

LATEST OAKLAND NEWS.

Supervisors Curtail Expenses by Dismissing Seven Clerks.

"COWBOY" RICE DENOUNCED.

A Water-Front Riot Prevented by the Police—May Sue the City.

In anticipation of a shortage in the county funds for the remainder of the fiscal year the Supervisors began cutting expenses yesterday.

Those removed were: D. J. Mullin, W. D. Powers, E. L. Johnson, Clarence Crowell, Henry Dapman, J. G. Mattos Jr. and Charles A. Alexander.

At the same time that the resolution de-capitalizing the copyists was passed, another was adopted which reads as follows:

Resolved, That all of the county officers and those in charge of the County Infirmary and Receiving Hospital be requested to curtail the expense of their respective offices as much as possible from and after this date.

It is anticipated that a further reduction of expenses will take place at the next meeting of the board.

Caught on One Charge. Manuel Stone and John Kelly, two men who were badly wanted by the Oakland police on charges of grand larceny, were arrested in San Francisco by Constable Cronin last evening and placed in care of the San Francisco police until the warrants for their arrest can be served on them.

From the contents of their pockets it is believed by the police that they have been carrying on a wholesale forgery business. Bank checks on the Crocker-Woolworth Bank, American Bank and Trust Company, Wells-Fargo Bank, First National Bank, Sather Banking Company and London and San Francisco Bank were found on their persons, together with a large number of checks to which had been forged the names of a number of prominent Oakland and San Francisco people.

The checks were nearly all for \$25 or \$50 and the names attached were those of W. Henshaw, Samuel Beal, A. J. Pope, B. S. Smith, R. H. White and Charles M. Plum & Co. The latter name, which is that of the San Francisco carpet firm, was used oftener than any of the rest.

Stone and Kelly disappeared from Oakland five days ago, about the time that W. W. Moore Jr., the Broadway hatter, missed \$60 from the till in his store. Moore had no clerk, and as Stone was out of employment and was willing to look for a job, he was thought to be the man at lunch at dinner and to sleep there at night, he was allowed to do so, Mr. Moore giving him money for his meals.

One day Moore went out to lunch and informed Stone that he had left \$50 in the store, where Moore had been. When he returned Stone and the money had disappeared. Kelly dropped out of sight about the same time, and for a month nothing more was heard of them, and then word came that they had been seen in Los Angeles, and the police of that city were wired to look out for them. They managed to slip away, however, and are now in Mojave, where they again succeeded in eluding the officers.

Those who were on their trail had about given up hope of catching them when Constable Cronin located them in San Francisco. They will be brought here today and will be prosecuted to the full extent, as Mr. Moore feels that he was very shabbily treated by Stone, who he had so often befriended.

An addition to the forged checks, several bunches of keys of all shapes and sizes were found on the prisoners. One of the forged checks was indorsed with the name of Frank M. Smith, the boxer king. Stone, whose brother is the editor of a Portuguese paper in Oakland, is a very smooth individual, dresses well and is quite a favorite among the ladies. Kelly is not so well known.

The Fabiola Fete. Secretary Pomeroy of the Fabiola fete committee has received many encouraging replies to his circular letter calling upon public-spirited citizens to make the celebration greater than it was originally planned to be.

Only those who witnessed the spectacle as it was impressively presented last Wednesday have any idea of its grandeur. The expenditure of hundreds of dollars on a carriage makes it a thing of beauty, and it gives an opportunity for the presentation of artistic taste in the matter of decorations it brings out all the ideas of those who make such matters a specialty. Dampened and trailing, as some of the festoons were in last Wednesday's rain, the fete showed the splendor of the arrangements and if it is a fine day next Saturday the pageant will vie with that of any other fete given in the State.

The enthusiasm which is thus rife in Oakland is by no means confined to that city. It is expressed in Alameda, Berkeley, San Leandro and all the surrounding villages and settlements, and so strong is the sentiment in favor of the fete that no question of unbounded success.

