

THE TRUE SPIRIT OF CHRISTIANITY.

REV. DR. MACKENZIE DELIVERS AN ELOQUENT ADDRESS TO HIS PARISHIONERS.

"CALIFORNIA IS MY HOME."

THE PREACHER DESCRIBES THE NEW POWER VESTED IN THE SON OF MAN.

The Rev. Dr. Robert Mackenzie preached at the First Presbyterian Church at Van Ness avenue and Sacramento streets yesterday morning on the "True Spirit of Christianity," taking his text from Luke 9: 46-56. He said in part:

The Christian church is thinking in these days of Christ's last journey to Jerusalem, which led to his crucifixion on Good Friday morning and his resurrection on Easter. On that journey he had many disciples. His disciples in the nature of his power and the manner of spirit in which it should be exercised. The lessons he taught them are for the perpetual admonition of the church. It might be well to turn for a little while from catechisms and creeds and listen to his own words, and from maximum Christ and minimum

REV. DR. ROBERT MACKENZIE. (Drawn from a photograph.)

Christ to the one original Christ of these days and let him speak for himself on these things. The coming of Christ was the advent of a new power in the world, destined to affect politics, its morals and its religion. It is always a question how such a new power will affect existing affairs. When a new Emperor is appointed, the question arises, how is it to affect us? Men in position and out of position, in Jerusalem and elsewhere, were exiles in far lands ask that question. No emperor ever came with such purpose, power and authority as did Jesus Christ. He came from us of a Nero and robs us of Washington, but Christ came to stay. Christ started on that last journey from the most northern part of Palestine. There on Mount Hermon he was transfigured in the presence of disciples. Something of his power and glory shone out upon them. He is entering on the fifth act of the tragedy of his life. What he is in act and spirit will soon appear.

MONEY AWAITS HIS COMING.

TWENTY-FIVE THOUSAND DOLLARS IN CASH FOR A MAN WHO IS MISSING.

MICHAEL DESERISH IS EARNESTLY WANTED IN RICHMOND, INDIANA.

If Michael Deserish knew that there was \$25,000 in cold cash waiting for him in Richmond, Ind., probably he would not be long in coming forward to claim it.

Just for the past month small advertisements have been inserted in the papers here, but to no purpose.

When last heard from, about fifteen years ago, Deserish was in San Francisco, and it is presumed that he drifted to the mines.

He is a native of Ales, Germany, and came to America about forty years ago, settling in Cincinnati, where he followed the occupation of molder.

He came to California in 1830 and a year later his brother, Sebastian Deserish, forwarded to him \$6000 in cash, which was a portion of a legacy left him. It is known that he received the money, but from that day to this nothing has been heard from him.

CRUSHED BY A LOCOMOTIVE.

H. Gutte's Ribs Were Driven Through His Heart.

A man, who was identified as H. Gutte, a candle-maker, was struck by a switch engine and instantly killed on Channel street, between Seventh and Eighth, at 2:30 a. m. yesterday. The man walked in front of the locomotive, the pilot of which struck him and threw him a distance of several feet from the track.

OAKLAND'S COUNCIL CHANGES TO-NIGHT.

MATTERS WHICH THE NEW MAYOR WILL CALL TO ITS ATTENTION.

THE ANTI-SALOON CRUSADE.

DAVE'S FIGHT WITH THE SOUTHERN PACIFIC—COHEN'S FAILURE WAS EXPECTED.

The members of the new City Council will take their seats this evening, presided over by Oakland's new Mayor, J. L. Davie, and the public is looking forward with interest to the message which he will present.

As the Council is like the retiring body, largely Populist in political complexion, and, in fact, composed of a majority of the Old Councilmen, there is a feeling that the policy pursued will not be largely at variance with that of the old board, though the views of the Mayor on certain subjects are certain to make him antagonistic to some of the measures recently adopted by city fathers.

The ordinance recently passed giving James Taylor & Co. the privilege of erecting coal-bunkers on Franklin-street Wharf, with dockage facilities on the same structure, is particularly objectionable to Mayor Davie, partly on account of the inconvenience the docking of the colliers causes his freight boats Emma and Mare Island in reaching their warehouse or the City Wharf, and also because the Merchants' Exchange is out in opposition to the granting of the privilege. The message may contain some strong references to this subject.

