

ARRESTED AT CARSON.

John T. Jones Charged With Looting the Mint.

EXTENT OF THE THEFT.

Accused of Taking Bullion to the Value of Over \$75,000.

OTHER ARRESTS TO FOLLOW.

One Man Has Turned State's Evidence and Revealed the Names of Those Implicated.

CARSON, NEV., April 13.—United States Marshal Humphreys walked into Bryson's saloon this afternoon and arrested John T. Jones on the charge of taking \$75,000 from the United States mint.

The complaint upon which the warrant was issued was sworn to by N. R. Harris before United States Commissioner T. J. Edwards. It charges that on the 21st day of July, 1893, and at divers times between the 18th day of February, 1890, and the 11th day of February, 1895, John T. Jones took from the melter and refiner of the United States mint at Carson City personal property in the matter of gold and silver bars and gold and silver metals, in granulated form, to the value of \$77,000, which said personal property belonged to the United States, and was under the care and control of the melter and refiner of the mint.

There was a stormy scene in the Commissioner's office when the bond was signed. H. M. Yerington, the wealthiest of the bondsmen, refused point blank to sign if he was to be held for more than the individual amount of \$10,000. He also declined to sign for a liability extending beyond a specified time. The bond was altered several times to suit him and when finally signed confined the liabilities to the amount of \$10,000 each for Yerington and Colcord and \$3000 each for Rosser and Bell. Much comment was caused by the amount of the bond being less than the amount Jones is charged with having taken. The appeal of this morning published a caustic article, taking the United States District Attorney to task for allowing Heney, the San Francisco suspect, to slip away. It is now claimed that Heney attempted to leave for Canada, but, finding himself shadowed all the way to Butte City, returned to San Francisco and hired W. W. Foote to defend him. William Woodburn of this city is also retained.

It is current here that the money of the parties implicated is behind Heney, but others hold that his hiring a lawyer is but a blind to cover up the fact that he has turned State's evidence and given the authorities the inside of the whole business. He was a per diem man who is supposed to have discovered the operations of the ring and was accordingly counted in. His bullion, amounting to \$22,000, was traced to Reno.

There is great excitement here to-night, and the names of others to be arrested on Monday are on everybody's tongue. Within the past forty-eight hours several parties who have been reticent have given important testimony to the officials. Jones has many friends in this city, who express the belief that he will clear himself. He meets the charge with good nerve and is about the street smiling and talking with his friends as usual. The preliminary examination is set for Thursday at 10:30 o'clock before Judge Hawley. Jones was assistant melter and refiner under Zabricki during the Republican administration and under Hirsch and Harris during the present administration, until suspended a few days ago.

DENIED BY FOOTE.

He Claims He Has Not Been Retained as One of Heney's Counsel.

OAKLAND, CAL., April 13.—W. W. Foote was seen at the Athenian Club this evening. "I have had no communication whatever with Heney," he said. "I have not been retained in the case. Some friends of his here came to me and asked me if I would defend him in case he was indicted. I replied that I would if the compensation was sufficient. It seems strange to me that such word could come from Carson City when Heney is, to my certain knowledge, not there."

Mr. Foote seemed surprised when told that his prospective client had returned to Carson after discovering that he was shadowed by detectives.

LOS ANGELES FIESTA RACES

Four Good Events Mark the Opening Day of the Meeting.

Blizzard's Victory Over Whitestone a Crushing Blow to the Talent.

LOS ANGELES, CAL., April 13.—The fiesta race-meeting opened at Agricultural Park to-day under the most favorable auspices. The track was moderately fast and the racing was very satisfactory.

The first day's programme included four events, two of which were won by favorites, one by a second choice and one by a rank outsider. While the defeat of Whitestone by the despised Blizzard in the Newton handicap was a crushing blow to the talent, it only served to make betting livelier in the next race, as the shortfenders were encouraged by the fall of the favorites, and the knowing ones were anxious to recoup their losses.

First race, five furlongs, three-year-olds, Morven won, Talbot Clifton second, Pat Murphy third. Time, 1:02 1/4. Second race, Los Angeles futurity, half mile, Rummel won, Lerona second, Linda Vista third. Time, :50.

