

ALLISON HIS CHOICE.

General Clarkson Favors the Distinguished Senator.

PROPER MAN TO SELECT.

Few Statesmen Have as Fine a Record in National Politics.

EAST AND WEST IN ACCORD.

And, Best of All, the Republican Convention Should Be Held in This City.

NEW YORK, N. Y., June 4.—General J. S. Clarkson, Republican National committee man from Iowa, in an interview on the political situation has pronounced in favor of Senator Allison. He said: "An intelligent observation of the political situation convinces many Republicans that Senator Allison will be nominated at the next Republican convention. I myself am convinced that he will be the best candidate of the Republicans, and, moreover, that he will surely be elected. I have nothing to say against the claims of other Republicans, but in my travels I have found the very strongest undercurrent running for Allison. I find this sentiment just as strong in the East as in the West."

Senator Allison is sound on all commercial and financial questions. Under him the tariff would be revised, not on high protection lines, but on lines that would carry out the great doctrine of protection. There would be no upheaval of tariff, but it would be satisfactorily adjusted and the mistakes of the present administration would be remedied. International bimetalism would also be established under Senator Allison. He would not appoint any half and half commission to go abroad on this great question as did President Harrison. International bimetalism cannot be accomplished by the appointment of any such kind of a commission. Senator Allison would appoint a commission composed entirely of international bimetalists, whose hearts and souls would be in the cause, and when the foreign nations became convinced that such a commission had come to talk to them the mission would be quickly successful. Senator Allison's commission on this subject would mean business, and there would be no useless speeches or tiresome and unsuccessful debates.

CARTER WILL NOT RETIRE.

Proposes to Hold the Chairmanship of Republican National Committee.

WASHINGTON, D. C., June 4.—The appearance of Senator Carter in the East has led to some talk, principally in New York, about making a change in the chairmanship of the Republican National Committee. Mr. Carter is an outspoken advocate of free coinage and declares that his party should, and he believes will, give to silver very substantial indorsement in its next National platform, and this has aroused the extreme or sound money Republicans in the Empire State, who are of the opinion that Mr. Carter in this is thoroughly unrepresentative of his party and should at once surrender the chairmanship. They would even go the extent of deposing him in case of a formal refusal on his part to step down and out.

HELD IN CHECK BY BRICE.

Democrats Are Kicking Over the Tracks in Ohio.

COLUMBUS, OHIO, June 4.—The following was issued from the rooms of the Democratic State Committee to-day: "To the Democrats of Ohio—From the vast number of letters received by this committee from all parts of the State urging the calling of the Democratic convention, the belief seems to prevail with a large number that this committee has the authority to name the time and place for the holding of the State convention. This, however, is not the case. The authority to issue a call for the assembling of the convention rests in the State Central Committee, and the calling of that committee together for the purpose of naming the date and place rests with the chairman of the State Central Committee, W. A. Smalley of Upper Sandusky."

QUENCHED BY THE RAIN.

Forest Fires of Pennsylvania Are Now Under Control.

BRADFORD, Pa., June 4.—A downpour of rain this afternoon quenched the fires in the vicinity, and everything is quiet to-night. Knapps Creek, the town that was threatened with destruction last night, escaped with a loss of three dwellings, 150 oil rigs and two tanks of oil. Between Dukes Center and Knapps Creek 200 rigs were destroyed, together with a large amount of timber. The oil fire at West Branch, two miles from here, was extinguished by the rain, and all fires in that direction are under control to-night. The total loss is estimated at \$1,000,000.

WHEELING, W. VA., June 4.—Five hundred striking miners from Dillonville attacked the non-union men of Gaylor Company's works, which resumed work this morning, and beat twenty of them terribly. One man will die.

late Republican convention at Zanesville. Democrats must be on their guard or the convention will be controlled in the same way. Judging from the information received by the officers of the executive committee we are also led to believe that at least four-fifths of the Democratic party in Ohio are in favor of the adopting of the plan of last year advocating the free coinage of gold and silver at the ratio of 16 to 1, and we further believe that they are permitted to meet in convention and so express themselves if this is their will, free from any interference by the leaders on either side of this question. After the Democracy in convention assembled has spoken all must abide by the result. Mr. Brice knows what this result will be if the Democrats of the State are permitted to freely assemble and every way express their own views, and therefore he will continue to do all in his power to prevent the convention from being held until he is ready. ALLEN W. THURMAN, Chairman State Executive Committee. WILLIAM A. TAYLOR, Secretary.

