling, along with a caution—pastry for boiling is better shortened with finely minced suet than with either butter or lard.

Place of honor for the Wilson plum pudding—the lady of the president's plum cake can not be too much referred to. She says: "Mix one cup of sugar, one cup of butter, six eggs beaten separately, four cups of flour browned, one cup of sweet milk, one-half cup jelly, one-half cup of molasses, one-half pound suet chopped fine, two pounds of raisins, cut and floured; one cup of cherry preserves, three ounces of citron cut fine, one teaspoonful each of cinnamon and cloves, one nutmeg grated. Put in well greased small molds, or square coffee cans, leaving room to rise, use lard for greasing, boil five to six hours; when done remove from molds or cans, wrap in oiled paper, and place in cake box till needed, then steam until hot through, then serve with sauce."

For peach pudding make a square mold of paper bag paper, clipping the folded corners very well, grease it thickly, and put level over the bottom a pint can of peaches, the very best, drained of all syrup. Pour upon them a rich custard made with two cups of crumbled cake, half a cup of sugar, a scant cup of rich, new milk, four eggs beaten very light and either a large wineglass of sherry or the juice of a lemon. Strew a few sultanas or macaroon crumbs on top, slip in another bag very well greased, seal, and bake at slow heat about an hour.

For chocolate pudding put a quart of milk in a double boiler with a very little salt, and when it is hot stir into it four ounces of grated chocolate and a large cup of sugar. Mix two tablespoonfuls of cornstarch smooth in a little cold milk, add it to the chocolate mixture, stir very well, then put in the beaten yolks of three eggs, stir hard, flavor with vanilla, pour into a thin mold and cook inside a greased bag for seven to ten minutes. Cut open the bag top, remove it, and cover the pudding with the egg-whites beaten stiff with half a cup of powdered sugar. Pile them up in the middle, strew lightly with grated chocolate or minced nuts, and set back in the oven till of a light brown. Cook at quick heat, but after putting on the meringue reduce heat more than half.

Apple tapioca pudding bakes beautifully in a paper bag. You can use a mold, either tin or paper, or put the cored apples directly in the bottom of the bag, filling the core spaces with sugar and butter, then pouring the soaked tapioca over them. Seal and cook slowly after the first three minutes for twenty-five minutes. (Copyright, 1911, by the Associated Literary Press.)

PUDDINGS OF DEGREE.

By Nicolas Soyer, Chef of Brooks' Club, London.

Pudding a la Baronne: Take half a pound of well-washed, dried and pickled currants, half a pound sultanas raisins, half a pound of bread crumbs, an ounce of chopped citron and four tablespoonfuls of golden syrup. Mix all well together, then add an ounce of self-raising flour and the well-beaten yolks of two eggs, mixed with a pint of milk. Beat all well together and finally add the whites of the eggs, whipped to a firm froth. Fill with this a well-greased paper soufflé dish, place carefully in a bag and bake in oven for an hour and a half. Turn out carefully and serve with a little heated golden syrup poured over and around it.

Pudding a la Mayence: Rub half a pint of breadcrumbs through a fine wire sieve, add a tumblerful of any wine and water, the grated rind of a small lemon, first washed and dried, three heaped up tablespoonfuls of powdered sugar and one ounce of butter. Mix all together and pour the mixture into a buttered soufflé dish. Add the well beaten yolks of two eggs and the juice of a small lemon carefully strained. Beat the whites of the eggs to a stiff froth with a pinch of salt and powdered sugar to taste, color to a pale green with a few drops of spinach coloring or pale pink with a little carmine or cochineal. Pile on top, place in a bag, put into a very moderate oven and bake till the meringue is firmly set. (Copyright, 1911, by Sturgis & Walton Company.)

A. J. Lodge, of Bridgeport, was a city business visitor Thursday.

DRESS WELL!

Never overlook the fact that you are always on view to other people, and that it depends in a great measure on your clothes how you are sized up.

You can find here, Sir, the new fabrics that will be worn this season by the very best dressers. You will see the handwork of the artist in the cut, all the new English models along with the conservative styles for modest dressers.

OUTFITTERS TO MEN

A Genuine Rupture Cure Sent On Trial To Prove It Don't Wear a Truss Any Longer.

After Thirty Years' Experience I Have Produced An Appliance for Men, Women and Children That Actually Cures Rupture.

Ten Reasons Why

You Should Send For Brooks Rupture Appliance.

1. It is absolutely the only Appliance of the kind on the market today and in it are embodied the principles that inventors have sought after for years.
2. The Appliance for retaining the rupture cannot be thrown out of position.
3. Being an air cushion of soft rubber it clings closely to the body, yet never blisters or causes irritation.
4. Unlike the ordinary so-called pads, used in other trusses, it is not cumbersome or ungainly.
5. It is small, soft and pliable, and positively cannot be detected through the clothing.
6. The soft, pliable bands holding the Appliance do not give one the unpleasant sensation of wearing a harness.
7. There is nothing about it to get foul, and when it becomes soiled it can be washed without injuring it in the least.
8. There are no metal springs in the Appliance to torture and bruise the flesh.
9. All of the material of which the Appliance are made is of the very best that money can buy, making it a durable and safe Appliance to wear.
10. My reputation for honesty and fair dealing is so thoroughly established by an experience of over thirty years of dealing with the public, and my prices are so reasonable, my terms so fair, that there certainly should be no hesitancy in sending free coupon today.

