

TO SUPPRESS THE OAKLAND SALOON. THE OLD TEMPERANCE BATTLE IS REVIVED WITH NEW TACTICS. ORGANIZED LABOR OPPOSES. SUDDEN DEATH OF WILLIAM M. VANCE, A PIONEER GOLD-DIGGER.

There is a concerted movement in Oakland looking to the suppression of the saloon, and a meeting has been held at Hamilton Hall at which many organizations were represented.

When Rev. Dr. McLean opened the meeting he stated that something like the plan now proposed had for a long time been thought of by him.

The council shall seek by all proper means to have a general vote on the principle of licensing to close saloons in as many places and on as many hours of the day and days of the year as possible in order to break the baneful political power of the saloon.

Speeches were made by many of the gentlemen present. One speaking in a certain saloon in Oakland he said that sixteen young ladies, daughters of business men and prominent citizens.

John Gelder, labor leader, who said he represented organized labor in Oakland and elsewhere, said he could not work in harmony with a movement so narrow.

The plan was favored in speeches by Rev. William Rader, Rev. Mr. Wendte, Rev. Mr. Jones, Dr. Frear, Mrs. R. R. Johnson and Mrs. Forland.

Two Sudden Deaths. W. M. Vance, a well-known character about Oakland, was found dead in his bed in his room at 1165 Broadway at noon yesterday.

Vance was aged about 73 years and had resided in Oakland many years, being engaged mostly of late years in sewer contracting.

Three months is the time allowed by local insurance agents for the present great rate war to run its course, and meanwhile policy-holders are taking advantage of the wholesale cutting and slashing that is going on among agents, who are taking risks at any price.

Agents who are anxious for an adjustment predict a hasty settlement of the existing troubles, while the other side say that lower rates than have ever been known will prevail in Oakland before the end of the difficulty is seen.

His Work is High. William J. Dabell, one of the world's famous "steep-jacks," who made a reputation doing dangerous work on flagstaffs and high steeples at the World's Columbian Exposition, has taken up his home in this city and will be engaged to paint some of the many high church-towers here.

Krauth did not receive a majority of the votes, because seven men who cast ballots for him were not entitled to do so because they were not members of the Fire Department.

The names of the seventeen voters challenged by Gundlach will be summoned before the trustees and under oath asked to state who they voted for.

It is claimed by some that the trustees cannot order a re-election because a definite day is set by law on which the election must be held and that no other one can be substituted.

The contest presents many entangling questions and much interest is manifested in the outcome.

Noble Hutton, a 14-year-old boy whose father keeps a Market at Railroad and Park avenues, met his death yesterday under peculiar circumstances.

It was ascertained that death resulted from heart disease brought on by exertion in running for the train.

An Answer Filed. H. H. Schrader, the insolvent paper-hanger and decorator, has filed an answer to the affidavit of his former partner, W. W. Fowler, who made charges in connection to the final discharge in the insolvency.

Arrangements have been completed by the Board of Education to commence on the first of the month to teach physical culture to the classes of the Encinal School.

The morning service yesterday at the Congregational Church, corner of Central and Chestnut streets, was commemorative of the sixteenth anniversary of the church.

The third of a series of handicap tournaments will be held at the University grounds next Wednesday afternoon.

Notes. Louis F. Post, a well-known writer on "Single Tax," will lecture before the class in elementary political economy at the University to-day at 1 o'clock.

President Kellogg and Professors Bradley, Jones, Stringham and Clapp will leave for Los Angeles this evening to attend the meeting of the Southern California Teachers' Association, to be held there the latter part of this month.

The report that the Berkeley Daily Advertiser had come out on the 21st inst. was not true. The paper mentioned did appear, but not at the usual time.

Union-square Hall was well filled yesterday afternoon by members of the Celtic race, the occasion being the annual meeting and election of the board of directors of the French Mutual Benevolent Society.

The most important business, aside from the election of directors, was the consideration of a revised code of by-laws which had been prepared and submitted by a committee of six members appointed for that purpose.

The medical staff of the hospital shall be: First—A physician residing in the hospital, who shall be selected by the board of directors, who shall also determine the amount of his compensation; also two assistants, without pay.

Second—A physician practicing at the hospital, who shall be selected by the board of directors, who shall also determine the amount of his compensation; also two assistants, without pay.

Third—A surgeon and so many other physicians as the board of directors may deem necessary, to be selected by the directors and to serve without pay.

Fourth—A physician selected by members of the society, who shall exclusively visit them at their homes, and who shall receive for his services \$250 a month for three consecutive years of service.

Seventh—A dentist selected by the directors, who shall be selected by the board of directors, who shall also determine the amount to be allowed him for his services.

On this subject matter there was a lively debate, and the oratory grew very warm and fervid at times, though no special excitement was manifested.

The annual report of the work of the society was reported by the building committee. It showed that \$177,749.05 has been spent on the new hospital as follows: Construction \$153,114.79, interior finish \$10,331.76, and grounds \$5,799.50, sundries \$8,511.00.

The new hospital, which is situated at the corner of Point Lobos and Fifth avenues, is nearly ready for occupancy, and it is expected that the removal will take place either in May or in June.

LOGICAL, ENERGETIC, PATRIOTIC. California people seem to be getting their eyes opened to the fact that the valley road is rapidly approaching a reality.
