INVADE SANTA ROSA.

Carnival Guests Are Already Arriving in the City.

CLOTHED IN GAY COLORS.

Streets and Buildings Artistically Decorated for the Festival.

ACTIVITY AT HEALDSBURG

The City Council Appropriates Money to Carry On the Preparations for the Fete.

SANTA ROSA, CAL., May 7.—The buildings are assuming a holiday attire. The huge courthouses are lined with the cardinal color, arranged in picturesque designs, while the decorating of business houses and residences is going on with increased energy.

Strangers are already beginning to arrive. The noon train on the Southern Pacific was loaded with visitors. It is plain that the full capacity of the city to provide lodgings for the guests will be put to the test, but it is confidently believed that all who remain over night will be cared for.

Governor Budd and ten of his personal staff will arrive on the morning train on Thursday. They will be here to witness the parade. A box has been reserved for them at the theater for each evening.

Chairman Campbell will call the assembled thousands to order Wednesday evening at 7:30 o'clock, when the exercises for the evening will begin. The queen will be crowned at this meeting. On Thursday evening the concert by Roncovieri's band will come off, and on Friday evening the grand carnival ball.

An army of ladies has been at work in the Athenaeum decorating it and getting it ready for the coronation of the queen. The association floats are all built and ready for the decorations. Dozens of wagons are running from town to country bringing in flowers, ferns and evergreens. Telegrams are coming in every hour asking for hotel, room and amphitheater accommodations. A number of amphitheaters have been built along the line of march for the accommodation of people who want to view the gorgeous pageant.

The weather has been very favorable for the past three days for flowers, and the roses will be out in all their glory Thursday.

The keys of the city will be surrendered to the queen by the Mayor of the city at the Athenaeum following the coronation. The formal opening of the flower show will then occur.

The triumphal procession, with its pageants of floral floats on Thursday, will be two miles long. For weeks past Santa Rosa people have been devising plans to make this a unique parade. There will be fourteen floats in line and vehicles of every description. No less than 200 bicycles gorgeously decorated will take part. Three brass bands will march in the procession.

After the parade will come the battle of roses, and in the evening there will be an illuminated parade and drill.

Friday will be given up to sports. There will be a balloon ascension and parachute jump and a baseball game between Santa Rosa and Stanford University.

Special Rates to the Carnival.

The San Francisco and North Pacific Railway Company is going to run special trains to the Santa Rosa Rose Carnival. Commencing with Thursday, the 9th inst., the round trip will cost \$1, the train leaving Tiburon ferry at 7:40 a. m., and returning leave Santa Rosa at 7:45 p. m. Tickets good up to Saturday, the 11th inst., will be \$2 for the round trip, and they will be on sale on the 8th, 9th and 10th inst.

The Rose Carnival is expected to be a great success, and as Santa Rosa is now looking its best visitors may expect a pleasant outing. The railroad company is making every preparation for the accommodation of passengers so no hitch can be anticipated.

HEALDSBURG'S COUNCIL ACTS.

Money Appropriated to Beautify the City for the Carnival.

HEALDSBURG, CAL., May 7.—In the battle of ballots to-day Miss Emma Wildlund received a vote sufficiently large to retain her in first place. The admirers of the Lytton Springs belle are pressing her claims in a manner that is causing the friends of the candidates from Healdsburg some uneasiness. Miss Livernash is second in the race, Miss Lena Zane third, Miss Zoe Bates fourth, Miss Carrie Moulton fifth.

The City Council of Healdsburg desires to make the flower festival a success. This was evidenced at a meeting held by the board last night, when every request made by the Floral Association delegates was granted. The municipality will appropriate funds with which to properly decorate the City Hall and plaza. It was also ordered that the Street Commissioner see that the streets are properly sprinkled and cleaned on carnival days.

"Healdsburg will be at a test at that time," observed Mayor Young, "and we must see that our town is in shipshape."

So this morning a score of men are at work in the residence portions of Healdsburg beautifying the thoroughfares.

Many seem to be under a wrong impression relative to the floral festival. All the exercises connected with the carnival will be held in the open air, in full view of the visitors. The coronation ceremony will take place in the public square, the platform erected being sufficiently high to enable all to witness the ceremony. From this throne her Majesty will issue all edicts, and she will ride in state through the business and residence streets.

On Center street all the races will take place. Men and teams will be put to work in this broad thoroughfare put in condition for the races. Rows of seats will be erected on either side, thus insuring a fine view of all the contests free of any expense. The floral festival is not a money-making scheme entered into by the people of Northern Sonoma. Instead, it is a three days' fete intending to give visitors a proper conception of the floral wealth of this section, and amusement and recreation.

The contests are filling finely. In the several bicycle races no less than 100 wheelmen have already entered. The bat-

tle of flowers on Saturday will also be a novel feature. The Indian pony races and exhibition of rough riding will prove interesting, but the main feature in the amusement line will be a riding tournament. In former years these tournaments were very popular in Sonoma County, and this region boasted some of the best horsemen in the State. So the contest, which is for a liberal prize, is exciting a deal of interest. Many teams have entered the tilting battle, which will take place Friday afternoon. Not fewer than fifty knights on fiery steeds will try to win the trophies.

In the way of floral exhibits, banks of ferns, maidenhair, strawberry vines and wild flowers will compete with the choicest buds and blossoms of hothouse and garden. From twenty miles in every direction the gardens will be robbed of all their blossoms to make up the display in Healdsburg. Representatives of the association are scouring the country to secure this collection, and everywhere the farmers and townspeople are willing to send every flower contained in their gardens. While amusements will be furnished the amusement-loving class the floral display will interest all.

ILLEGAL IMPRISONMENTS.

Protest in Behalf of Young Girls Made by Christian Endeavorers.

SEDALIA, Mo., May 7.—Before the final adjournment to-day of the Missouri convention of Christian Endeavor societies resolutions were adopted reciting that for many years past the constitution of the United States has been constantly violated in Missouri and civil liberty outraged, in that helpless girls and women have been illegally, cruelly and without due process of law incarcerated in prison-houses not recognized under the law, viz.: nunneries, reformatories, convents and other institutions of like nature, from which they cannot be released except by expensive litigation. The Governor and Legislature are called upon to prevent such detention.

TO ARREST THE GOVERNOR

He Says He Offered to Pay Them for Extra Work Out of His Own Pocket.

TOPEKA, KANS., May 7.—Governor Morrill has returned to Topeka, but no warrant to arrest him has been sworn out. Attorneys for Warden Chase still insist, however, that the arrest will be made. Referring to the vouchers, which are causing him all