REPUBLICANS OF KENTUCKY.

For the First Time in Years Their Prospects Are Bright.

LOUISVILLE, Ky., June 4.—The Republican State Convention meets here at 10 A. M. to-morrow. During the present generation the Republicans have been in such a minority in this State that their conventions have attracted little attention. Last November the vote by Congressional districts showed a decisive Republican majority in the State, and if there had been a Republican ticket in the field then it would have been elected. The Republicans feel that the same conditions exist in this State and they are now convening as the majority party for the first time since the Civil War.

RALLY OF SILVER MEN.

There Will Be Many Delegates at the Memphis Convention.

MEMPHIS, TENN., June 4.—It is estimated that at least 1500 delegates have already been appointed to attend the silver convention which will meet here June 12, and that township mass meetings in large numbers are being held daily for the election of delegates. With this outpouring of the advocates of the free coinage of silver, the gathering is expected to eclipse the recent sound money demonstration in this city in point of numbers. Telegrams were sent to-night to the chairman of the Democratic Convention at Springfield, Ill., and the Republican State Convention at Louisville, Ky., inviting them to appoint delegates to the convention.

ILLINOIS DEMOCRATS.

They Meet to Adopt a Policy on the Money Question.

SPRINGFIELD, ILL., June 4.—The Democratic State Convention, called by the State Central Committee to adopt a policy for the party in Illinois upon the money question, will convene at noon to-morrow. There is every indication to-night that every county in the State will be represented by its full quota of delegates. The sentiment among the delegates in favor of free silver seems to be so nearly unanimous that there is little prospect of even a show of fighting. The movement in the direction of a National money convention seems to be gaining force every hour. Judge Goodrich of Chicago is one of the few "sound money" Democrats who are delegates to the convention. He will oppose the scheme to call a National convention. The sudden appearance to-day of Herman E. Taubeneck, who is remembered as one of the F. A. D. A. members in the famous Senatorial fight of 1891, caused much comment. He said he had no interest in the convention except as a spectator, adding, however, that "certain managers of the Democratic party are now trying to steal the platform." Taubeneck has no objection to this, in fact he is doing all he can to encourage the agitation, for he feels sure it will in time disrupt the party.

FORGED EVIDENCE OF TITLE.

An Interesting Case Before the Court of Private Land Claims.

SANTE FE, N. MEX., June 4.—The Court of Private Land Claims to-day ordered the celebrated grant for 12,750,000 acres of land to trial. Attorney Reynolds' opening statement challenged every document and record of the plaintiffs as forged, manufactured and surreptitiously inserted in the various archives of Spain and Mexico. The government attorneys claim that in 1804 a certain wife went to Spain, and Reavis was discovered in the act of attempting to leave among the files forged evidence of title. Proceedings were taken in the Spanish courts, the records found to be forgeries and Reavis was adjudged guilty thereof. His arrest was ordered, and having made his escape, because of the very formal and slow methods of procedure by the Spanish officials, he was in consequence declared by the court to be a fugitive from justice. The government claims to have conclusive evidence of Mrs. Reavis' identity as the daughter of John A. Treadway, her mother being an Indian squaw, called Kate, and that she was born in Mendocino County, California.

WARDEN CHASE REMOVED.

J. Bruce Lynch to Take Charge of the Kansas Penitentiary.

TOPEKA, KANS., June 4.—There seems to be no truth in a story sent out from Leavenworth to the effect that trouble is imminent at the penitentiary. Governor Morrill formally removed Warden Chase to-night, but he is appointed to no one to succeed him. J. Bruce Lynch, who will be appointed to-morrow, has gone, not to Leavenworth, but to his home in Chanute. Neither has Attorney-General Dawes gone to Leavenworth. A special dispatch to the Capital from Leavenworth says that the general sentiment is that when a demand is made upon Chase for possession he will give up without precipitating trouble.

SEVEN SWIFT AWAY.

Four Persons Drowned While Crossing a Swollen Stream.