Third race, Newton handicap, purse \$1000, one mile, Blizzard won, Whitestone second, Candid third. Time, 1:41 1/4. Fourth race, six and a half furlongs,

three-year-olds and over, Commission won, Bernardo second, Hymn third. Time, 1:22 3/4.

ON THE TENNESSEE TRACKS.

Vespers Wins the Thora Stakes for Two-Year-Old Fillies.

NASHVILLE, TENN., April 13.—The principal event of the racing at Cumberland Park to-day was the Thora stakes for two-year-old fillies. The unbeaten Jilsey was the favorite, but she did not evidently like the heavy going. Vespers, a 5 to 1 shot, won quite easily from Amanda, who was four lengths in front of the favorite. Three favorites won, the other races going to horses at short odds.

Six furlongs, Buck Massie won, Linda second, One Dime third. Time, 1:19 1/4. Five and a half furlongs, Domingo won, Pelles second, Toano third. Time, 1:10 3/4. Thora stakes for two-year-old fillies, \$1500, four furlongs, Vespers won, Amanda second, Merry Thought third. Time, :51 1/4. One mile, imp. Wolsley won, Bill White second, Adah L third. Time, 1:50.

Four furlongs, Bon Soir won, Landseer second, Harry Jones third. Time, 1:54. MEMPHIS, TENN., April 13.—Handspan won the Tennessee stakes at Montgomery Park this afternoon, running the mile in 1:44 1/4. The Kendall stable's pair had the race well in hand from the start. Jane set a hot pace, closely followed by Urania, Handspan running last until the stretch, where she came out, winning with ease. The card was a good one, including a steeplechase over the short course, about two miles. Six favorites won.

Five furlongs—George F. Smith won, Philomena second, Lord Henry third. Time, 1:02 3/4. Four furlongs—Captive won, Fasig second, Sir Play third. Time, :50 3/4. One mile, Tennessee stakes, \$1000 added, for three-year-old fillies—Handspan won, Urania second, Jane third. Time, 1:44 1/4. Mile and a sixteenth, selling—Plutus won, Wakota second, Joe Murphy third. Time, 1:51 1/4.

Steeplechase, short course—Templemore won, Wyandotte second, El Dorado third. Time, 3:05 3/4. Six furlongs—Boon won, Bedford second, High Test, third. Time, 1:17 1/4.

FOR THE TENNESSEE DERBY.

Montgomery Park Is Not in a Satisfactory Condition.

MEMPHIS, TENN., April 13.—Unless all signs fail the Tennessee Derby of 1895 will be run on a dry track. In fact, the course at Montgomery Park is likely to be too dusty for fast time. The Derby is the feature of Monday's card and the richest stake of the meeting. It will net the winner \$3060. The probable starters with odds being laid to-night against them are as follows: Gath 3 to 1, G. B. Morris 2 to 1, Wells Street 3 to 1, Fandango 4 to 1, Prince 10 to 1, Jovial 8 to 1.

While the field may not be regarded as high class, the race from every standpoint is an open one, which should make it a good betting event.

For a Ten-Round Match.

PENSACOLA, FLA., April 13.—Articles were signed and forfeits posted to-day for a ten-round glove contest for points, to take place at the opera-house on next Wednesday evening, between Professor Mike Carney, instructor of the Pensacola Athletic Club, and Dan Sullivan of Montreal, Canada.

Won by McLeod.

CINCINNATI, OHIO, April 13.—In a catch-as-catch-can wrestling match, best two in three, at the People's Theater to-night, between Charles Whitmer of Cincinnati and Duncan B. McLeod, the Scotch champion of San Francisco, McLeod won the first two bouts in 39 and 5 minutes respectively.

Kid Hogan Puts Up.

CINCINNATI, OHIO, April 13.—Kid Hogan has posted \$50 with the sporting editor of the Enquirer in support of his challenge to fight at 130 pounds any man in the world for \$500 a side.

Moore and Morris Matched.

BOSTON, MASS., April 13.—Dick Moore of Minneapolis and Fred Morris (Muldoon's Cyclone) of Washington signed articles to-day to fight before the Castle Square Athletic Club in this city May 14.

Shooting Match Arranged.

