"Wake Up, America!"

The Big Patriotic Song Success

AS SONG as stirring as a call to arms, bearing the message of "preparedness" with which the country is ringing today. Every red blooded-American will want this Columbia Record—especially with the coupled attraction of "Good Bye, Good Luck, God Bless You," Ernest R. Ball's latest hit, sung by the brilliant composer of "Mother Machree," himself.

Al Jolson's hit from the New York Winter Garden, "Where Did Robinson Crusoe Go with Friday on Saturday Night" and George H. O'Connor's comic song success, "Oh Joe, With Your Fiddle and Bow" are two other star performances from twenty great new popular hits listed among the

New Records for June

There is unusual variety in this month's list of records, ranging from sparkling light opera airs like "Kiss Me Again" from "Mlle. Modiste" to the solemn magnificence of compositions like the "Hallelujah Chorus" from Handel's "Messiah." These four records taken from the list, including by far the most perfect quartette recordings so far achieved, would make

New Recordings by Great Concert Artists

Graveure sings with poetic feeling Tom Moore's song "She is Far From the Land"; Kathleen Parlow plays Drigo's "Serenade" and Dvorak's "Indian Lament in G Minor" with insight and shining artistry; Marie Sundelius delights her admirers with two more lovely ballads; Henri Scott and Godowsky add four gems to their repertoire—a veritable feast of art. Then there are eight rhythmic, swinging dance records ("They Didn't Believe Me," from "The Girl from Utah," is one of the best); the first records by H. M. Grenadier Guards, England's greatest band; accordion novelties; orchestral gems; comic, sacred and trio records (two of them by the Trio de Lutece)—altogether a list to make you eager to see your dealer this month. that is good for ten barrels and the last three barrels a day. On Elm run, Grant district, the Standard Fuel Oil Company completed No. 28 on the J. T. Layfield farm and has a light pumper in the Big Injun sand. R. E. L. Frymier drilled a test on the I. N. Cokley farm, located on Third run, Union district, through the Squaw sand and it shows for a five barrel pumper. On Sugar creek, Fayette district, Pleasants county, Albert Nely & Company's second test on the Smiley Wagner farm is a ten barrel pumper in the Keener sand. On McKim creep, Meade district, Tyler county, Warren Smith & Company drilled through the Big Injun sand at their test on the Anna M. Smith farm and gave it a shot. It is showing a little oil. On Elk Fork, McElroy district, the Hope Natural Gas Company's test on the Samuel Morgan farm is a gasser in the Big Injun sand. On Bens Run, Union district, the Cole Run Oil Company completed a test on the M. Neuschwander farm and it shows for a fifteen barrel pumper in the Big Injun sand.

Fair Pumper in Wetzel County.
On Fishing Creek, Green district, Wetzel county, the Egan Oil and Gas Company has completed a second test on the J. H. King farm. It is good for twenty barrels a day in the Big Injun sand. In Washington district, Pleasants county, Zanbiser and Company completed No. 8 on the J. Bills farm and have a light pumper. On Little Bingham creek, Lincoln district, Marion county, the Hope Natural Gas Company's test on the W. E. Terrick farm is a gasser in the Fifty-foot sand.

Gasser Spraying Oil.
Near Chapmanville, Logan county, a local gas company has drilled a wildcat into the Big Lime formation and developed a 3,000,000-foot gasser. It is also spraying oil at the rate of five barrels a day. The fact that well is spraying oil possibly indicates that a pool of oil can be had in some direction from the gasser. There will be more tests drilled in that locality.

In Harper district, Roane county, the Sidney Oil and Gas Company, (successors to the Pocatello Oil Company) is drilling a test on the W. B. Hunt farm and rigging up at tests on the Thomas Ashby and S. J. Ray farms. On Laurel Creek, Spencer district, the Fisher Oil Company has started to drill No. 3 on the W. W. Short farm. On Little Trace run, Otter district, Braxton county, Carter, Sheets & Jarvis have the rig completed for a test on the David Shock heirs' farm. On Barn run, Birch district, Ira G. Snyder is rigging up at a test on the Bishop Mace farm. On Little creek, Glen district, Wetzel county, C. E. Kite and Company are building the rig for a test on the Wetzel county poor farm.

Southeastern Ohio.
Light pumps and dusters are the result of the development work in the Marietta field, Washington county. Out of thirteen completions five are dry, holes and four very light pumps. The combined production of the four wells is but six barrels. The result of operations in this district does not differ greatly from work in other shallow sand territory.

Southeast of the old Scio field in North township, Harrison county, O. Reese and Ferrell have started to drill a test on the C. F. Hedy farm. In the same district, Callahan and Company's test on the N. Amos farm is a duster in the Berea grit. The Butterfield Oil Company is drilling a test on the John Butterfield farm.

Southwest Pennsylvania.
Near Dunn Station, Morris township, Washington county, Pa., Gaard and McBride's No. 3 on the Dunn heirs farm has been completed and it shows for a ten-barrel pumper. The location is 2,000 feet east of the Arco Oil Company's test on the J. S. Watson farm. West of Washington the Manufacturers Light and Heat Company has drilled No. 3 on the Dr. J. W. Stockton farm into the sand and it shows for a twenty-barrel producer.

Back of Baden, Allegheny county, the Fair Gas Company completed a second test on the Dunn heirs' farm and scored a duster. In the Imperial district, J. T. Reiley and Company have drilled a test on the John Scott heirs' farm into the 100-foot sand and it shows for a good producer.

New Gas Company Incorporated.
The Clarksburg Manufacturers' Gas Company has been granted a certificate of incorporation under the laws of the state. The company has
