

BATTLE FOR A BABY. Mrs. Amelia Costa Awarded Possession of Her Infant.

WHICH ANOTHER WOMAN HAD. The Mother Claimed Her Child Was Wrongfully Taken From Her.

A battle for the possession of a seven-month-old baby took place in Judge Hunt's department of the Superior Court yesterday.

It appeared from the complaint of Mrs. Amelia Costa, who had petitioned the court for the possession of her baby, which she claimed was unlawfully held by Mrs. J. Wiesmann, wife of the saloon-keeper at 1940 Market street, that she is the natural mother of the child.

It was alleged that Mrs. Wiesmann, who was childless, went to the lying-in-hospital of Mrs. Rogers at 929 Howard street last October and arranged with the midwife to have the child of a Mrs. Coleman transferred to her.

CAMPERS' EXCURSION. A Delightful Trip to the Santa Cruz Mountains Enjoyed by Many.

Four hundred pretty girls, 150 babies and children, 350 watchful mothers and 400 common, prosaic men—about 1300 in all—filled twenty-two cars, in two trains, composed of the campers' excursion by the South Coast Narrow-gauge Railroad to the Santa Cruz Mountains yesterday.

This excursion, leaving the City at 7:45 a. m. and returning at 9 p. m., was arranged to afford those who intended to go camping this season an opportunity to inspect and make choice of the many notable places along the line of this road, but many took the trip purely as one of pleasure.

The journey is exceptionally delightful at this time of the year. Orchard, stream and forest that mark this route will well repay one who has an inclination to go afield just now.

Everything conducive to the comfort and enjoyment of the party was done by the railway officials. Instead of the usual five-minute halt at stations the train stopped for more than half an hour at Alamo, Wrights, Glendora, Pelton and Ben Lomond, while at Boulder Creek and also at the Big Trees the excursionists were given over an hour to eat their lunches and gather flowers.

Col. W. H. Menton, the excursion passenger agent of the Northern Pacific Company, who is already well known as a pilot to and from favorite pleasure resorts, did everything in his power to make the excursion agreeable.

CAPT. DOUGLASS TRIAL. A. S. Newburgh, an Attorney, Demands Damages for Rough Treatment.

Arrival of the Splendid American Ship Manuel Llaguno From New York.

The American ship Manuel Llaguno, Captain Small, arrived yesterday, 164 days from New York, and immediately docked at Fremont-street wharf.

She is one of the prettiest and cleanest-sparred vessels that ever entered this harbor, each mast and yard as bright and neat as a finely turned piece of wood-carving.

This marine beauty was built in 1879 at Bath, Me., the birthplace of so many splendid Yankee ships. The vessel is 210 feet long, 41 feet beam, and 17.1 feet in depth and registers 1649.56 tons net.

The schooner John G. North, Captain Carlson, arrived yesterday afternoon, twenty-one days from Honolulu. She sprung a leak on May 13, and for the remainder of the voyage her hands were kept at the pumps, the schooner making thirty inches an hour.

Two hundred bags of sugar were thrown overboard to keep the vessel from sinking, and only the superhuman effort of the crew kept her above water.

The British ship Sardomee, Captain Browning, arrived yesterday, 134 days from Calcutta, with a cargo of jute and gunnies.

ATTORNEYS AND WITNESSES GET TANGLED UP IN THE WORTHINGTON CASE.

As the second trial of Mrs. Louise A. Worthington for the shooting of Henry Baddeley draws near a close much bitterness is exhibited by parties for the defense and prosecution. So far it is conceded the prosecution has not succeeded in getting very much evidence of a damaging character to the defendant before the jury.

The prosecution has also been aided throughout this and previous trials by the Baddeley family, members of which have attended court daily. They have given every evidence that might tend to injure the defense. Owing to these causes there were two encounters in court yesterday that almost passed into open violence.

James Baddeley, a brother of the deceased, was under cross-examination by Attorney Haskell for the purpose of testifying that his brother had frequently visited Mrs. Worthington on his way to and from work and had just terminated when Haskell recalled him to a single question.

