The foundation was started this morning for the fourth fine resident home in Highland Park. Another one will be started Monday, the 26th.

On September 20th the owner of this property will advance prices of all lots unsold at that time 10 PER CENT and we give this notice so that all persons may have the opportunity to buy at original prices until that date.

Educational Notes

“We find widespread within the college, as in the community, the doctrine of intellectual socialism—a desire to learn only those things which one can minister immediately to the needs of the many,” declares bulletin (1912, No. 14), just issued by the United States Bureau of Education. “Devotion to science is looked upon as selfish in an age marked at once by selfishness and a quickened conscience.”

The importance of rest periods in school work and of as much fresh air as possible is emphasized by recent scientific investigations, which have shown that the condition of the blood corpuscles in children is far less favorable after mental exertion in school than after hard physical effort.

Italy is transforming her state reformatories into institutions that shall be schools, rather than prisons. To emphasize this enlightened attitude the authorities are naming the institutions thus reorganized after prominent educators.

The first German school to have a moving picture machine as a regular part of its equipment is in Thuringia. The apparatus will be used mainly in

geography and nature study. England has 20,757 elementary public schools with 5,500,000 pupils. The 1912 budget for education is \$72,000,000, of which \$1,000,000 is for teachers' old age pensions.

Twenty-one German universities had 57,415 students in the winter semester 1911-12, as compared with 54,822 in the preceding semester.

Nearly 5,000 students from foreign countries studied at American institutions of higher learning in 1911.

POET SCOUT

Coming from a Western Lecture Tour is a Visitor Here Enroute to Richwood.

Captain “Jack” Crawford, the poet scout, arriving here from a lecture tour of Wyoming, the Dakotas and other western states, where he appeared at chautaugus, taking Congressman Hobson's place twice as well as Senator Gore's on programs, will go to Richwood and lecture there Sunday afternoon. Then he will go to Philadelphia to attend a reunion of Spanish-American war veterans, of which he is a member, belonging to Post No. 49, in the canal zone.

Captain Crawford stumped West Virginia with Charles B. Holt, of Wheeling, for McKinley in the latter's first campaign and did effective service, especially at Romney, where he addressed 200 Confederate veterans and converted many of them to the McKinley cause. He was a Union soldier in the Civil war and was shot twice when only 17 years of age. He was then known as the “boy soldier.”

TO SELL LOTS.

Jerome W. Stuart, of Buckhannon, was in the city Thursday on business. Mr. Stuart will hold an auction sale of lots at Gassaway tomorrow, and Thursday, August 29, he will sell sixty lots at Jane Lew to the highest bidders.
