Alice Brady Appears Today at the Orpheum

In Screen Version of Great Stage Success, "The Lure of Woman"

The film version of the great stage success, "The Lure of Woman," is the main offering today at the Orpheum theater. Alice Brady, the popular Broadway favorite, supported by an all star cast, appears in the

is seen at his best and his antics as a mechanical doll are one big scream. Miss Rosemond makes a decided hit with her baseball song. The Dixie quartet has another good program, and is repeatedly encored. The scenery and costumes are bright and pretty. In all, this is one of the brightest and cleverest little shows that has appeared here this season. The photoplay offerings for today

leading role. Paul Armstrong, the famous novelist and writer, wrote the picture and it is acknowledged to be one of his masterpiece.

Tomorrow and Saturday, the mammoth spectacle, "The Seats of the Mighty," by Sir Gilbert Parker, in six great acts, will be the big offering.

"The Million Dollar Beauties" are scoring a big, laughing success at the Odeon theater. "A Day in Panama" is a sure cure for the blues. Alex Saunders, that funny little Hebrew,

are exceptionally good and include a Vitagraph comedy featuring Mr. and Mrs. Sidney Drew and entitled "Back to the Primitive"; "Cartoons in the Beach," an Edison comedy, and "Mustaches and Bombs," an Essanay comedy.

A play called "Another Man's Shoes" after a successful run in Northampton, Mass., is to be produced in New York by Henry Miller and his son, Gilbert.

At the Robinson Grand today, the Hudson Feature Film Company presents James Lackaye and Ray L. Royce in Fred E. Wright's artistic portrayal of village life entitled "York State Folks." This grand old character drama is pictured in five whole-act acts, and is just the kind of drama that pleases the whole family.

Tomorrow, in the afternoon only, William Fox's great sensational creation, "The Regeneration," a wonderful picturization of Owen Kildare's romantic and tragic life story "My Mamie Rose," will be presented with Rockcliffe Fellows and Anna Nilsson in the leading roles.

"Mrs. Bolivar's Daughters," a play from the Hungarian of Eugen Holtel, by Marion Fairfax, has been produced in New York and has received severe criticism from the critics. Its theme is of a nature mildly described as unpleasant.

"The Wheels of Justice," a four-act V. L. S. E. White Ribbon Vitagraph feature is the main offering today at the Bijou. James Morrison, Dorothy Kelly and Eulalie Jensen are the principal actors. The story is intense and exciting. It deals with an adventuress who decides to rob her husband and clope with her lover. She secures the money, is interrupted by the husband and a fight ensues which results in the husband's death. The lover enters, sees the dead man and is arrested for the crime. How he vindicates himself and brings home the crime to the guilty one is most interesting.

"Through Troubled Waters," a three-act Broadway Star feature is also shown.

Friday "Neal of the Navy" will be

Billie Ritchie, the popular photoplay comedian, is the special attraction at the Star theater today in a splendid two act comedy of the famous Iiko brand, "Married on Credit." It is an uproar from the very first. Other good subjects are on the program today.

Tomorrow, a real live western drama entitled "The Sheriff of Red Rock Gulch," will be an extraordinary attraction.

Dave Newman's "Tabarin Girls" Musical Comedy Company, announced as a metropolitan attraction, has proved itself worthy of the title by the performances it is giving at the Palace.

Bling Cushman and Larry Fein handle the comedy situations in a superior manner. Miss Carrie Hawley, prima donna, assumes the role of a French adventuress, and sings herself into the hearts of all. Her wardrobe is the latest in fashion and was designed by Mlle. Walters in New York City and displays one of the most striking effects seen on any stage. The chorus is well fortified in singing and dancing numbers, and the repertoire includes several big successes offered here for the first time. "Beatrice Fairfax," sung by

When Baby Has the Croup. When a mother is awakened from sound sleep to find her child who has gone to bed apparently in the best of health struggling for breath, she is naturally alarmed. Yet if she can keep her presence of mind and give Chamberlain's Cough Remedy every ten minutes until vomiting is produced, quick relief will follow and the child will drop to sleep to awaken in the morning as well as ever. This remedy has been in use for many years with uniform success. Obtainable everywhere.—Advertisement.

and as usual it will be very interesting.