"Is it not a fact," said the attorney, "that Henry Baddeley visited Mrs. Worthington's house simply to see Annie Kelly, with whom he had illicit relations? And is it not a fact that he often used to bring a woman for the money he could get out of her? And is it not a fact that this practice of getting money in this way is a common one in your family?"

The attorney had worked himself up into a state of intense earnestness as he asked these questions. Hardly were they uttered when the witness sprang out of his chair toward him, his face suffused with rage. He was about to start up and grab him when he was stopped by the judge.

"Don't you dare to insult my family!" he exclaimed. "You had better be careful!"

The excited lady, who proved to be Mrs. Baddeley, the witness' sister, was restrained by her father. The court intervened and characterized the proceedings as disgraceful. Mr. Baddeley made an apology and peace was restored for a short time.

In the recess hour, however, the attorneys in the case almost came to blows. They were in such an inflammable state that it seemed only a spark to kindle a blaze. The special spark this time was the jealousy of Mrs. Worthington, which has disappeared in the long-dragging proceedings.

Assistant Prosecuting Attorney Peixoto remarked with semi-jocular sarcasm that he supposed Judge Ferral, attorney for Mrs. Worthington at the first trial, had gotten away with it.

It was not long before he was made to remark that Judge Ferral were present and shouted Attorney Haskell, Peixoto made no direct reply.

Later the two attorneys met in the corridor and again he denounced Peixoto for his attack on Judge Ferral. The two lawyers were breathing fire, and from generalities got down to personalities, until at last Peixoto gave his opponent the best of the argument. He had blood shed had not the usual friends separated the would-be belligerents.

All these evidences of feeling did not hinder the court from hearing some testimony in extension of the first trial that Mrs. Worthington had acknowledged a certain letter taken from Henry Baddeley's person after he was shot as hers. On this ground, after a spirited legal battle by the attorneys, the letter was admitted and read to the jury. It merely asked Baddeley to come and see the writer, who signed herself "Louise" and asked him to return the "check" for her ring and watch.

Dr. W. H. Mayo, who was called as an expert on insanity occupied the rest of the afternoon. It was largely in contravention of the insanity theory.

VETERAN FIREMEN. Making Ready for the Annual Outing at Shell Mound.

The Veteran Volunteer Firemen held their regular monthly meeting at Pioneer Hall last evening. The attendance was good and great enthusiasm was manifested regarding the financial condition of the association, which shows that several thousand dollars is in the bank and \$400 on hand.

TABLEAUX FOR CHARITY. Graceful Posing Done by Young Society Ladies Last Evening.

A FASHIONABLE GATHERING. The Girls' Exchange Reaps a Rich Harvest and Gives a Rare Treat.

If the Maple room at the Palace Hotel were twice the size it is it could not have held all the crowd that assembled to see the tableaux given for the benefit of the Girls' Exchange last night. It was a very fashionable audience that helped to start the new charity of the California Club, which must have netted a good round sum altogether.

The tableaux were prettily carried out and the musical numbers all well rendered.

After each tableau there was a song while the next was being prepared, and so there were no waits. The posing was all done perfectly and there was not an awkward figure in a single number. The Misses Withrow and Mrs. Edgerton, who had the management of the affair in hand, can congratulate themselves on a brilliant success.

The programme opened with Marchetti's "Ave Maria," sung by several voices behind the side curtain, and at its close the first tableau, "The Spring," was shown with the Misses Maria L. Woods, Bancroft, Stubbs and Gonzales in graceful pose. The rest of the programme was as follows: "Thomas' Summer Night," Miss Buneman; "Summer Night," Misses J. Gibbons, Marsh and Hilda Castle; "Garden of Eden," Miss Blume; "Miss Whittemore's Autumn," the Misses Baldwin, Hilda Castle, Morgan, Goodwin; "Winter," the Misses Moody, Eva Moody, Goodwin, J. DID NOT FILE A NOTICE. Tearing Up Fillmore Street by the Railroad Company Stopped.

The Railroad - Avenue Franchise Laid Over by the Street Committee.

All the members of the Supervisors' Street Committee were present at the meeting of that body yesterday.

Before the regular business of the session was taken up Street Inspector Elder notified the committee that the Market-street Railroad Company had begun tearing up Fillmore street, between Turk and Golden Gate avenue, preparatory to laying electric wires, without giving the required forty-eight hours' notice of intention.