SAN JOSE, CAL., April 13.—The Gilroy Sportsmen's Protective Association has accepted the challenge of the Garden City Cyclers' Gun Club for a series of matches, best two out of three. The teams will be composed of ten or fifteen men and the shooting will be at bluebirds, twenty singles and five pairs.

Winners at Los Angeles.

LOS ANGELES, CAL., April 13.—First race, five furlongs, Morven won, Talbot Clifton second, Pat Murphy third. Time, 1:02 3/4. Second race, Los Angeles futurity, half mile, Rummel won, Lerona second, Linda Vista third. Time, :50.

KEEPING UP THE SIEGE.

More Serious Aspect of the Trouble With the Miners in Iowa.

Strikers and Militia Both Receiving Re-enforcements in Haste.

CENTERVILLE, IOWA, April 13.—The miners' meeting to-day was well attended. The meeting was secret, and but little of the proceedings was given out.

It was decided, however, to keep up the siege at the mines along the Milwaukee road which have also gone to work at less than the regular rates. The situation from the outside has a more serious aspect than heretofore, and there may be trouble when the men go to work Monday morning. The strikers who came to attend the meeting to-day are going back in squads and are being re-enforced, so there will be more present on Monday morning than at any time before. The military are still on duty and will probably be re-enforced by other companies to-morrow.

New Freight Lake Boats.

DETROIT, MICH., April 13.—A dispatch to the Free Press from Benton Harbor says: The Big Four Railroad has arranged with the Lake Superior and Lake Michigan Transportation Company for a regular line of large freight boats between this port and Duluth, the service to begin May 1. This will make a new through line between the seaboard and the Northwest.

Halt's Circus in a Collision.

CHICAGO, ILL., April 13.—Hall's circus, en route from San Antonio, Tex., to Evansville, Wis., was somewhat battered up in a collision with a freight train, which occurred while the circus train was being switched in the yards. Mrs. Hall, wife of the proprietor, was seriously injured.

SANTA ROSA'S QUEEN.

Miss Donovan Returns to the Head of the List.

CONTEST OF THE RIVALS.

A New Candidate Who Takes Fifth Place at the Start.

FEATURES OF THE FESTIVAL.

Committees Arranging Many Attractions for the Amusement of the Guests.

SANTA ROSA, CAL., April 13.—Yesterday Miss Belle Spottswood surprised Miss Donovan by passing her in the race for the throne of roses. This evening the friends of Miss Donovan rallied to her support and she forged ahead for a good lead. Many

think the contest will narrow down between these two beauties, but the friends of Miss Matthews seem determined to put her on the floral car that will carry the queen through the streets in the grand carnival parade; and there are others of the candidates who are likely to make astonishing gains when the contest nears its close.

A new candidate was brought out this evening in the person of Miss Jennie Morrison, daughter of Oscar Morrison. This young lady is one of the prettiest and most popular belles of the city.

The contest to-night stands in the following order:

- 1. Miss Donovan. 2. Miss Spottswood. 3. Miss Matthews. 4. Miss Bishop. 5. Miss Morrison. 6. Miss Rogers.

A number of those near the bottom of the list have withdrawn. Red hot rivalry is expected after Monday, when the number of votes will be announced from day to day.

Some annoyance has been caused the management of the carnival by the published announcement that the carnival would begin on May 6. It will not commence until May 8, and will continue three days.

The committee on programme and entertainment held another meeting this evening. Reports were received from the several sub-committees having special work in charge. The agreement securing the presence of the Roncovieri band was unanimously approved. It was the desire of the committee to have this performance free, but it was evident to all that the attendance would then be too great for the capacity of the theater, so a scale of popular prices for admission to all parts of the house will be adopted.

Miss Elliott of the flower committee was present by request, and outlined the plan of the floral display. The flower show is to be held in Ridgeway Hall, but a proposition is under consideration to procure a large tent to be spread upon a convenient vacant lot, this to be additional to the display in the hall.

Mayor Woodward and Chairman Hardin returned this evening from Healdsburg, where they had been in the interest of the carnival. They report that city ready to join forces with Santa Rosa. Healdsburg is the center of the prolific Russian River Valley, where the soil is rich and sunshine perpetual. Nowhere has nature been more lavish in her favors than in this portion of Sonoma County. The people are enterprising, broad-minded and liberal, and will lend a helping hand in an enterprise intended to bring it to the front.

