Maccabees Initiate.
 The local tent of the Knights of the Maccabees held a large and enthusiastic meeting Friday night at its meeting place on South Second street. The attendance was larger than has been for a number of years. The Maccabee Booster Club that was organized, is showing its good work, as through its efforts a class of candidates were initiated Friday night. Interesting talks were made by some of the oldest and prominent Maccabees after the meeting. The entire body marched to the Crystal restaurant, where a banquet took place.

The Hon. Patrick H. Shields, one of the oldest Maccabees in West Virginia acted as toastmaster. A number of interesting and usual after dinner speeches were made. The feature of the banquet was the presence of C. C. Showater, of Parkersburg, state commander of the Maccabees.

Mr. Showater had just arrived from McWhorter, where a new tent was instituted Friday night. Tuesday night a crowd of Parkersburg "Bees" are going to Wilsonburg, where a class of candidates will be initiated.

INFLAMED ECZEMA ON WHOLE BODY

Red and Unsightly. Terrible Burning. Could Not Sleep. Clothing Aggravated. Cuticura Soap and Ointment Healed in One Month.

Colgate, Maryland.—"My eczema began with severe itching. My whole body was affected with the exception of my face and hands. It then took the form of watery pimples which were red, inflamed and unsightly. There was a terrible burning and I could not sleep. I could not help scratching which irritated them. My clothing aggravated the trouble.

"I tried remedies and liquid sulphur, but all that I used failed until I used the Cuticura Soap and Ointment. The trouble had lasted a month before using them. They afforded relief in one week after using, and the eczema was healed in one month." (Signed) Henry Tegner, November 6, 1914.

You may try these world famous, super-creamy emollients and prophylactics for the complexion, skin and scalp before you buy them. They do so much more than ordinary soaps, creams, etc., that the trifling extra cost should not prevent their use exclusively. We wish you to know them; write to-day for free trial.

SHOULD MINISTERS RECEIVE A SALARY?

Is a Question Asked by Apostle Russell, Who is Preaching in the Court House.

(Communicated.)
 In the county court room last evening Apostle Russell addressed a very interesting congregation on the divine plan of supplying the needs of the ministry from the tithes and offerings of the saints.

The Lord said a workman is worthy of his hire said Mr. Russell, but what is that hire? Christ said he would give them souls for their hire. So the divine plan was the ministry should go without purse or scrip, taking no thought for the morrow, because the Lord said he would put it into the hearts of the people to feed them and clothe them and give them the necessities of life, and even the giving of a cup of cold water to a disciple, because he was a disciple should not lose its reward. Thus it is seen in the 25th of Matt. that when the judgment is on those who gave such were rewarded with a glory that was prepared from the foundation of the world, while the goats were punished because they refused such, but ill treated them.

From the tithes and offerings that are paid into the Lord's store house, the widow and orphan, the poor and needy may draw according to their needs and wants and from the same fund the wife and children of the minister are supplied according to their just needs and wants (And as God is no respecter of persons, why should the latter class receive more for their support than other peoples' wives and children?) in as much as their wants are just.

He said that if the above plan were followed today instead of that of paying enormous salaries to some simply because they were better orators than others the ministry as a class would be much more thought of among the people and when they got behind the sacred desk they would not have to put on their muzzles fearing they would wound the feelings of the throbbing purse and thus it would contract to their sorrow, but to the contrary they would preach the one unadulterated gospel of Christ and they would do as Christ said, "See that ye all speak the same thing and that there be no divisions among you," and then the people would rejoice in hearing the truth and would love to go to church where their souls could be fed, for said Mr. Russell the peo-

WINDOW PLANTS RUSHED TO LIMIT

Owing to the Great Demand and the Very Light Stocks on Hand at Present.

GRAND JURY
 Completes Its Work Here Late at Night and Adjourns without Day.

PITTSBURG, Nov. 13.—The current number of the Glassworker contains the following:
 Not in years, if ever before, according to late reports, have window glass stocks been as low as at present. From present indications every inch of glass that will be made in the hand and machine plants of the country during the balance of the year is already as good as sold.

The demand, which all through the month of October was brisk, is now much more pressing, owing to the unheeded lowness of stock in the hands of manufacturers, jobbers and door and sack men. Urgent orders are piling up and the glass is being rushed to destination as fast as it can be produced.

There is no question as to the auspicious conditions now surrounding the blast which opened last week there is no good reason to suppose that the present splendid business will come to an abrupt end with the opening of the new year. Of course the urgency of the need of window glass will not be as great then as at present, but there is yet no sign of the completion of foreign plants or any alteration of existing good business conditions. Foreign glass is still indefinitely withheld from the United States market, and very little of it is going to other lands.

Reports from all over the country indicate that all plants are in tip-top condition, the only possible handicap being some scarcity of labor.

LOVER SENTENCED

To Serve Two Months in Jail and on Roads and to Pay a Fine of \$100.

In the criminal court Saturday, Sam Lower, indicted for a prohibition law violation, pleaded guilty and was sent to the jail and roads two months and fined \$100 and costs.

Edward Fitzgerald, Richard Gray and Chauncey Gordon, who were in jail in default of bond to answer indictments, were discharged, indictments having been found against them, and they were allowed fifty cents a day each for time worked on the county roads.

George Jenkins not having been indicted was released from jail.

CHILD BURIED.
 Funeral services over the infant son of Mr. and Mrs. George Pohinsky, of Pittsboro, who died Friday morning, was held at 10:30 o'clock Saturday morning at the Lynch-Osborn mortuary chapel and the burial was in the Holy Cross cemetery.
