## World Series Dope

Baker, Third Baseman, Athletics.

Frank Baker, the terror of Trappe, Md., who almost decided the world's series between the Athletics and

Giants pitcher brought him fame that will last as long as the game of baseball is played, should rank as favorite over his rival guardian of the "hell corner." While Shafer is a more polished fielder than Baker, the chances are that he will not outshine the great slugger in this department. Baker, although as a rule a loose fielder, generally manages to pull himself together and rise to the occasion at the psychological moment. Shafer is also a good hitter, a corking base runner and wonderful fielder, but Baker has him shaded on past performances.

### DOCTORS KNOW SOAP

Ask your family physician what he thinks about a laundry soap that is made of borax, coconut oil, clean talow and naphtha. He'll tell you such a soap will be cleansing, sterilizing and antiseptic. That means that it will not only make your clothing sweet and clean, but that it will also save you from the dangers of contagion that lie in common soaps. Easy Task soap is the only one that would fill his prescription.—Advertisement.

## Concerning Your Eyes

The sun's rays do not BURN until brought to a focus.

Isn't a man who specializes — whose attention is sharpened to a point and concentrated on only ONE THING—likely to do that one thing well?

My specialty is the examination of the eyes. I do nothing else. But I do that one thing so well that I can prescribe PRECISELY the right glasses for YOUR eyes.

## Avoid Sedative Cough Medicines.

If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia, use cough medicines that contain codeine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. It cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedative.
