Railway Strike Menaces—All New York is anxious regarding the railroad strike which threatens to tie up the entire country. This city is peculiarly isolated and, with its vast population, would be immediately menaced by a food famine were its normal supply, shipped in daily, to be cut off. There is no city in the world which lives from hand to mouth as does New York, so that anxiety regarding the threatened strike is peculiarly personal, aside from the terrible injury to business conducted and represented here. President Wilson took a spectacular

Liver Trouble.
"I am bothered with liver trouble about twice a year," writes Joe Dingman, Webster City, Iowa. "I have pains in my side and back and an awful soreness in my stomach. I heard of Chamberlain's Tablets and tried them. By the time I had used half a bottle of them I was feeling fine and had no signs of pain." Obtainable everywhere.—Advertisement.

step when, after having received assurances that the railway employees would not strike until they had conferred with him, he dispatched his secretary, Joseph Tumulty, to New York, to ask them to do so, widely heralding his departure from Washington and arranging to have Tumulty met by a host of newspapermen on his arrival in New York, where he gave out Mr. Wilson's letter to the heads of the unions and the railroads.

take the stump, to make a western tour and go over the same ground as Mr. Hughes and then changing his mind is evidence that the Republican candidate has put the Democratic nominee very much on the defensive. The Republicans insist that Mr. Wilson received thousands of votes from people who believed him to be a peculiarly high-minded man and who had accepted his repeated commendation of civil service reform as sincere and that these are bound to be alienated by the evidence Mr. Hughes is presenting of flagrant violations, by Mr. Wilson's personal direction, of both the spirit and the letter of civil service reform.

Hughes Record Helps—When Mr. Hughes said at Fargo, "I'd like to have authority to investigate this administration for six months," everybody cheered. Why? Because Mr. Hughes' reputation as an efficient and merciless investigator had gone before him. His audience remembered the thorough and merciless investigation to which he subjected the insurance companies and they recalled, too, that it made not the slightest difference to him whether it was corrupt contributions to the Republican or to the Democratic campaign funds that he was exposing. People who have been paying special taxes, stamp taxes, income taxes, corporation taxes, etc., for the last three

years, with the prospect of paying more when the pending revenue bill is passed, would like a Hughes investigation, not only of the present administration but of all previous administrations, that there may be some check on the gross extravagance of public expenditures, the criminal waste of the people's money.

Democrats Jubilant—There is jubilation at Democratic national headquarters because Charley Murphy and Tammany have announced that they will cordially support Samuel Seabury, the Democratic nominee for governor of New York. Judge Seabury is a single taxer which, in the opinion of his friend, Charles O'C. Henney,

will ultimately make him president of the United States. Tammany engineered the nomination of William F. McCombs for United States senator, so that with its acceptance of Judge Seabury, its support will be unanimous and probably enthusiastic for the Democratic ticket. Charley Murphy does not particularly like Seabury, but would infinitely prefer him to Governor Whitman, the Republican candidate, and having been given the senatorial nomination, there is no reason for Murphy and his cohorts to complain because in picking a candidate for governor the convention did not take an essentially Tammany man. After all, Tammany is a practical organization which knows well how to play the political game and to win over Democratic candidates even when it has not named them. However, the fact that both Seabury and McCombs enjoy Tammany support is an occasion of rejoicing to the Democratic leaders.

WEST VIRGINIA TAKES PART IN CAPITAL NEWS

Events of Washington, D. C., Are Reported by Telegram's Correspondent There.

WASHINGTON, August 17.—The indications are that the distressed flood sufferers in Kanawha and adjoining counties of West Virginia will be helped by the federal government from the \$540,000 appropriated two weeks ago to help the flood sufferers in the Southeast, in the Carolinas especially. This seemed to be the idea of the House, when Congressman Littlepage introduced a resolution to appropriate \$200,000, a copy of the resolution which Senator Chilton introduced in the upper branch.

Charles E. Hanst, of Kingwood, who was appointed an alternate for the military academy at Annapolis by Congressman Sutherland, has passed the mental examination which was held July 27, and has been ordered up to take the physical test. If he passes that he will enter the school at once. The principal who was appointed failed, and that gave young Hanst his coveted opportunity.

The House has passed a bill, introduced by Congressman Neely, which authorizes the secretary of war to loan a cannon to the town of Weston for ornamental purposes on the public square. A sub-committee of the House judiciary committee has also made a favorable report to the whole committee on Major Neely's bill authorizing the employment of federal prisoners on public roads. Samuel Gompers and Secretary Morrison, of the American Federation of Labor, were two of those who spoke before the committee in favor of the bill, while State Highway Commissioner Williams, of West Virginia, gave it his endorsement.