The following are members of the committee on entertainment and reception: Mrs. Dr. Finley, Mrs. Mayor Woodward, Mrs. A. D. Knick, Mrs. P. P. Rue, Mrs. A. C. McMeans, Miss Sallie Hall and Miss Emma Shea; Messrs. J. T. Campbell, Mark L. McDonald Jr., Dr. Porter, A. B. Lemmon, R. A. Thompson and E. D. Sweitzer.

SANTA ROSA'S WELCOME.

The Half-Million Club Excursionists to Be Elaborately Entertained.

SANTA ROSA, CAL., April 13.—Elaborate arrangements are being made for the entertainment of the visitors who are expected here April 27 and 28 on the Half-Million Club excursion. The visitors will be met at the depot by citizens in carriages, who will take them over Rincon Heights, where a magnificent view of Santa

Rosa Valley can be seen. Other points of interest, including the Altruistic colony, the petrified forest, Mark West Springs, White Sulphur Springs, orchards, hop fields and wineries, will be inspected.

Nothing will be spared to make the visit of the excursionists a pleasant one. Mayor Woodward and the committee of fifteen are working hard to make the reception all that can be desired, and the citizens are aiding them in every possible way.

CARNIVAL AT HEALDSBURG.

Arrangements Under Way for a Floral Festival in That City.

HEALDSBURG, CAL., April 13.—The ladies of the several Protestant churches of this city, at a mass-meeting held at the Christian church to-day, decided to give a floral festival in this city soon after the Rose Carnival in Santa Rosa. The residents of Northern Sonoma will assist. Excursion rates are to be secured, and a splendid floral show is promised. The fete will continue three days.

STORMS IN THE EAST.

Rising Waters Destroy Bridges and Blockade Traffic.

MIDDLETON, N. Y., April 13.—The water has been steadily rising in the streams in Sullivan County, and it has now reached an unprecedented point. The Ontario and Western officials fear that the bridge at Livingston Manor will go out to-night. The long covered bridge used by the public near the village is certain to go if the freshet continues. Travel is blocked.

KINGSTON, N. Y. April 13.—It has

HIGH LIVING AT NAPA.

Governor Budd's Pencil Drawn Through Bills for Luxuries.

TERRAPIN AND OLD ALE.

He Thinks They Are Not a Requisite to Good Official Management.

PHYSICIANS ARE INDIGNANT.

Their Wrath Poured Forth Upon the Executive and the Board of Examiners.

NAPA, CAL., April 13.—Telephones and terrapin, Southern clams and Eastern oysters, pineapples from the tropics and oranges from Riverside, Napa wine with a Bordeaux stamp, sherry from nowhere, champagne, ale and alcohol—this is the list through which Governor Budd has drawn his blue pencil, after due deliberation with other members of the State Board of Examiners. In a learned opinion the suave and astute Attorney-General Fitzgerald urges the chief executive on.

The edict has gone forth and the majesty of the law must be upheld. It was bad enough to lose the telephones, and now hearken to the wait that follows that memory of dear days ago—terrapin and champagne days—no more to return. Can a man in the employ of the State be expected to train for high official fights on the plain diet of a laborer?

The Governor says yes, and his Attorney-General concurs.

The Secretary of State quotes authorities to show that State officials have lived, labored and died without ever knowing the taste of terrapin or champagne, or ever having seen a telephone. But all this is not satisfactory, and the epicures who reside over the big institutions of the State are very mad.

Ominous mutterings of the approaching storm have been in the air for some time, and a cloudburst was looked for here to-day when the trustees of the insane asylum met to argue the point with Governor Budd and his Attorney-General. His Excellency, however, did not put in an appearance, and Fitzgerald was likewise absent, thus leaving the representation of the State to Lew Brown and Secretary George Pratt. The routine business of the board was quickly transacted. It consisted in re-electing the old staff of physicians, as follows: Dr. A. M. Gardner, superintendent and resident physician; Dr. L. F. Dozier, first assistant; Dr. G. R. Bowles, second assistant; Dr. Dresbach Smith, third assistant.

