TEACHING COSTUME FOR HOCKEY GIRL

This costume was especially fashioned for the athletic "hockey girl." The short warm jacket, scarf and cap and long gloves, all of the same wool material, is a distinct novelty for the winter. It serves both for keeping the wearer warm and freedom of movement.

COURSES

For Farmers and Farmers' Boys at the University Are Announced.

The Agriculture College of the West Virginia University at Morgantown has now arranged courses in agriculture to suit every man, young or old, who may be interested in obtaining more or better information on agricultural subjects. The following winter courses will be given:

1. The farmers' course, January 7, 1913, to January 17, 1913.
2. The boys' course, January 7, 1913, to January 14, 1913.
3. The short course, January 6, 1913, to March 21, 1913.

The farmers' course consists of general agriculture, horticulture and dairying.

The general agricultural course includes soil fertility, farm crops, animal husbandry, poultry raising, dairying, horticulture and farm management and farm demonstrations. The horticultural course will be given almost entirely to horticultural work. The cost of these courses is one dollar registration fee and board and lodging.

The boys' course is given for those members of the boys' and girls' corn clubs who won at their county shows. Funds have been raised in the counties to pay the boys' total expenses. Any boy in the state may attend this course, but only those who won in the county shows will have their expenses paid.

The short course is very popular and will be attended by a great number of young men. A bulletin fully explaining this course will be sent by the agricultural college, on request.

The instructors of all the courses include the regular teachers at the college and agricultural specialists of West Virginia and other states. Popular lectures are given each evening.

Hundreds of farmers of the state know from experience that it pays to attend these courses. We want to urge the farmers and young men of this community to take advantage of the opportunity offered by the university.

OWLS

Of the City Will Hold Their Annual Election of Officers Wednesday Night.

The Clarksburg Nest, Order of Owls, will hold its annual election of officers Wednesday night of this week. The nominations were made at the last meeting night and the indications are there may be some lively contests for the honors.

While the Owls is the youngest secret organization in the city it now ranks among the strongest in the city, the membership having passed the 600 mark and is yet growing at a rapid rate.

The lodge room in the Williams building on Second street has been fitted up especially for this order and the nest is now permanently located there.

Tubercular Remedy Based on Medicine

To say that a specific exists for the cure of consumption is perhaps too strong a statement, but in Eckman's Alternative, a safe, effective, but has been the means of saving many a life to years of usefulness, and in permanently benefiting a large number of consumptives.

Certainly a person afflicted with a wasting disease should be well fed with wholesome, nourishing food, but frequently raw eggs in quantities cause a digestive breakdown, and then no food nourishes. As for milk, a very good food for many, but a producer of biliousness for some.

Any diet that keeps a consumptive well nourished is the right one, but what is going to improve the patient? Eckman's Alternative has brought about full recovery in many cases of consumption. Let those speak who know. There is one—

30 Scovannah St., Rochester, N. Y.

Gentlemen: On June 2, 1907, I was operated upon for tubercular peritonitis at St. Mary's Hospital, Rochester, N. Y. After the operation my physician gave me up as hopeless. I was then urged by a nurse to take Eckman's Alternative, which I did. My weight at the time was 72 lbs. I began to improve and steadily gained in health and strength. I now weigh 125 pounds, and am absolutely well. Believing I owe it to myself and others, I make this statement.

Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Trouble, and in upbuilding the system. Does not contain poisonous opiate, telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for a free literature. Ever sold by all leading druggists.

California Woman Seriously Alarmed
"A short time ago I contracted a severe cold which settled on my lungs and caused me a great deal of annoyance. I would have had coughing spells and my lungs were so sore and inflamed I began to be seriously alarmed. A friend recommended Chamberlain's Cough Remedy, saying she had used it for years. I bought a bottle and it relieved my cough the first night, and in a week I was rid of the cold and soreness of my lungs," writes Miss Marie Gerber, Sausalito, Cal.