An explanation was demanded of the Street Department as to why this infraction of the law was allowed, and the reply was returned that the work was being done under the Church-street franchise, and that a notice had been filed.

There appeared to be a technicality about the matter, however, because the franchise could be heard from a different head. Work was ordered stopped until the law had been properly complied with.

This being disposed of, petitions, presented by the street committee, were taken up. Favorable reports were decided upon in the following cases:

Petition of Mrs. Jane L. Stanford to exhibit some stock on Van Ness avenue on May 23; petition of Benjamin J. Deane to widen the width of sidewalks on Army street, between Valencia and Mission; petition of property-owners on the corner of the intersection of walks on Eighteenth street, between Castro and Douglas, from fifteen to twelve feet; petition of the San Francisco Board of Public Works to pave De Boom street, from Second to its northerly termination; petition of A. J. Deane to have the street widened from Valencia to California; petition of L. M. Welch for a sixty days' extension of time on his contract to construct a sewer in California street, between Walnut and Central avenues.

Dr. Levingston's Answer to the Accusations of the Civic Federation.

He Says the Morgue Was Not in Bad Condition During His Term.

Dr. Marc Levingston has formulated his answer to the accusations made against him by the Civic Federation. The answer was sent to Governor Budd last night.

The charges made by the Civic Federation are specifically denied by Dr. Levingston. He says that Specht and Simmons were not "Buckley lams," and that Buckley had no special influence with his administration.

There were frequent changes in the location of the Morgue and adds: Pursuing the usual custom I removed the Morgue to a position convenient to Malady's undertaking parlors, Mr. Malady being my regular undertaker. There was any crime in this I must plead guilty.

Dr. Levingston incloses a letter from H. D. Knight, in which Mr. Knight denies having made any accusations against Dr. Levingston, and repudiates the alleged interview quoted by the Civic Federation.

Dr. Levingston denies the assertion that Undertaker Malady used money unlawfully to secure his nomination or election. He admits that he went to Sacramento and endeavored to get a law passed allowing \$20 for each autopsy, but says he was only absent a few days. He believes that Mr. Newburgh's assertion that he signed death certificates during his absence was complied with. He has no recollection in regard to the case of Patrick Dunnigan; he says that Deputy Specht was tried on a charge of perjury, and acquitted. He says he had no conversation with Lottie Hunsinger, and she compelled her millionaire companion to attend the inquest.

In regard to charges made by undertakers, Dr. Levingston says these reports were given by Mr. McAvoy to Gavin McNab under pledge of secrecy, and that McAvoy says he had no conversation with McNab. He defends himself for having demanded \$1000 for embalming the body of a millionaire, saying that such a charge is not unusual.

ROBBED HIS BETROTHED. A. Franquelin Steals From Two Orphan Sisters and Decamps.

Forgery Brought to Light Which Will Be Investigated by the Grand Jury.

An unexpected revelation of forgery came to light in Justice Groezinger's court yesterday morning.

It was found that the names of Anna A. Sigurd and Emma Gruber had been signed to a note for J. G. Keeling for \$119.73, it is alleged, by A. Franquelin. The first intimation of this was obtained by the young ladies in court.

Mr. Keeling was suing them for the sum in question, alleging that it was due him for completing a building he had erected for them. The young ladies claimed they gave the money to Franquelin to pay Keeling.

At this juncture Keeling produced Franquelin's note. The young ladies protested that they never saw the note, and a comparison of the handwriting on the note with signatures made for the Judge by the sisters showed that a forgery had been committed.

The case is one of peculiarly trying circumstances. The girls are orphans, their mother having died in 1891, leaving them two lots on Broderick street worth \$10,000. Franquelin, who became engaged to one of the sisters, was to build on the lot and was given the management of their affairs. As a result the girls have been forced to sell their entire property and Franquelin has fled the State.

Justice Groezinger expressed great sympathy for them. He said that he was satisfied that they had been robbed by Franquelin, and that Franquelin had forged the signatures of the sisters. He said that Keeling's bill had never been paid and that they would have to settle it.
