PHILADELPHIA, Oct. 13.—The Boston Americans are the world's champions of 1915. The Red Sox defeated the Philadelphia Nationals by a score of 5 to 4 here today in a game which was nip and tuck until the finish. Twice the Philadelphia took the lead only to be tied and Hooper finally clinched it for the American League champions by smashing a home run into the right-center stands. It was Hooper's big black bludgeon that put the Red Sox across as winners, the California boy smashing out two home runs during the game. Duffy Lewis was another hero for Boston, his home run great in the eighth sending in a run ahead of him and tying the score when it looked like a Philadelphia victory.

were opened thousands of men and boys were waiting eagerly to gain front seats.

The presence of Governor Brumbaugh and members of his official family to represent the state, and Mayor Blankenburg, representing the city, gave today's contest an official flavor. It was the first game of the series that the governor, who has just returned from an automobile tour of Pennsylvania, has been able to attend.

The batting order for today's game follows: Boston—Hooper, rf. Scott, ss. Speaker, cf. Hoblitzel, lb. Lewis, lf. Gardner, 3b. Barry, 2b. Thomas, c. Foster, p.

A threat of a serious delay or possible postponement of the fifth game served only in the end to whet the appetite of more than 20,000 faithful Philly fans, who crowded into the little park to encourage the home team in its last stand against the Red Sox.

A poor steaming engine of the special train bearing the members of the two ball teams delayed their scheduled arrival in the city from 9 o'clock until shortly after noon. In the meantime all sorts of rumors were current of a serious accident and a consequent delay in the series. The special was routed from Boston around by way of Poughkeepsie and was difficult to locate. Eventually, however, word came that all was well.

The Phillies once more in their white uniforms were first on the playing field. The local fans fully believed that Alexander would turn back the invaders and that some of "Gavy" Cravath's long hits which went far out on the Boston field would develop into home runs today.

There was every evidence of a fiercely fought game. The playing field today was lightning fast—far faster than the one in Boston. In practice the batted balls sped over it in a way that indicated the infielders would have to be on their tips-toes all the time. The Philly park seemed tinier than ever after two days of play at Braves field but the Boston players said they did not fear the heavy artillery of the Phillies any longer.

A large floral horseshoe was presented to Grover Cleveland Alexander by admiring friends just before play was called.

BULGARS HAVE SOME REVERSES AT VERY START

In Their Invasion of Serbia According to News Reaching City of London. GERMAN FRONT BROKEN. French Are Resuming the Offensive in the Western District of the War.

PARIS, Oct. 13.—The American embassy informed the French foreign office today that despite the protests and opposition of the American consul at Beirut, Syria, the French consulate in that city, to which American seals had been applied, had been violated by the Turkish authorities, who began an examination of the consulate archives.

BERLIN, Oct. 13.—The Austro-German invasion of Serbia is making progress, the war office announced today, although the Serbians by their resistance are interfering to some extent with the advance. A village and other positions south of Belgrade have been captured.

LONDON, Oct. 13.—Bulgaria has declared war on Serbia, says a General News despatch from Paris. The issue between Bulgaria and Serbia apparently has been joined, according to it, is reported unofficially that Bulgaria has declared war. Little is known here of the progress of hostilities between these combatants beyond the fact that Bulgaria has invaded Serbia and is said to have suffered reverses in the opening engagement.

In northern Serbia the Austro-German invaders are meeting with stubborn resistance. The report from Petrograd yesterday of an important Russian success in Galicia has been confirmed officially. General Ivanoff has broken the Austro-German front along the Stripa, taking 2,000 prisoners and a number of guns. If the Russian victory is as definite as is indicated by the official announcement the Austrians may be compelled to fall back on Lemberg. Such a retreat would be certain to have considerable moral effect in the Balkans, where the continued neutrality of several states is believed to be due largely to the severe reverses suffered by Russia during the summer campaign.

In the Dvinsk region desperate but indecisive fighting continues with the offensive shifting frequently from one side to the other. Field Marshal von Hindenburg evidently intends to continue his attacks as it is reported reinforcements for his army are on the way to the Dvinsk front.

From the western front come reports bearing evidence that the French are resuming the offensive in the Champagne. Paris claims slow but steady progress accompanied by the capture of a few prisoners and heavy losses for the Germans. A German correspondent at the front states that a great fight, in which all arms seem to be engaged, is now proceeding in the Champagne, which is regarded as an indication that the French intend to resume the offensive.

GERMANS REPULSED BY FRENCH FORCES. PARIS, Oct. 13.—The Germans last night attacked the French positions near Souchez, according to the announcement made this afternoon by the French war office, and were everywhere repulsed.

ORVILLE WRIGHT SELLS HIS OUTFIT TO A SYNDICATE. Big Deal in Aeroplanes, Aircraft Plant and Patents for the Same Consummated.

NEW YORK, Oct. 13.—Orville Wright has sold his entire interests in the Wright Aeroplane Company, at Dayton, O., to a syndicate consisting of William B. Thompson, Albert H. Wiggin, president of the Chase National Bank of New York; and G. Frank Manville, of the H. W. Johns-Manville Company, according to an announcement made here today.

The Wright Company, which controls all of the patents on aeroplanes secured by Orville Wright and his brother, the late Wilbur Wright, is capitalized at one million dollars, of which \$300,000 is outstanding. Orville Wright owns ninety-seven per cent of the outstanding stock. It was also learned that Orville Wright, although disposing of his entire interest in the present company, will become consulting engineer of a new aeroplane company, which the syndicate will form. It was also stated that Wright will be a stockholder in the new company.

GOFF IS SUGGESTED FOR SUPREME BENCH

Of the State of Wisconsin But He States He is Not a Candidate. A Milwaukee, Wis., newspaper recently contained the following concerning the Hon. Guy D. Goff, elder son of United States Senator and Mrs. Nathan Goff, of this city:

Friends of Guy D. Goff, who in August retired as United States district attorney with a record that never has been approached, are pleased to hear of his becoming identified with Frank M. Hoyt for the general practice of law under the firm name of Hoyt and Goff. With them will be associated Thomas M. Kearney, of Racine, as counsel. Offices are 900-4 First National Bank building.

Mr. Goff has been in the practice of law for twenty years and has enjoyed success. Mr. Hoyt, with thirty-five years of experience, has been a leading figure in the profession, while Mr. Kearney has devoted the same length of time to the law. The trio makes one of the most solid law firms in the state.

Mr. Goff with the announcement of his resumption of practice, took opportunity to speak of the rumor that he intended to become a candidate for the supreme bench, saying that not only would he support Justice Timlin, but that the Wisconsin bar could not permit Justice Timlin to retire.

"The suggestion that I might become a candidate for the supreme bench," he asserted, "was made while I was absent on a vacation, and had neither my approval or consent. Judge Timlin is a personal friend of mine, and I shall do all I can to induce him to succeed himself as a member of the supreme court. His work has been such that the bench and bar cannot afford to permit his retirement."
