

BULGARIANS ARE IN RETREAT

BULGARS Routed BY THE SERBIANS

And Their Anglo-French Allies and the Allies and Serbs Occupy Bulgarian Town.

ACTION MOST BRILLIANT Arrival of French Troops in Serbia is Marked with Most Dramatic Qualities.

PARIS, Oct. 18.—A despatch from Saloniki says that persistent rumors are current there that the Bulgarians have reached Vranje and succeeded in cutting the railroad between Saloniki and Nish.

PARIS, Oct. 18.—The entire Serbian line on the Bulgarian front is being held against the invaders notwithstanding the superiority of the Bulgarian forces, according to a despatch from Nish under date of October 16. It is believed that the Bulgarian army at Vlassina has been scattered.

PARIS, Oct. 18.—The British blockade of the Bulgarian coast, says a despatch from Athens, is a prelude to combined land and sea operations along the Aegean coast of Bulgaria and Turkey. In these operations, Italy will be represented by a naval squadron.

LONDON, Oct. 18.—Serbian and Anglo-French troops have occupied the Bulgarian town of Strumitza, thirty miles north of Saloniki, according to official telegrams from Athens. This follows closely upon news that Serbians, with allied assistance, have repulsed a Bulgarian attack at Villandovo, turning the advance of the Bulgarians into a retreat beyond their own border.

Thus the Anglo-French-Serbian action in the Balkans has leaped out of the field of surmise into a vivid foreground of facts and is asserted by London military observers to have been crowned at the outset with success.

Rather Dramatic. This arrival of French troops at the psychological moment when the Serbian struggle with 40,000 newly arrived Bulgarians at Villandovo and Hundovo still hung in the balance has dramatic qualities, which, for the moment have completely eclipsed the military exploits in other theaters.

The chief military importance of the allied-Serbian success is the defeat of the Bulgarian project of cutting the Saloniki-Nish railroad, which is known to have been the Bulgarian objective. It is not clear whether British troops co-operated with the French in this operation but a message from Athens stating they left Saloniki Saturday for the Serbian-Bulgarian frontier indicated they at least were near the scene of the fighting.

Increased Aggressiveness. Russian and Italian help thus far has been only indirectly exerted by increased aggressiveness against the Austro-Germans, which make a further deflection of Teutonic forces to the Balkans impracticable.

In the eastern theater the Germans again are attacking the Russian positions southeast of Riga, but Petrograd a demonstration calculated to distract attention from the Dvinsk region and Galicia, which have gained greatly in importance with the Balkan development. It is clear that although the battle which General Ivanov continues with varying success the Germans have been unable to establish themselves on the eastern bank of the river Stripa.

With a particularly intense artillery fire continuing on both sides in the Campaign region, the French war office reports slight progress. A strong barricade to the southeast of Neuville has been captured and the Givency wood positions have been consolidated.

GERMANS REPORT SERBS BEGINNING TO RETREAT

BERLIN, Oct. 18.—The Serbian forces in the Mocha district of the Save-Drina front in northwestern Serbia, where strong resistance has been offered to the Teutonic invaders, are now beginning to retreat, it was announced today by the war office.

The Teutonic advance south of Belgrade continues and progress also is being made in the Pozarevac sector. Additional successes also are reported for the Bulgarians on the eastern border of Serbia.

Has Narrow Escapes from Bombs Dropped by Aeroplanes Hostile to Italy.

PARIS, Oct. 18.—King Victor Emmanuel's contempt for danger, says a despatch from Rome, is the source of one of General Cadorna's greatest anxieties. Recently the king stood watching a battery in action on the Carso front when a hostile aeroplane flew over him. His staff begged him to move but he refused.

Two Italian aeroplanes meanwhile gave chase to the enemy, which flew back towards its own lines, dropping bombs, one of which fell close to the king.

WILD AND WOOLY

Reports from Kelley Hill Give Deputy Sheriffs a Needless Run.

A series of wild and woolly rumors emanating from the Kelley Hill section put county officers to a great deal of trouble Sunday afternoon and night.

One report that was telephoned to the sheriff's office had it that a man had murdered a child there and another was to the effect that a forger had beat his wife nearly to death an hour after she gave birth to a child because the child proved to be a girl instead of a boy.

Deputy Sheriff Laco Wolfe and assistants took Sheriff Ross F. Stout's bloodhounds to the Kelley Hill section but finally learned that there was no foundation for either of the reports.

VERY EASY TO ENLIST HELP FOR FIGHT TO WIN BABY'S FORTUNE

Subscriptions Turned in This Last Period of Campaign Will Make Baby Win.

GOLD AWARDED NOV. 1

End of Shower of Gold for Your Baby in Sight and Parents Should Keep Busy.

JOHN WALTON MARTIN, King of Campaign Today.

An avalanche of ballots was cast Saturday in the Clarksburg Telegram's Shower of Gold for Babies and the result is an upheaval. Changes were made quick and fast and practically every active candidate took part in the spirited voting. The question of the hour is, "what will be the winning vote?" And how many subscriptions will it take to win the big gold prize? The thing to do is to get every subscription possible and that is all anyone can do. Be sure you get your share of them and then in turn have baby share in the \$1,600 in gold.

Candidates for the Clarksburg Telegram's campaign, Shower of Gold for Babies, who are working for a bank account for their baby should receive the support of everybody in Clarksburg and vicinity.

"John Brown" may turn down the man who comes to his house selling a book, for "John Brown" knows the man is doing this thing for the money he gets out of it. But "John Brown" nor all of the "John Browns" that ever lived, are not going to give you a turn down when he knows you are working for a start in life for the baby, just as he had to do once himself.

Do you think that "John Brown" does not recall the days of his youth, when he, too, wanted to start a savings account in the bank?

You bet he does. He knows the whole thing and he knows that it means a lot for your baby and he is ready to give you his help, while he may not be able to do it just now; call on him again and give "John Brown" a chance to make good. He is going to make good and you want to think so, believe it and live it until he shows that he is not.

Get Their Money's Worth. Why should the not do so? Did you ever stop to think. There is no reason.

In the first place, he gets his money's worth. If he pays you two dollars for the paper, does he not get two dollars' worth of newspaper? Of course, and the votes that are given for that two dollars are just thrown in by the Clarksburg Telegram for good measure. You are not asking charity of "John Brown." Get that out of your head. If the grocery man thought he was asking charity when he sent out the boy to the house to take orders he would not be doing