W. F. Mulliss, accompanied by his ward, Lester D. Baker, of Martinsburg, was a caller on Congressman George M. Bowers yesterday. Young Baker has a cadet appointment from Senator Goff, which was secured for him by the influence of Colonel Bowers before the latter became a congressman. Young Baker is a nephew of Secretary of War Baker, and he came to Washington to take a course of studies at the naval preparatory school in Chevy Chase. Mr. Mulliss is one of the chief officers in charge of the large interloper mills at Martinsburg.

Pension claims of Robert Blosser and Rheo E. Meader, both of Raleigh county, have been taken up by Congressman Sutherland with the pension commission. Mr. Sutherland

has also requested that official to issue a duplicate pension certificate to J. Madison Boggs. Along with Beverly Waugh, Mr. Boggs kept his certificate in the postoffice safe at Edray. On the night of August 4 the safe was blown up and robbers carried off the pension certificate along with other plunder they got.

John M. Prevaue, of Barracksville, and J. Malcolm Lewis, of Moundsville, have been nominated by Congressman Neely for appointment to take the examinations for entering West Point.

Attorney General A. A. Lilly is in the city. He came here to attend to some private business. Alex. R. Campbell, of Wheeling, is another prominent West Virginia visitor. He has been at Annapolis visiting a daughter, who resides there.

E. H. Crouch, of Saplingler, will receive a shipment from the government fisheries with which to stock the streams in his neighborhood. The United States fish commissioner, in response to a request, has so notified Congressman Sutherland.

Fourth class postmaster commissions have been issued to Nance H. MacCorkle, of Junction; Clarence E. Smith, Kay Moor; Harry Baxter, Slaty Fork; Hugh E. Love, Triquolis, late Tomroy; James H. Varney, Blooston; and William H. Herndon, Lookout.

Pension bills in behalf of George W. Hill and Hiram Hill, of Beverly, have been introduced in the House by Congressman George M. Bowers.

George W. Williams, of Beckley, who is one of Senator Chilton's most dependable and able lieutenants in Raleigh and adjoining counties, has returned home after a week's stay in the city.

Edward A. Eagle has been designated postmaster at Alta, W. Va.

Congressman Edward Cooper and Charles Brooks Smith spent Sunday and Monday at Old Point Comfort, returning Tuesday morning. They visited the interned German ships and the new dreadnaughts building at Newport News, also the government aviation school located in that vicinity.

PARISIAN SAGE

Puts Hair on Your Head and Helps to Keep It There.

What's the use of being bald? What sense is there in deliberately allowing your hair to turn gray? Do you want to look old before your time? Give up the thought; old age will come all too soon. Look after your hair. Parisian Sage is a scientific preparation that supplies hair needs—is just what you want. It aims to prevent grayness and baldness by putting life and nourishment into the hair roots. Man or woman, no matter how old you are, Parisian Sage will help you to look younger and more attractive. Why not go to the Wells-Haymaker Company and get a bottle today. It will not cost more than 50 cents, and your money back if it does not cure dandruff, stop falling hair, or itching of the scalp. It will make your hair luxuriant, bright and beautiful. It is a most refreshing, pleasant and invigorating hair dressing and absolutely harmless to the hair and scalp.—Advertisement.

LEPER COLONY

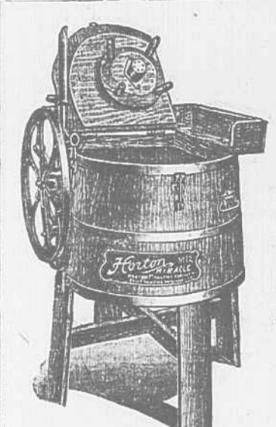

Is to Be Founded by Holland as between Thirty and Forty Lepers Are There.

(Correspondence of Associated Press.) AMSTERDAM, August 17.—Holland is to have a leper colony. The country is exposed to the leprosy danger owing to the considerable traffic with its East and West Indian colonies, and there are estimated to be roughly between thirty and forty sufferers from the dread disease already within its borders. Plans are on foot to found such a colony in the Veluwe region, between Epe and Heerde. It will be under the control of officers of the Salvation Army who have had experience of this work in the Netherlands East Indies.

In France there is a prize amounting to about \$20,000 awaiting the discovery of a cure for Asiatic cholera.
