Urged for Porto Rico at the Mohonk Lake Conference Today.
 MOHONK LAKE, N. Y., Oct. 25.—Mrs. Albert Norton Wood, founder of the Anti-Slavery League of Porto Rico, delivered an address today before the Mohonk Conference of Friends of the Indian and Other Dependent Peoples. Her subject was "Our Obligations to Porto Rico," and she spoke in part as follows:
 The only way in which we can fulfill our obligations to the people of Porto Rico is by making them American citizens, giving them a territorial government and, ultimately, statehood. This is what we did for Louisiana, Florida and the territory ceded by Mexico, and we were dealing then, as now, with non-Anglo-Saxon, non-English-speaking peoples, and no dire calamities followed. Nor can it be urged that we should not pass over the sea to form new states, for we have already established the precedent in the case of Hawaii.
 When General Miles landed on the island with the army of occupation he issued a proclamation to the inhabitants of Porto Rico, in which he used these words: "We have come to bestow upon you the immunities and blessings of the liberal institutions of our government." The Porto Ricans, though they were being invited as equals to become Americans and form part of the United States. They accepted the invitation in good faith, and after fourteen years we find them classed at this conference with Indians, negroes, Malays, Kanakas and other dependent peoples." Is that a square deal?
 Our duties to Porto Rico have been exceedingly good work in education, in stamping out hook-worm anemia, and in some other particular. The sugar and tobacco industries have thrived greatly. But the efficiency of the present insular government is not the question at issue. It is a truism of political science that no government is so efficient as a despotism. If the war department were to take over the government of New York City, there would be a tremendous gain in efficiency. But we prefer, if necessary, a bad government that we give ourselves to a good government that some one else gives us. Have not the Porto Ricans the right to feel the same way?
 It has been said at one of these conferences that "one hundred and fifty thousand Porto Rican school children daily salute the American flag and are learning to love it. It is true that they daily salute our flag, but they are not learning to love it, and they will never learn to love it till the day dawns when it is their flag, too."

Very few people go through life without some time of other being troubled with constipation. Thousands injure themselves by the use of strong cathartics, salt waters, pills and similar things. They have temporary value in some cases, it is true, but the good effect is soon lost, and the more one takes of them the less effective they become.
 A physic or purgative is seldom necessary, and much better results can be obtained by using a scientific remedy like Dr. Caldwell's Syrup Pepsin. It does not hide behind the name of a fruit or vegetable, but is what it is represented to be, a mild laxative medicine. It is so mild that thousands of mothers give it to their infants, and yet it is so compounded, and contains such definite ingredients that it will have an equally good effect when used by a person suffering from the worst chronic constipation. In fact, among the greatest endorsers of Syrup Pepsin are elderly people who have suffered for years and found nothing to benefit them until they took Syrup Pepsin.
 It is a fact that millions of families have Syrup Pepsin constantly in the house, homes like those of Mr. G. M. O'Neal, Hamilton, 92, and Mrs. M. Huppert, 123 Jewell St., Brooklyn, N. Y. The special value will be given at the United Brethren church on Broad street Sunday evening at 8 o'clock and a cordial invitation is extended to all with no admission to be charged.

"How Long Will It Last?"
 the careful man asks. We can't tell how long a Burroughs Adding and Listing Machine will last, because in 21 years we have never yet seen one worn out.

For the careful man our little folder "Durability" contains some interesting facts on this subject.

STRONG, VIGOROUS FEET, NEVER SORE

Just Rub on EZO for the Feet and Away Goes Foot Misery.

Just think of it; only 25 cents for a generous jar of EZO, a pleasant, refined ointment that quickly soaks into the pores and in a few minutes brings blessed relief to tired, weary, sore, burning, tender feet. All druggists have it.
 It's so easy to use, too—no fuss or bother getting ready—no time wasted—just rub on EZO for the feet and misery vanishes. Used daily it makes weak feet strong and vigorous and draws the agony from corns, bunions and callouses. It's fine for rough skin, chapped hands and face, chilblains and frosted feet. Wells and Haymaker Company guarantee it.

OUR WAY STUDIO
 Photography is just what we make it—a fine art or a mechanical art. The artistic side of photography has always appealed to me. I have made a specialty of artistic posing and finishing. There are those who appreciate, and are willing to pay for artistic pictures—pictures that are the result of thought, plus—hard work.
 Can you think of anything you would rather receive than a "pleasing" picture of your dear relatives or friends—or can you give anything half so valuable as an attractive photo of yourself, as a remembrance, at the holiday season?
 I want to again thank my friends for their very liberal patronage and I appreciate every good word spoken of my work.
 I invite all to visit my studio and inspect my work, whether you want \$50.00 per dozen pictures or \$5.00, you are welcome.
 MRS. RARICK.