Another matter which the Council will be called upon to take cognizance of is the movement now on foot to close Oakland saloons on Sunday. The ministers of this city have organized for that purpose and will make a determined fight to gain their object. Mayor Davie and a number of the Councilmen who were elected on the Populist ticket were pledged by the convention which nominated them to continue the fight against the Southern Pacific on the water-front issue, and the chief executive will doubtless make pointed allusions to this point.

Cohen's Failure Was Expected. The news that Edgar A. Cohen of Alameda, a son of the Southern Pacific attorney, who died some years ago, had filed his petition in insolvency did not create great surprise in Oakland, as he was known to be much embarrassed financially some time ago, and the fact that his mother refused to step between him and his creditors further harassed him. It is said that he has been arranging his affairs for several months past with a view to settling with his creditors through the insolvency court. His liabilities footed up \$331,431 89, with assets nothing.

Berkeley. The Non-Partisan convention for the purpose of nominating candidates for the next town election, which takes place May 13, was held in Odd Fellows' Hall on Saturday night. There being much preliminary business to transact it was nearly 11 o'clock before nominating commenced.

There were about eighteen delegates from each of the seven wards, making a total of nearly 130 representatives present. The old hall was crowded to the very doors with citizens and other interested spectators.

The nominations for Town Trustees resulted as follows: First ward, John Finn; second ward, William Carey Jones; third ward, J. W. Richards; fourth ward, Matthew Squires; fifth ward, John Martin; sixth ward, Byron Underwood and seventh ward, W. J. Acton. For School Directors the men nominated were: George M. Robinson from the first ward, W. A. Beatty from the second, Dr. H. N. Miner from the third, A. R. Frame from the fourth, George A. Norton from the fifth, E. F. Neilhaus from the sixth and Chris Englebristen from the seventh.

A hard struggle was made for the office of Town Marshal by W. L. Lloyd and J. W. Striker, which resulted in a victory for Striker.

It took three ballots to nominate a Town Clerk. Four men were in the field on the first and second ballots, and on the third the two lowest were allowed to withdraw their nomination fee of \$10 and retire from the race. Charles Gumpertz was chosen on the third ballot against Hanscom.

ALAMEDA. The Seventh-day Adventists have secured the premises at 2404 Central avenue for a series of nightly lectures on the prophecies of Daniel and Revelation. The first lecture was given last evening by Bert Dexter of Tahiti, who attended the public schools here several years ago. Since becoming connected with the Adventists he has taken a course in theology at Healdsburg College.

German Authors. Rev. H. E. J. Ongert will present a petition to the Free Library Trustees to-morrow evening asking for the purchase of the best standard works printed in the German language. Mr. Ongert desires the purchase for the benefit of the large German population, and especially for those who study the German language in the high school.

Brigade Installation. The initial installation of officers of the Third Alameda Company, Boys' Brigade, of the Park-street Methodist Episcopal Church, took place last evening at 7:30 at the church. Brigadier-General J. H. Russell and J. E. Baker addressed the company. Junior Superintendent Mrs. B. W. Berry will address the juniors and superintendents.

Junior Endeavors. The first business meeting of the Alameda Junior Christian Endeavor Union will be held in the parlors of the Park-street Methodist Church to-morrow afternoon. Junior Superintendent Mrs. B. W. Berry will address the juniors and superintendents.

A CHINESE TO BE ORDAINED.

SOO HOO NAM ART TELLS OF HIS EXPERIENCES AT ST. JOHN'S CHURCH.

HIS FRIEND, QUONG LOY, BECAME A CHRISTIAN AND FLED FOR HIS LIFE.

The congregation of St. John's Presbyterian Church, California and Octavia streets, listened with keen interest to a sermon delivered by Soo Hoo Nam art, the Chinese assistant of Rev. Ira M. Condit, pastor of the Presbyterian Chinese Church Mission, yesterday forenoon.

It was the regular Sunday for the taking of a collection for foreign missions, and St. John's pastor, Rev. D. Hanson Irwin, introduced the minister as his Christian brother and an object lesson, a living illustration of the beneficent effects of missionary work in the Chinese empire.

