Charles Marshall, the Shooter, Is Under Arrest.

HIS VICTIMS ARE DEAD.

He Is Removed From San Jacinto by the Sheriff for Safe Keeping.

STORIES ARE CONFLICTING.

Some Say Hamilton Was to Blame, but the Prisoner Has a Very Bad Reputation.

RIVERSIDE, CAL., April 9.—Charles Marshall, the only survivor of the bloody shooting affray which took place at San Jacinto last night, was landed in jail here at 4 o'clock this afternoon by Sheriff Johnson.

Sheriff Johnson states that the stories about the shooting are conflicting. Marshall and his friends claim that Hamilton was the aggressor, he firing the first shot, while the other side says that Marshall was the aggressor.

Marshall, after having words with Hamilton went away, but soon returned with a pistol and at once began shooting. He fired six shots, three taking effect. Hamilton fired five shots, only one of which took effect, the shots shattering Marshall's arm.

When the Sheriff left San Jacinto with his prisoner the citizens were greatly excited and it is probable that Marshall's preliminary examination will be held here. The latter does not say much, but says he is satisfied he can clear himself.

BAKERSFIELD AFFRAY.

Attorney Gorham Is Knocked Down by Lucien Crusoe.

KICKED IN THE FACE.

Politics and Protest to the Board of Supervisors the Cause.

THE LAWYER BADLY INJURED.

He Is Confined to His Bed, but His Assailant Has Been Released From Custody.

BAKERSFIELD, CAL., April 9.—Last evening Deputy County Assessor Lucien Crusoe met George C. Gorham Jr., a well-known attorney, on the street, and asked him to go up in his (Gorham's) office, as he wanted to have a little conversation with him.

Gorham is said to have been armed, but the attack was so sudden he had no chance to draw a weapon. The cause of the trouble has a political foundation, and dates back to the last campaign, when Crusoe ran independent for County Clerk and was beaten.

On Monday Gorham appeared before the Supervisors and argued against the payment of experts, now and for a long while employed on the county books, at a rate of more than \$5 a day.

Stewart of Pasadena won first place and there will be a contest for second time between Phil Kitchen and Cleaver. There was a big turn out to see the sport.

THE COURSE WAS ALONG THE FOOTHILLS AS FAR AS MONROVIA AND BACK. The roads were in fairly good condition. George Savage was the limit man and at 11 minutes before 9 o'clock he was sent away. From then on until 9 o'clock wheels of all sorts dashed away.

At 9 o'clock Ulbricht was turned loose and he began the chase. With him was A. W. Cleaver, who was allowed something of a start by the handicapper, but preferred to start from the scratch.

When the men with time allowances began to float in over the finishing tape the great disparity in the handicap was seen. Eighteen men, who had been given from four to ten minutes ahead of him, finished ahead of Ulbricht.

Cleaver, who was Ulbricht's closest time competitor, finished in 51 min. 13 sec.

FARMING WILL BE RELIEVED OF HEAVY BURDENS.

The Valley Road May Be Able to Handle This Year's Grain and Fruit at Reduced Rates.

The Board of Directors of the San Francisco and San Joaquin Valley Railway have acted very wisely in selecting the east side of the San Joaquin Valley and in starting the road northward from Stockton.

The east side of the valley is most productive, because all the moisture from the mountains comes down through it into the San Joaquin River. Several large streams passing through it are tributary to the San Joaquin, and from them canals can be run over the land for irrigating purposes, making it an exceedingly productive country.

By starting from Stockton I think the road will be able to handle a large share of the grain and fruit product of the Eastern San Joaquin Valley this coming fall. Undoubtedly this will be a boon to the farmers, as it will enable them to get their produce to market at a rate much lower than they ever before enjoyed.

I believe the farmers will be apt to pledge the new road almost their unanimous support, which will certainly insure the road a large amount of business.