Remember

I send my Appliance on trial to prove what I say is true. You are to be the judge. Fill out free coupon below and mail today.

The above is C. E. Brooks, inventor of the Appliance, who cured himself and who has been curing others for over 30 years. If ruptured, write him today.

Cured At the Age of 76.

Mr. C. E. Brooks, Marshall, Mich. Dear Sir:— I began using your Appliance for the cure of rupture (I had a pretty bad case) I think in May, 1905. On November 26, 1905, I quit using it. Since that time I have not needed or used it. I am well of rupture and thank myself among those cured by the Brooks Appliance, which, considering my age, 76 years, I regard as remarkable. Very sincerely yours, SAM A. HODVER, Jamestown, N. C.

Child Cured in Four Months.

St. Janssen St., Dubuque, Iowa. Brooks Rupture Appliance Co. Gentlemen:— The baby's rupture is altogether cured, thanks to your appliance, and we are so thankful to you. If we could only have known of it sooner our little boy would not have had to suffer nearly as much as he did. He wore your brace a little over four months and has not worn it now for six weeks. Yours very truly, Andrew Eggenberger.

Pennsylvania Man Thankful

Mr. C. E. Brooks, Marshall, Mich. Dear Sir:—

Perhaps it will interest you to know that I have been ruptured six years and have always had to wear a truss. It is very easy to wear, fits neat and snug, and is not in the way at any time, day or night. In fact, at times I did not know I had it on; it just adapted itself to the shape of the body and seemed to be a part of the body, as it clung to the spot, no matter what position I was in. It would be a veritable God-send to the unfortunate who suffer from rupture if all could procure the Brooks Rupture Appliance and wear it. They would certainly never regret it. My rupture is now all healed up and nothing ever did it but your Appliance. Whenever the opportunity presents itself I will say a good word for your Appliance, and also the honorable way in which you deal with ruptured people. It is a pleasure to recommend a good thing among your friends or strangers. I am, Yours very sincerely, JAMES A. BRITTON, 80 Spring St., Bethlehem, Pa.

Recommend From Texas Farmer

Brooks Rupture Appliance Co., Marshall, Mich. Gentlemen:— I feel it my duty to let you, and also all people afflicted as I was, know what your Appliance has done for me. I have been ruptured for many years and have worn many different trusses, but never got any relief until I got your Appliance. I put it on last November, but had very little faith in it, but must say I am now cured. I have laid it away—have had it off for two weeks and doing all kinds of farm work with ease. While I was wearing it, I had

lagrippe and coughed a great deal but it held all right. Words cannot express my gratitude towards you and your Appliance. Will recommend it to all ruptured people. Yours sincerely, J. B. LONG, Bald Prairie, Texas.

Others Failed But the Appliance Cured

C. E. Brooks, Marshall, Mich. Dear Sir:— Your Appliance did all you claim for the little boy and more, for it cured him sound and well. We let him wear it for about a year in all, although it cured him 3 months after he had begun to wear it. We had tried several other remedies and got no relief, and I shall certainly recommend it to friends, for we surely owe it to you. Yours respectfully, W.M. PATTERSON, No. 717 S. Main St., Akron, O.

A LITTLE DANDERINE WILL MAKE YOUR HAIR LUSTROUS, SOFT, FLUFFY, ABUNDANT

Get a 25 Cent Bottle Now and Forever Stop Falling Hair, Itching Scalp and Dandruff

If you Wish to Double the Beauty of your Hair in Ten Minutes surely Try a Danderine Hair Cleanse

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

A delightful surprise awaits particularly those who have been careless, whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair at once, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

Try as you will, after one application of Danderine you cannot find any dandruff or a loose or falling hair, and your scalp will never itch, but what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair sprouting all over the scalp. Danderine makes the hair grow long, heavy and lustrous and we can prove it. If you care for pretty, soft hair and lots of it surely get a 25 cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.

HOW

NEW GOVERNMENT BLEND COFFEE IS PUT UP

We buy the best grades of fancy Coffees that money can buy. It is blended in a scientific manner, acquired from 25 years of experience.

It is cleaned by machinery. Automatically conveyed to the roasters. Cooled by electric fans (instead of throwing water on it, which adds to its weight). Then, by means of suction, it is again cleaned of all chaff and other foreign matter. After this second cleaning it is shot into large bins suspended to the ceiling, under which automatic weighing machines are placed, and it is then weighed and packed, ready for use. Human hands do not touch the Coffee from the time it reaches us until you purchase it from your grocer.

Absolutely clean and sanitary is New Government Blend Coffee. The Coffee with the flavor.

FOR SALE BY ALL GROCERS

If your grocer does not handle New Government Blend Coffee write us, sending 10c. in stamps to cover postage and we will send you a liberal sample free.