The minister took for the basis of his sermon a text in the ninth verse of the sixteenth chapter of Acts: "No one but a person who has lived for years in China," said the preacher, can

form any idea of the hindrances in the way of christianizing the native residents. These things are mainly responsible for this state of affairs: first, the worshiping of ancestors; second, the worshiping of idols, and third, the wish of the Chinese to the Christians wish to break down the native customs and traditions, in order to obtain the mastery and finally to subjugate them. The worshiping of ancestors and the very foundation of their superstition.

"When I came to San Francisco in 1875 I knew absolutely nothing of Christianity, but soon after my arrival I became converted. I had no time through the week off-duty, but attended four of the Sunday-schools and one or two meetings every Sunday. In 1888 I returned to China, but that was after I had informed my family, by correspondence, that I was a Christian and had their assurance that they would not persecute me.

"My native town is Chickow, where my brother is practicing medicine. I have converted my wife, my mother, my brother and my brother's wife. My mother died in 1891.

"My wife is now in Canton, and to that city a friend of mine, Quong Loy, fled from Kowkong because his family had offered \$5000 to his head, owing to his having been converted to Christianity. His property was all confiscated by his family and he did not dare to return.

"I took my friend's place for three years in the missionary work in Kowkong, and was converted to Christianity, where he is now preaching the Christian religion."

The Rev. Soo Hoo Nam art will be regularly ordained a minister of the Presbyterian church by the Presbytery, which convenes next Monday.

School Teachers' Outing. The Evening Bulletin offers a splendid chance for the teachers of the State to enjoy an outing. It offers a long list of free excursions to all parts of the world, which can be taken by the teachers who receive the most votes before June 8. These votes will be published in the Bulletin every day. The summer Bulletin excursionists will be seen in Europe, Alaska, the South Sea Islands, Yosemite and all popular summer resorts.

The Grand Lodge of California, which is now in session at Odd Fellowship in the world is situated on the corner of Broad and Cherry streets, Philadelphia. It is constructed of yellow brick, with terra cotta trimmings, is a beautiful building, and being architecturally in the style known as Italian Renaissance, and having a frontage of 250 feet on Broad street and 100 feet on Cherry street, and being ten stories high. On the tenth floor is a dining-room which will be open night after night to the members, and on the same floor is situated a smoking-room and billiard-room. This introduction of social features into the lodge building is a novelty.

It is the purpose of the S. C. R. to visit various sections of the high court of California, including both the north and south, for the purpose of meeting with subordinate courts and holding public meetings in connection with the order. During 1894 the order has been greatly extended, both in America and Great Britain, the new organizations of the order for the year being four high courts and 370 subordinate courts.

Knights and Ladies of Honor. The Grand Lodge will meet in this city on Tuesday, April 16. It will be the first biennial, but the eighth session of that body. Past Grand Protector E. F. Friday evening, April 12, the present grand officers will complete their circuit of official visits at Martha Lodge, in the Alcazar building, and at the grand officers' meeting to extend the annual cordial reception. The prevalence of the gripe throughout the Eastern States rendered it necessary to call three assessments for the year. There were 108 deaths in the order from February 15 to March 15, the highest rate ever known in the history of the order during January.

Supreme Protector L. B. Lockard mourns the death of his estimable wife, who died suddenly at Cleveland, Ohio, last month. Among the 251 deaths reported on the assessments were 108 from the order during the month of money paid by the order for death losses to March 14, 1895, is \$49,824.928.46.

The present dictatorial and directors' association visit the Eastern States on Wednesday evening. The attendance crowded the lodge-room. In the absence of a regular programme, short addresses were made by several members of the association. A number of musical selections were also rendered. Yale's La Freckla.

Death to Freckles.

Mme. M. Yale was recently asked the question "which of her discoveries she considered the most wonderful." Her reply was as follows: La Freckla, because it unmasked my own face from a filthy mass of freckles and gave me the beautiful rose leaf complexion which you see and which has been admired by the people of every nation. Before I discovered La Freckla I was a freckled face individual, disgusted with my own appearance. To-day I am the envy of every woman who looks at my skin.

La Freckla will remove any case of freckles in existence and leave the skin as transparent as crystal. One or two applications remove tan and sunburn. It takes from three to nine days to destroy every trace of freckles. It is the only remedy known to the world that does this. Now is the time to use La Freckla, as it strengthens the skin, removes and prevents freckles and sunburn. \$1.00 per bottle. Sold by all druggists or