From the standpoint of an entertainment it will be worth witnessing anyhow, for it is doubtful if a more varied aggregation of outdoor sports has been arranged for the afternoon. The horse meet and parade alone should be attractive enough to induce the attendance of thousands, and when to this is added the wheelmen's tournament, to be participated in by all the crack riders of the State, the strength of the drawing card becomes more apparent.

Preacher Rice Denounced. G. D. W. Robinson, C. Edward Boyer, C. Flynn, John Ross and William Lesser of Los Angeles have sent a letter to Mayor Deane denouncing Justin E. Rice, the cowboy street preacher, who was recently arrested for obstructing the street. The missive was as follows:

suit which F. P. Howland and his wife brought against the corporation for damages received in a collision between a car of the defendant and one of the Piedmont Consolidated Company. Mr. Foote was the attorney for the plaintiffs and won the case.

Then Howland began a suit against the Piedmont Company for loss of the compensation of his wife.

Wilson desired to defend the corporation, but was prevented by Judge Frick, who told him that, as the interests of the corporations were opposed in both cases, it would not be proper for him to appear for the Piedmont Company.

Mr. Wilson claims to have heard from Attorney Warren Gregory that Mr. Foote would comment on the position he had taken in his address to the jury, and filed an affidavit to that effect asking that Mr. Foote be restrained.

In his counter affidavit the latter says that the statements in Mr. Wilson's affidavit are untrue, and that Mr. Gregory has informed him that he made such remarks to Mr. Wilson. Judge Frick will look into the matter.

Divorced at Last. After making three attempts to get a divorce, and once technically committing bigamy, Mrs. Ella Maxon has at last succeeded in getting a legal separation from her husband, Joseph L. Maxon, and can now marry the man of her choice.

Two months ago a decree was granted her and she immediately married C. R. Schoonover, who had secured a divorce from his wife. Before they could start on their wedding journey an error in the proceedings was discovered, and the couple hastily separated. Mrs. Maxon was not worried about the second marriage, and new proceedings were about to be terminated successfully another hitch occurred through a defective summons, and the ground had to be gone over again. Yesterday the legal tangle was thoroughly unraveled before Judge Frick, and his Honor declared Mrs. Maxon legally free.

Quelled by the Police. It took the presence of a squad of police to prevent a conflict between rival gangs of longshoremen at the city wharf yesterday morning.

The captain of the bay schooner Eva had a cargo of wheat to discharge and brought over a crew of San Francisco longshoremen to do the work. They had scarcely got down to work when a gang of Oakland workmen came to the wharf and demanded that the outsiders be dismissed and themselves given the job. Then the captain called for police protection, and after his cargo was safely on the wharf sailed away in peace.

The Oakland men were inclined to be ugly until Captain Wilson's stalwart person here in sight, when they went away grumbling.

Granted a Franchise. The Board of Supervisors yesterday granted a franchise to H. J. Forster, a man a franchise for a new electric cable road.

The line is to extend from a point on the county road between Hayward and Redwood Canyon to Hayward, Mount Eden, Alvarado and Petermann's Landing.

Two bids for the privilege were made by the same parties, one of \$25 cash and the second of \$25 cash and 2 per cent of the cash receipts of the road after it has been in operation two years. The latter offer was accepted.

Dalton's Effective Measures. Assessor Dalton's energetic measures for collecting poll and personal property taxes have produced some remarkable results during the past month.

His predecessor collected \$345,444. When Mr. Dalton settled with the Treasurer's office yesterday for his month's work he turned in \$1,395,200.

Much of this was forced out of reluctant payers, many of them city officials who had not paid a poll tax in years.

The Attendance Decreasing. The census-takers, who have been engaged for some time past in ascertaining the number of pupils in attendance at the Oakland public schools, have completed their labor and made final report.

The result shows that the number of children in the various institutions of learning has decreased 202 during the past year, there being now 13,189 scholars against 13,391 last year.

Simpson Getting Bail. Robert Simpson, the Oakland contractor who is in jail at Martinez on a charge of murder for killing Robert Bynum at San Pablo several weeks ago, will be released on \$15,000 bonds within a day or two.

