NORWOOD PARK TEAM DEFEATS PARKERSBURG

Whitney in Form and Holds the Parkersburg Batters to Four Hits.

PARKERSBURG, July 24.—The Norwood park baseball team, of Clarksburg, hung a defeat on Shields's crew of ball tossers at the South Side park Sunday afternoon by a score of 5 to 2, before a small audience of fans who braved the boiling rays of Old Sol to watch the boys perform. The visitors had everything that goes to make up a good ball club, but good pitching by Barstow in the pinches kept the score down.

Thirteen safeties were garnered off Barstow's delivery, but the visitors were only able to bunt them in two innings. Time and again, Clarksburg runners would get on a sack and there die for want of hitting power to bring them across the platter.

Parkersburg drew first blood in the second frame when Dave King smote a single to left center. A belder's choice, an error and an out put him safely across.

Clarksburg failed to put over a count until the fifth and then a succession of hits brought in two runs. Again in the eighth, it managed to bunt hits and three runs crossed and sewed up the game.

E. Carroll, playing center in place of B. Carroll, was safe at first on an error in the night and crossed the plate late on Barstow's single.

Whitney for Clarksburg had the locals in the hollow of his hand throughout the matinee. Only four safeties were gathered from his delivery. Both teams played erratically.

HEAT FLASHES, DIZZY, NERVOUS

Mrs. Wynn Tells How Lydia E. Pinkham's Vegetable Compound Helped Her During Change of Life.

Richmond, Va.—"After taking seven bottles of Lydia E. Pinkham's Vegetable Compound I feel like a new woman. I always had a headache during the Change of Life and was also troubled with other bad feelings common at that time—dizzy spells, nervous feelings and heat flashes. Now I am in better health than I ever was and recommend your remedies to all my friends."—Mrs. LENA WYNN, 2812 E. O Street, Richmond, Va.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound.

Such warning symptoms are a sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness.

For these abnormal conditions do not fail to take Lydia E. Pinkham's Vegetable Compound.

ARCHER'S OFFICE IS MOVED TO CHARLESTON

Headquarters of the West Virginia Board of Trade is Transferred to Capital.

CHARLESTON, July 24.—The headquarters of the West Virginia Board of Trade will hereafter be in Charleston. Henry H. Archer, secretary of the board and also secretary of the board of commerce of Parkersburg, is to resign the latter position, in order to give his full time to the statewide work of the West Virginia Board of Trade. It is planned that in the next four months he will visit one or more places in each county of the state, in order to meet the leading men of each county, and to become acquainted with the resources of the different portions of the state.

At the same time his office in Charleston will be occupied with making a complete inventory of the state's resources, in order that the West Virginia Board of Trade may be in a position to carry on an effective advertising campaign throughout the nation.

The resignation of Charles Cameron Lewis, Jr., as president of the West Virginia Board of Trade, went into effect last week as Mr. Lewis felt that his political activities might hinder the non-partisan work of the organization. His successor as president is C. P. Snow, of Huntington, president of the Huntington Chamber of Commerce and cashier of the Huntington Banking and Trust Company. Mr. Snow is a young man who has made a brilliant business record in Huntington and in the state. He will lead in carrying out the broad useful purposes of the West Virginia Board of Trade in its effort to bring all the constructive elements of the state together for state promotion.