With one exception the choice was unanimous. When nominations for first assistant were declared in order Trustee A. J. Hull arose and placed in nomination Dr. Crowder of Santa Rosa. Trustee R. P. Landin nominated Dr. Dozier for re-election, and upon balloting the latter received the vote of all the members of the board, with the exception of Hull, who stood firmly by his friend from Santa Rosa.

Trustee Howe then introduced a resolution reducing the salary of the second assistant physician from \$2500 per annum to \$2000. Hull opposed the resolution on the ground that the second assistant performed the same duties as those assigned to other members of the staff. In his opinion they should all fare alike.

Howe argued for his resolution. In the saw conformity to the policy of the present administration—retrenchment. It was not wise, he said, to place the members of the staff upon a financial equality. Hull finally offered an amendment to the Howe resolution fixing salaries at the old figures—\$2500 per annum for the first and second assistants and \$1800 per annum for the third.

Hull then announced the presence of Brown and Pratt from the State Board of Examiners, and regretted the absence of Governor Budd and Attorney-General Fitzgerald, who had promised to come up and argue on telephones and terrapin. He (Hull) desired a private conference with the examiners present. Continuing he said:

"I do not know the powers granted to the State Board of Examiners, but somebody is wrong. They have refused to pass certain items in our bills since January, varying from \$100 down to \$25. Recently two barrels of ale were cut from a bill—a mere matter of \$30. This ale was ordered by the doctor for patients, and was absolutely necessary. Not a drop of it went to nourish the physicians.

"We are personally liable under the law for the payment of luxuries cut out on the bills. I will not stand any such nonsense, and furthermore, I will not have my character besmirched by Governor Budd or any one else."

Secretary of State Brown arose to reply. "We have made no distinction," he began, "and no one, as far as I am aware, has cast reflections upon any member of this board. Our policy is one of retrenchment. We are obliged to prevent the unnecessary expenditure of State funds, and we propose to do our duty. In institutions of this kind a line must be drawn between necessities and luxuries. Much money has been wasted."

Then Mr. Brown went on to explain why the telephones had been cut off, and how the superintendent of a certain State institution had been given to paying \$3 for a pair of ducks, two or three times a week for his private table, all on the State, of course.

Dr. Gardner rose to reply. He said that luxuries were necessary for some of the patients, and that he could not consistently put the same fare before visitors as that served to his wards.

"We have visitors here," continued Dr. Gardner, "from all parts of the world, who carry away impressions. They must be entertained. Many things rejected on our bills are allowed at San Quentin, Agnew and Stockton, and still in the face of this fact our expense per capita is 39 cents, while in other places it is 72 cents. We consume less liquor here than in the other institutions, and the so-called luxuries cost only 12 1/2 cents per head for the twenty-four patients requiring extra fare. If the State will not allow the expense of proper food for my guests then the money must come out of my own pocket."

Mr. Brown said that the discussion might as well be postponed, as he was not authorized to give instructions without the Governor's consent. In his opinion, however, the list of expensive luxuries should be cut down for this month.

So the Governor will come up to Napa soon.

Owing to Humor and Sores on His Face and Eyes Hospital Treatment Failed—But Hood's Sarsaparilla Made Pure Blood and a Perfect Cure.

Alfie Mason

The case related here is by no means a rare or unusual one for Hood's Sarsaparilla to cure. Thousands of children have suffered from foul humors in the blood, and many have been restored to perfect health and sight by this great medicine. Such evidence as this must convince anyone that Hood's Sarsaparilla is the great blood purifier. It cures scrofula, salt rheum and every other form of blood disease.

WINE IN LITIGATION.

Suit Brought to Foreclose a Mortgage on a Vast Quantity of the Beverage.

NAPA, CAL., April 13.—Suit was begun in the Superior Court here to-day by C. Carpy against Dowdell & Son of St. Helena for the foreclosure of a mortgage of \$27,000, on certain wine which Dowdell & Son had, it is alleged, contracted to sell to the California Wine Association, but which they sold a few days ago to Mr. Chevalier of San Francisco.

Carpy alleges that the wine association guaranteed the accounts of Dowdell & Son for grapes and has his obligation against the wine in question, and that it is contracted to be sold to said association. It is asserted on the other hand by Dowdell & Son that the wine association has not kept good faith with them and therefore the alleged contract is void.