L. C. Wilson, the good friend of Charles McCleverty and Thomas Moran have agreed to go on the bond, and one or two more will complete the necessary amount.

May Sue the City. Messrs. Hughes and Miller, who were ousted from seats in the Board of Public Works by Messrs. Davis, Wilson and Frick, are considering whether it would be advisable to sue the city for the salaries they have been deprived of pending the settlement of the contest which is now before the courts.

Gone to Alaska. Ex-Sheriff Robert McKillohan, who owns large mining interests in Alaska, has started for the far north to look after his property. He will be gone several months and will visit and investigate some of the famous mines of that section before returning.

BERKELEY. The examinations which are now being conducted at the university will be nearly all finished by the middle of the week, and then the festivities which follow the year's work will commence.

President Kellogg will receive the faculty and members of the senior class at his home on Friday evening.

Saturday being class day there will be a band concert in Oak Grove, on the campus, at 10:30 in the morning, at 11:30 there will be an ivy-planting, and at 3 o'clock in the afternoon a spectacular performance will be rendered.

The late hour at which the afternoon exercises will be held is due to the Fabiola fete, which will also be held Saturday afternoon. A special train from San Francisco leaving at 1:30 a. m., will be run to accommodate people who desire to attend the class-day exercises.

At 8 o'clock in the evening the Glee Club will give their commencement concert in Stiles Hall.

Young Lady Assaulted. Miss Kate Peterson, a young lady living on Grant street, was brutally assaulted by an unknown man as she was returning home from the 8 o'clock train on Sunday evening.

A well-dressed man approached her and asked to be directed to certain street of the town, and she gladly communicated to him the desired information. As the street was in the direction in which she was going, she allowed him to accompany her. When they reached the place sought, without warning he struck her a blow across the face which felled her to the ground. Regaining her feet she rushed into a yard near by and escaped.

She described him as well as she could to the police authorities and they are now in search of the villain.

A New Catholic Church. The Catholics living in South Berkeley and Temescal are considering plans for the erection of a \$25,000 church building to be built in Berkeley.

The parishoners living in that district are so far from a church that the erection of a building of their own has become necessary. Several wealthy Catholics in the district have signified their intention of contributing liberally to the project.

Reception to Professor Whiting. Mrs. Professor Slate and Mrs. Whiting Wilkison have issued cards for a farewell reception to Professor and Mrs. Whiting, which will be tendered at the residence of Mrs. Wilkison on Thursday afternoon.

Professor Whiting recently resigned his position in the physics department of the university, in order that he might go East and devote his entire time to the publication of works on physics.

Female Flower Thieves. Berkeley is again being troubled by

flower thieves. On Sunday evening two women were caught stealing flowers from a private yard and on account of their sex were not put under arrest. Much complaint has been brought recently against the flower thieves, who have been infesting the neighborhood at night, and precautions have been taken against them.

Injured by the Train. Allie Manifee, a small boy who is in the habit of jumping on and off the local trains, was thrown yesterday from the local and sustained severe injuries about his face and head. Last week a boy who was engaged in the same tricks fell and was almost killed.

ALAMEDA. Two fire alarms were turned in in quick succession yesterday. The first came in from box 34 at 11:45 o'clock for a blaze in the cottage at 3204 Washington street. The flames originated in a closet from a defective fuse and ate their way through the floor and ceiling to the roof. The flames were extinguished by the chemical engine. Damage about \$100.

The second alarm came from box 32 for a fire on the opposite side of town, at 1724 Central avenue. The occupant of the lower floor, Mrs. Deppon, uses a gas stove for cooking which is a little out of order. She turned the gas off and went into the garden. The loss on the building will amount to about \$1000. Mrs. Deppon carried an insurance of \$2000 on the house in the Commercial Assurance Company of London.

