"Great Leaders and National Issues of 1912"

WILLIAM H. TAFT, Republican Candidate for President.

This remarkable book contains numerous chapters written by an illustrious array of authors, such as probably have never before been brought together in a single book. In one chapter President Taft personally defends his administration. In another, Ex-President Roosevelt himself tells what he stands for. In another chapter, Woodrow Wilson, the Democratic candidate, explains the progressive movement from his standpoint. In another chapter Senator Bristow explains what the Republican Progressives stand for. In another chapter Speaker Clark makes a stirring appeal for the "Rule of the People." Then follows a chapter after chapter, written by Governors Hadley of Missouri, Cruce of Oklahoma, Shafroth of Colorado, O'Neal of Alabama, and Johnson of California, Senators Lodge of Massachusetts, Root of New York, Cummins of Iowa, Newlands of Nevada, LaFollette of Wisconsin, and Bourne of Oregon, besides numerous other equally well-known party leaders, fully presenting the strongest arguments on all the issues, including the initiative, referendum, recall, popular election of United States Senators, tariff, currency, railroads, trusts, parcels post, single tax, woman suffrage, etc., etc. The value of these first-hand views of the men who are so largely forming our political history is almost beyond computation.

Other Valuable Contents

Besides all this, which is alone worth several times the price of the book, *GREAT LEADERS AND NATIONAL ISSUES OF 1912* contains the lives of all presidential and vice-presidential candidates, the lives of all the party leaders, the full proceedings of all the nominating conventions, the platforms of all parties, the political history of the United States, with a tremendous amount of valuable material covering the organization and development of the United States, classified and arranged in easily accessible order, and a detailed exposition of "How We Are Governed," outlining plainly the machinery of government, legislative, executive and judicial, as employed in nation, state, county, city and township, giving a mass of important information ordinarily inaccessible.

WOODROW WILSON, Democratic Candidate for President.

YOU HAVE NEVER BEEN OFFERED SUCH VALUES BEFORE

as is contained in *GREAT LEADERS AND NATIONAL ISSUES OF 1912*. The book contains over 350 pages, size 6 1/2 by 9 inches, and 100 color-plates and half-tone portraits and pictures. The illustrations are worthy of special mention. They include portraits of the presidential and vice-presidential candidates of the Republican, Democratic, National Progressive, Socialist and Prohibition parties; portraits of all former Presidents of the United States and of prominent leaders of the various political parties, making a national portrait gallery of great permanent value, besides portraits of the national committees, views of the nominating conventions, and historical pictures of political interest and importance. The colored plates are an unprecedented feature in a book of this character selling at so low a price, and add greatly to the beauty and value of the book. The illustrations alone are worth the price of the book. The book as a whole is far superior to books commonly sold at \$1.50 per copy.

Every woman's heart responds to the charm and sweetness of a baby's voice, because nature intended her for motherhood. But even the loving nature of a mother shrinks from the ordeal because such a time is usually a period of suffering and danger. Women who use **Mother's Friend** are saved much discomfort and suffering, and their systems, being thoroughly prepared by this great remedy, are in a healthy condition to meet the time with the least possible suffering and danger. **Mother's Friend** is recommended only for the relief and comfort of expectant mothers; it is in no sense a remedy for various ills, but its many years of success, and the thousands of endorsements received from women who have used it are a guarantee of the benefit to be derived from its use. This remedy does not accomplish wonders but simply assists nature to perfect its work. **Mother's Friend** allays nausea, prevents caking of the breasts, and in every way contributes to strong, healthy motherhood. **Mother's Friend** is sold at drug stores. Can't Fool Anty Drudge.

Glib Soap Convoasser—"I'm representing a new naphtha soap. Let me leave you a cake for trial. It's the best laundry soap you can try, and far ahead of what you're using."
Anty Drudge—"Is that so! See here young fellow. There are no substitutes for Fels-Naptha soap, no more'n there is for an honest dollar. You can't bounce me with a worthless imitation of the genuine Fels-Naptha."

Four million hours at least of hard disagreeable work are saved the women of this nation every week by Fels-Naptha soap. That is 208 million hours, or 26 million working days of 8 hours each every year.

Isn't that a record for Fels-Naptha to be proud of? Then there's the saving in health, in the wear of clothes, and in lots of other ways as well. More than a million women are using Fels-Naptha every wash-day.

It takes Fels-Naptha in cold or lukewarm water about half the time it would take by the old-fashioned hot-water way. Try it next wash-day yourself. Soap your white clothes with Fels-Naptha, roll them and let them soak for 30 minutes. Then give a light rub, rinse thoroughly and hang on the line.

No hot fire to blister your face, no steaming suds to scald your hands, no nauseating smell about the house, no back-breaking work over the washboard. Isn't it worth trying?

Directions for washing all kinds of clothes, and many other uses of Fels-Naptha, on inside of the red and green wrapper. Follow them carefully.