DENVER, Colo., June 4.—A special to the News from Douglas, Wyo., says: A party of seven persons was swept away while crossing a swollen stream near here to-day, four of them being drowned. Bert and his wife, from the city, were together with his wife and two children, Mrs. Powell and baby, and a Mrs. Pette. The wagon overturned in La Pette Creek, all the occupants being thrown into the water. Mrs. Elder and her baby and Mrs. Powell and her baby were carried away and drowned. The bodies have not yet been recovered.

DEATH OF AN ARTIST.

SARATOGA, N. Y., June 4.—Samuel Washington Fuller, aged 79, a noted artist and portrait-painter, is dead.

FROM THE LIFE-RAFT.

Four Survivors of the Colima Safe at Acapulco.

TO BE SENT UP HERE.

There Is a Search for Others Who Are Thought to Yet Live.

OPINIONS AS TO OVERLOADING.

Thorough Investigation as to the Cause of the Disaster to Be Made.

MAZATLAN, MEX., June 4.—The latest advices from Acapulco state that the steamer Barracouta arrived there with four Colima survivors, consisting of Passenger J. E. Chibberg and three of the crew, Peters, Johnston and Gonzalez. These are the survivors of the life-raft seen leaving the wreck by Hansen.

The Barracouta took these aboard at Manzanillo and brought them to Acapulco. They will depart thence by the steamer Colon for San Francisco. There is no news yet from those the steamer Mazatlan tried to rescue. Reports state they were further down the coast than at first supposed and will come overland, arriving probably in the next few days. Their names will be wired as soon as obtainable.

SANTA BARBARA, CAL., June 4.—There is little doubt that Charles Schultz, one of the passengers on the ill-fated Colima, was a young man for many years a resident of this city, where he was employed in Francis H. Knight's furniture store. Mr. Schultz was a steady and industrious young man of 29 years, and by thrifty habits had contrived to save several thousand dollars, which he intended to invest in a coffee plantation in Guatemala, several letters having passed between him and the United States Minister there on the subject. He left here immediately after the flower festival in April for the purpose of making preparations to go to Central America. His parents reside in Wisconsin.

INVESTIGATION TO BE HELD.

United States Inspectors Will Inquire Into the Causes of the Disaster.

There is little to be gleaned about town in the way of news relative to the Colima disaster, and the full story of this wreck will not be known before the arrival of the Santa Juan, due at this port on Thursday night. The uptown offices of the Pacific Mail Steamship Company are daily visited by many anxious people in quest of the latest news from the scene of the accident, but the officials have nothing to impart. "We can hope for nothing definite," said Agent Avery, "until the San Juan gets in. At that time we shall have the full details, and I am sure that some of the rumors that have been flying around will be set at rest."

DEATH OF AN ARTIST.

SARATOGA, N. Y., June 4.—Samuel Washington Fuller, aged 79, a noted artist and portrait-painter, is dead.

TURKEY'S DEFIANT.

Refuses to Yield to the Demands of the Powers.

REFORMS IN ARMENIA.

Great Britain, France and Russia May Force the Sultan to Comply.

ONE SQUADRON IS ALL READY.

The Willy Turk, However, Thinks Germany Will Stand by Him.

CONSTANTINOPLE, TURKEY, June 4.—The reply of the Turkish Government to the notes of the representatives of Great Britain, France and Russia regarding proposed reforms in Armenia has been delivered to envoys. The Porte's answer is not satisfactory. The Turkish Government does not agree to the principle of control of proposed reforms by the powers. After receiving the reply envoys of the three powers held a meeting, at which they decided to refer the whole matter to their respective Governments.

The situation is serious, as last week the British Embassy informed the Porte that Great Britain had decided not to accept any modifications of the propositions affecting reforms in Armenia, and representatives of other powers have made the same declaration to the Porte. The reply of the Turkish Government causes surprise. It is thought such an answer would not have been given without encouragement from some European power. But the presence of the British Mediterranean squadron, consisting of seventeen ships, at Beyrout, points to an agreement between Great Britain, France and Russia to force Turkey to comply with the demands of the powers.

Consequently interesting news may shortly be flashed from Beyrout, Syria, where it is believed the British fleet will be called upon to support the demands of the three powers. The measures which Great Britain, France and Russia insist upon as preliminary to reform include the appointment of a high commissioner from Armenia, general amnesty and release of all political prisoners, the revision of certain judgments and the appointment of a commission to sit at Constantinople charged with the application of the reforms and working in concert with the high commissioner.