Cornerstone Laying. Grand Master J. B. Stevens has accepted on behalf of the Grand Lodge, Free and Accepted Masons of the State, the request of the City Trustees to lay the cornerstone of the new City Hall, and will convene the Grand Lodge in Alameda on the 16th inst. for the purpose of performing that act.

Baptist Church Dedicated. The new Baptist church was dedicated on Sunday afternoon. Rev. Robert Whittaker officiated according to the impressive rites of that denomination. The church was organized in 1876, and has a membership of 150.

Brooks Divorce Case. Mary Brooks was granted a divorce from her husband, J. J. Brooks, yesterday on the grounds of willful neglect and desertion. Brooks deserted his wife several years ago, and is supposed to be in Mexico.

Funeral of Noble Hutton. The funeral of young Noble Hutton, who died of heart failure a few weeks ago on Park street, will take place next Saturday at Mountain View Cemetery. At the time his sudden demise the family were all too ill to attend the funeral, and the remains were placed in a receiving vault.

GOOD FRUIT PROSPECTS. California Producers Will Not Be Affected by Eastern Crops. Washington Porter Believes That Reasonable Profits Are Certain.

Washington Porter of Chicago arrived in this city last night on his annual business trip to investigate the fruit crop prospects of the Pacific Coast.

The information which Mr. Porter brings is of a cheering nature to California fruit-growers. In spite of the fact that the fruit crop of the Eastern States promises to be a good one, Mr. Porter believes the fruit farmers of California will reap a golden harvest. Mr. Porter was the first man to send a full carload of California fruit East, which he did in 1869, the year the overland railroad was started. He was also the first man to start an orchard and vineyard in Fresno County.

"The fruit crops in the East promise very well all around if no accident in the way of weather changes the present outlook," said he. "They have had an early spring in the East, fully three weeks in advance of the average. If the weather keeps good the crops East will be above the average. Still this should not alarm the California fruit-raiser, on account of the California fruit being of different varieties to a great extent to those in the East."

"California is peculiarly the only great fruit State of the Union, and the chances are that California fruits at fair rates will yield better results this year than last as a whole. Times are better in the East than they were last year, though not so good as I would like to see them. Still they are very good, and as there are no strikes to interfere with the transportation of fruit this year the average profits to California fruit-raiser will be good."

"As an evidence of this I can quote that the first box of cherries which reached Chicago sold for \$8, or nearly \$1 a pound. Of course this was a fancy price paid for the first cherries in the market. In fact I might say to sum up the matter that the California fruit-grower can reasonably expect better results this year than last, though no fancy prices will be paid. These statements are, of course, all conditional upon what can be ascertained in regard to the fruit crop in this State."

The mother of Thiers, the French President, was quiet, thoughtful and encouraged the literary tendencies of her son.

STOCK RANCH. I HAVE THE BEST STOCK RANCH IN THE State of California, that I can sell at a low price within 80 miles of San Francisco and within 12 miles of town and railroad. Plenty of water and feed 12 months in the year.

CHEAP! CHEAP! LOUIS SCHLOSS, Rooms 24 and 25, CROCKER BUILDING.

Beautiful Hair. May be possessed by every man and woman in America. No matter if it is now thin, or gray, or unhealthy, falling out, or full of dandruff. It can be completely restored to its natural color and beauty by the use of Dr. Hair dyes should be shunned. They are sticky, mussy mixtures, which invariably leave the hair in worse condition than before they were used.

Yale's Hair Tonic. Is the discovery of Madame Yale, the celebrated woman chemist. It is the only preparation in the world that will positively restore to gray hair the color of youth. It is not a dye. It restores color and vitality to the hair, makes it healthy, heavy and glossy. It stops the falling out and will even induce the growth of hair on bald heads. It works in a perfectly natural way on the roots and glands of the hair. It fertilizes them, makes them active and restores the natural vigor.

All druggists. Price \$1. Also Yale's Skin Cream, \$1. Yale's Face Powder, 50c. Yale's Beauty Soap, 25c. MME. YALE, Health and Complexion Specialist, Temple of Beauty, 148 State Street, Chicago. Guide to Beauty mailed free.
