The Lack of Stamina and Vitality in the birds is the cause of 95% of the failures in the poultry business. Therefore, see to it that you are one of the successful 5% this year by putting your birds on this economical scientific basis—a system that produces Stamina and Vitality—convince yourself by giving it a thorough trial.

Let us send you report from Prof. Horace Atwood, of Mercey, W. Virginia, Exp. Sta. who is one of the highest authorities on poultry husbandry. He has fed 2,500 lbs. "Hen-o-la" during the last year and is still feeding same.

The above system makes poultry-keeping wonderfully simple and cheap.

If your dealer will not supply you, please write us for full information and prices on "Hen-o-la," "Hen-o-la" Dry Mash and "Succulenta" tablets—green food substitute.

their residence will be on Water street. One of the most general topics for discussion here among neighbors as they meet for the prospective postmaster appointment, which is expected to be announced in a few days. The three leading candidates or active aspirants for the position with their relative chances for appointment, in the order named, as deduced from public opinion as expressed are Charles G. Ogden, D. Lewis Perine and T. Francis Kempner with a possible "dark horse" candidate. There is also a rumored local Democratic "big four" dictation that may loom large in the final analysis and decision for the appointment. Civil service motives are not all the elements that enter into the pre-appointment campaign, nor the Jacksonian rule, to the victors and valiant regular party workers belong the spoils.

Upon invitation of Fern Leaf Temple of Pythian Sisters of Clarksburg, quite a delegation from the Salem temple went Tuesday night and attended the installation of officers at the Clarksburg temple, returning on train No. 1.