It is also demanded by the powers that the Governor and Vice-Governors of Van, Ezeroum, Sivas, Bitlis, Khartoum and Trebizonde be Christian or Mussulman, according to how the population of the places is inclined. In any case, however, either the Governor or Vice-Governor of the places named is to be Christian, and the appointment of those officials is to be approved by the powers.

Taxes are to be collected by local and not by State officials and enough is to be retained before the money is forwarded to Constantinople to provide for the cost of local government, and under the present system all tax money is first sent to Constantinople and but little of it returns to Armenia.

The powers also propose to compel the Porte to make radical changes in the judicial system in order to insure fair trials, the surveillance of prisons and the abolition of torture, and the police is to be composed of Turks and Christians equally. Finally, the Turkish Government is to be compelled to strictly enforce the laws against compulsory conversion to Islamism.

As already cabled by the Associated Press, when the Sultan read the note of the representative powers outlining the proposed reforms, he was not unfavorably impressed. He had several conferences with the foreign Embassadors, and the Austrian Ambassador urged him to accede in the demands of the powers. But it was added at the time that the Sultan appeared to be counting upon the moral support of Emperor William of Germany, to whom he is known to have sent an autograph letter on the subject.

SCHNAUBELT'S HARD LUCK.

Once More the Fleeing Chicago Anarchist Is Robbed in Mexico.

BESIDES LOSING ALL HIS POSSESSIONS HE IS SERIOUSLY WOUNDED BY THE ROBBERS. CITY OF MEXICO, MEX., June 4.—Information was recently received here that an American had been found dangerously wounded at Hialejo, in the province of Santa Barbara. The man's head had been battered in, and he had received three knife thrusts. The wounds were not necessarily fatal, except from exposure. The patrol found the man stripped naked, having been robbed. An investigation by the CAL correspondents resulted in the discovery that the unlucky man is traveling under the name of Rindskopf, but that he is none other than Schnaubelt, the notorious Chicago anarchist.

Colombia's Latest Revolt.

COLON, COLOMBIA, June 4.—A new uprising against the Government of Colombia has been discovered at Branquilla, in the Department of Boliva, capital of the province of its own name. Martial law has been declared in the Department of Boliva.

The Republic Collapsed.

HONGKONG, CHINA, June 6.—The republic proclaimed a few days ago in Formosa has collapsed, and President Tang has escaped. The Chinese forces in North Formosa are disorganizing at the approach of the Japanese.

LONDON, ENG., June 4.—It is reported that Oscar Wilde has become insane and is confined in a padded room.

PURSUIT OF REBELS.

Spanish Troops Are Yet After the Cuban Insurgents.

GENERAL CAMPOS' WORK.

Eight More Regiments to Be Brought Over to Crush the Cubans.

SOLDIERS LOTH TO FIGHT.

Cruelties Inflicted by Officers to Compel Them to Face the Natives.

HAVANA, CUBA, June 4.—Bands of insurgents from the province of Puerto Principe have invaded the province of Santa Clara. General Huque is concentrating his troops at Santo Espiritu, north of Trinidad, in the province of Santa Clara. Colonel Rizo, in conjunction with Major Arminiano, who has been in pursuit of insurgents, had an engagement with the rebels at Limonar. The insurgents lost two dead and ten saddled horses on the field. Captain-General Martinez de Campos has arrived at Santo Espiritu, where he met with an enthusiastic reception. The insurgent band commanded by Maceo has burned the village of Seville, near the mines of Joraguaya, Santiago de Cuba.

NEW YORK, N. Y., June 4.—A special to the World from Havana says: The World correspondent is able to assert positively that the report circulated by the Spanish that General Maximo Gomez, the Cuban insurgent commander, was killed at the battle of Boca de Dos Rios is untrue. General Gomez is not dead. General Martinez Campos has asked the Government at Madrid for eight more regiments of regulars. Telegrams received from Santiago represent that the revolution is growing more and more serious in that department. Santiago city has been without meat three days. A herd of cattle was brought into Santiago guarded by a force. The troops were attacked by insurgents and routed last night. According to the official dispatch the troops lost two men killed and four wounded, while the rebels lost two killed and five wounded.