W. A. Mackinder was appointed keeper of the property in question, with bond fixed at \$15,000.

To Build a Boulevard.

NAPA, CAL., April 13.—Within the past few days a movement has been set on foot to lay out and build a fine boulevard north from this city to Yountville, a distance of nine miles, and it will probably be extended through the whole length of the valley—some thirty miles. Property owners along the proposed route have nearly all expressed a willingness to give the necessary land, and one of the stipulations will be that no railroad shall ever be allowed to run along the boulevard. Much interest is being taken in the project, and it will probably be carried out.

Found Guilty of Assault.

NAPA, CAL., April 13.—The trial of John Vaughn on a charge of assault with a deadly weapon was completed to-day, and the jury found a verdict of guilty as charged.

About two weeks ago Vaughn attacked Charles Keck with a butcher-knife, and stabbed him repeatedly. Sentence will be pronounced by Judge Ham on Monday next.

SHE'S NO LONGER A MISS.

Nellie Bly the Wife of a Banker and Multi-Millionaire.

Riches Fall to the Lot of the Girl Who Performed Great Journalistic Feats.

NEW YORK, N. Y., April 13.—The

Morning Advertiser says: Nellie Bly, who is one of the best-known newspaper women in the country, is no longer Miss Elizabeth Cochran. She is now Mrs. Robert Seaman. Her husband is one of the directors of the Merchants' Exchange National Bank and a multi-millionaire. He is nearly 70 years of age. In business and financial circles he is quite as well known as his wife is to the devotees of the Sunday newspapers.

The reports of their marriage which came from Chicago were quite correct. It occurred April 5 at the rectory of the Church of the Epiphany on Ashland avenue of that city. The Rev. T. H. Morrison performed the ceremony. The contracting parties had met at a dinner in the Auditorium Hotel two weeks before and conceived an instant attachment.

Mrs. Seaman was interviewed last night by a reporter and said: "I cannot deny the rumor. I was married to Mr. Seaman in Chicago. He left the following day for New York. Owing to my business affairs and his we both desired to keep it a secret for a time. It is his idea as soon as arrangements are completed to make a formal announcement of the wedding. Sickness in my own family also caused us to delay its publication."

Miss Cochran edited her first newspaper work on the Pittsburg Dispatch, which was when she was 15 years old. She has been engaged in similar work in New York for eight years, and has become famous for the sensational character of contributions to the newspaper literature. One of her first exploits was to feign insanity and get herself incarcerated in the Blackwell Island Asylum for the purpose of describing her

I had read and heard much about Hood's Sarsaparilla and made up my mind to try it in his case. After taking the first two bottles we could see a change in his eyes, the ulcers which caused the blindness being less virulent. I was advised to take him to a hospital, but I said I would continue with Hood's Sarsaparilla, and thanks be to it, he soon regained his sight and is now, at six years of age, a

ORGANIZED BY SOVEREIGN.

The Leader of the Knights of Labor Doing Active Work.

PITTSBURG, PA., April 13.—J. R. Sovereign, general master workman of the Knights of Labor, visited Pittsburg to-day and organized District Assembly No. 113, to take the place of District Assembly No. 3, which seceded from the old order.

He says the disaffected assemblies can now rally around the new body, and that D. A. 3 is dead so far as the Knights of Labor is concerned. He says there never was a time when workmen were so anxious to be organized.

He says he has organized a large number of districts in Kansas, Nebraska, Texas and on the Pacific Slope. He goes from here to Massachusetts to continue the same work.

Convention of Shoemakers.

BOSTON, MASS., April 13.—The convention of shoemakers which has been in session here since Wednesday last engaged in the formation of a new national organization to take the place of former bodies, ended to-night. John Tobin, Rochester, N. Y., was made president. Deputy Organizer Elliott of Butte, Mont., of the A. R. U., addressed the convention to-night, asking the support of the union in the Debs case.

To Life Imprisonment.

LINCOLN, NEBR., April 13.—Governor Holcomb to-day commuted the sentence of Charles Carleton, the murderer of August Gotthman, from hanging to life imprisonment. Carleton was to have been hanged at Fremont April 26. The crime was committed in 1893, and was the result of a quarrel over a woman.