Mrs. Dupont-Joyce of the Balboa forces is doing a double shift these days. Besides working in pictures at day, she goes to Los Angeles every evening and appears on the stage of the Little theater. Her work there has attracted exceptional attention. Before joining Balboa Mrs. Dupont-Joyce was understudy to Mrs. Pat Campbell. She is doing vampire parts in Balboa features.

"The Blindness of Virtue" selected for the opening play by the Lewis-Oliver Players at the Palace theater Monday, Tuesday and Wednesday and a Wednesday matinee is written on a theme that is absolutely crying for discussion. It is a strong, gripping, vital drama, founded on a subject that is now being debated in every home throughout the civilized world—a powerful indictment against the modern fashion of rearing children in ignorance of such conditions as will fortify them to combat with evils and vices of the world. Every mother and father should see it.

When the Famous Players Film Company's unique comedy drama, "A Girl of Yesterday," appears on the Paramount program, Mary Pickford innumerable admirers will have an opportunity to see the world's most popular motion picture star in the thrilling role of companion to the internationally famous aviator, Glenn Martin, in one of his daring aeroplane flights.

Seeing "It Pays to Advertise" furnishes a buoyancy that finds expression in much hearty laughter, besides inspiring a determination to emulate the example of the young man who, in the play, deciding to enter upon a business career, finds success through the medium of a publicity campaign that embraces love, printer's ink and the soap industry mixed in such admirable proportion as to make for continuous entertainment throughout its presentation. It will be on the Robinson Grand stage Friday night.

Gilson Willets, the noted author, wrote the adaptation of Charles Major's story, "Sweet Alyssum" for motion picture purposes. The production will be released in five acts as a Selig Reel play on November 15.

Larry Fein, scored heavily and will not be forgotten soon.

The company will change the program completely for Friday and Saturday. Do not miss seeing "A Trip to Paris," presented today for the last time. Four reels of motion pictures complete a first class entertainment.

VACCINATION
Is a Proved Success in French Army in Reference to Typhoid Fever.

PARIS, Oct. 28.—Doctor Leon Bernard reports that out of 800 cases of typhoid fever that he studied among French soldiers the mortality of those that had been treated with the anti-typhoid vaccine was only five and one half per cent while it was seventeen per cent among the unvaccinated. Among those that survived the difference in the gravity of the cases between the vaccinated and unvaccinated was as of nineteen to twenty-nine.

In all the cases studied by Doctor Bernard the vaccinations were what is called "simple," he thinks that with "triple vaccine" the death rate would have been much smaller.

RUSSIAN'S WAY
With the Inefficient is Illustrated in the Report of Court-martial of That Country.

PETROGRAD, Oct. 28.—Russia's way with the inefficient is illustrated in the report of the court martial which has just sentenced the captain and lieutenant commander of the Russian cruiser Jemchug, which was destroyed by the Emden at Penang a year ago. Both officers were accused of negligence.

The court found both officers guilty, and "taking into consideration their hitherto unblemished record and their brave service during the Russo-Japanese war," passed the following sentence:

"Both officers to lose all civil rights to be dismissed from the imperial service, and deprived of all decorations. Captain Baron Tcherkasoff to lose his rank of baron and be sent to jail for three and a half years; Lieutenant Commander Kulebin to be sent to jail for a year and a half."

FOREST FIRES.
PETROGRAD, Oct. 28.—During the last summer there have been enormous forest fires in Siberia, extending over an area of 1,200 miles in length. Over this entire area the sun was invisible from the latter part of June until the middle of August, being completely eclipsed by

the smoke. Great numbers of animals left the forests and flocked into the towns.

DANGER IN DELAY
Kidney Diseases Are Too Dangerous for Clarkeburg People to Neglect.

The great danger of kidney troubles is that they so often get a firm hold before the sufferer recognizes them. Health will be gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, gravel and Bright's disease often follow in merciless succession. Don't neglect your kidneys. Help the kidneys with Doan's Kidney Pills, which are so strongly recommended right here in this locality.

David Swager, harness manufacturer, S. Second street, Adamston, W. Va., says: "I suffered from pain and lameness in my back. The action of my kidneys was irregular. I took two boxes of Doan's Kidney Pills in all and the pains left. My kidneys became normal, too. Doan's Kidney Pills do just what they are advertised to do."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Swager had. Foster-McBurn Co., Props., Buffalo, N. Y.—Advertisement.