It is common knowledge here that the soldiers of the Government do not want to fight, and that the commissioned officers inflict terrible cruelties on them during battles to make them fight. It is rumored that Jose Mari Aguirre, a prisoner on the same charge, will be released. Nothing has been made public of their trial.

SENTECED TO BE SHOT.

Captain Clavigo Will Die for Wounding His Superior.

MADRID, SPAIN, June 4.—General Primate de Rivera, captain-general of Madrid, who was shot yesterday by Captain Clavigo, is better. The trial of Clavigo by court-martial began to-day. In his defense Clavigo stated that he was driven to commit the deed by the persecution to which he had been subjected by General de Rivera. He declared the general acted on the influence of a demi-monde, who had a grudge against him. The general, he further stated, had ordered his pay to be withheld, with the result that he became obliged repeatedly to call upon the generosity of his friends. The court pronounced the prisoner guilty and sentenced him to be shot at 5 o'clock to-morrow morning.

CAUSES UNEASINESS.

Again the Legislature of Newfoundland Is Adjourned.

ST. JOHNS, N. F., June 4.—Another adjournment of the Legislature to-day occasions uneasiness among the public, especially as the newspapers publish press clippings tending to show that certain legal points require to be proven before the loan negotiations can be concluded. The Legislature may not proceed to business until after Colonial Secretary Bond's return from England. It is not until the end of June. If no retrenchment proposals will be introduced, as it is essential that all the regrading of salaries and reducing of grants shall begin before the next quarter.

Transfer of Formosa.

SHANGHAI, CHINA, June 4.—Lord Li Ching Fang, son of the Viceroy, Li Hung Chang, and John W. Foster, who had been to the Island of Formosa for the purpose of formally transferring it to Japan according to the terms of the treaty, have returned. Foster, in an interview, said the Admiral Viscount Kaibayeta, formerly chief of the Japanese Navy Department, had been appointed Governor of Formosa. The formal transfer was effected on June 2. Foster will return to the United States on the first steamer.

KENRICK NOT REMOVED.

Misunderstanding of the Cable Instructions From Rome.

Merely a Decree Increasing the Powers of the Archbishop's Coadjutor.

ROME, ITALY, June 4.—It is stated at the Vatican that the brief cable from St. Louis announcing the Pope's deposition of Archbishop Kenrick and the nomination of Archbishop Kain is due to an unfortunate misapprehension of the cable from Rome which summarized the action taken by the congregation of the Propaganda. A written decree was mailed to the United States several days ago. It does not depose Archbishop Kenrick from his present title or position, nor does it appoint Archbishop Kain as his successor. Such action could have been taken only through a Papal bull. The present action is a decree of the congregation made for the purpose of assisting in the management and administration of the church property of the archdiocese. Had the Archbishop been re-elected he would have been given a new title as Archbishop of a suppressed diocese in the far East in order that his change would entail no sacrifice to his dignity or station. But the decree makes no change in his title and leaves him in possession of his present title as Archbishop of St. Louis. It defines exactly and clearly the position of Archbishop Kain as coadjutor, making more definite the powers that were conferred upon him a year ago. It does not, however, make him successor to Archbishop Kenrick, but gives him such strong powers as coadjutor that he may be able to carry on his laborious work of managing church property and affairs as though he were Archbishop in name or fact. It is regretted that the few words sent by cable summarizing the full decree should have been misconstructed.

DEMANDS A FAIR TRIAL.

General Cebazas' Conduct While Governor of Unsettled.

MANAGUA, NICARAGUA, June 4.—General Cebazas has arrived here from Greytown and has made application to the proper authorities for a public hearing of and investigation into the charges which have been brought against his administration of the Mosquito Territory during the past sixteen months. In brief, the charges against General Cebazas are that as Governor of the Mosquito Territory he misused a large sum of money, estimated at 100,000 soles of the Government funds. It is understood that the charges will be pressed by a representative of the customs department at Bluefields, and that the general will be accorded the public trial which he desires. General Duarte is now Governor of the Mosquito Territory.

Salted Heads of Rebels.

TANGIER, MOROCCO, June 4.—Four cartloads of salted heads of rebel Rahama tribesmen have arrived at Rabat on their way to Fez; but, on arrival at Rabat, the heads were found to be in such bad condition that the Government officials compelled a number of Jews to resal them.
